

UNITED STATES  
SECURITIES AND EXCHANGE COMMISSION  
Washington, D.C. 20549  
FORM 10-K

ANNUAL REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934  
For the fiscal year ended December 31, 2008

OR

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934  
For the transition period from \_\_\_\_\_ to \_\_\_\_\_.

Commission File Number 1-475

**A. O. Smith Corporation**

(Exact of registrant as a specified in its charter)

**Delaware**  
(State of Incorporation)

**39-0619790**  
(I.R.S. Employer Identification No.)

11270 West Park Place, Milwaukee, Wisconsin  
(Address of Principal Executive Office)

53224-9508  
(Zip Code)

(414) 359-4000

Registrant's telephone number, including area code

Securities registered pursuant to Section 12(b) of the Act:

<u>Title of Each Class</u>	<u>Shares of Stock Outstanding January 30, 2009</u>	<u>Name of Each Exchange on Which Registered</u>
Class A Common Stock (par value \$5.00 per share)	8,239,267	Not listed
Common Stock (par value \$1.00 per share)	21,950,945	New York Stock Exchange

Securities registered pursuant to Section 12(g) of the Act: None.

Indicate by check mark if the registrant is a well-known seasoned issuer, as defined in Rule 405 of the Securities Act.

Yes  No

Indicate by check mark if the registrant is not required to file reports pursuant to Section 13 or Section 15(d) of the Act.

Yes  No

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days.

Yes  No.

Indicate by check mark if disclosure of delinquent filers pursuant to Item 405 of Regulation S-K (§229.405 of this chapter) is not contained herein, and will not be contained, to the best of registrant's knowledge, in definitive proxy or information statements incorporated by reference in Part III of this Form 10-K or any amendment to this Form 10-K.

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, or a non-accelerated filer. See definition of "accelerated filer and large accelerated filer" in Rule 12b-2 of the Exchange Act. (Check one):

Large accelerated filer  Accelerated filer  Non-accelerated filer

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Act.)  Yes  No

The aggregate market value of voting stock held by non-affiliates of the registrant was \$5,859,104 for Class A Common Stock and \$651,026,221 for Common Stock as of June 29, 2008.

**DOCUMENTS INCORPORATED BY REFERENCE**

- Portions of the company's definitive Proxy Statement for the 2009 Annual Meeting of Stockholders (to be filed with the Securities and Exchange Commission under Regulation 14A within 120 days after the end of the registrant's fiscal year and, upon such filing, to be incorporated by reference in Part III).

[Table of Contents](#)**PART 1****ITEM 1 - BUSINESS**

We are a leading manufacturer of water heating equipment and electric motors, serving a diverse mix of residential, commercial and industrial end markets principally in the United States with a growing international presence. Our company is comprised of two reporting segments: Water Products and Electrical Products. Our Water Products business manufactures and markets a comprehensive line of residential gas and electric water heaters, standard and specialty commercial water heating equipment, high-efficiency copper-tube boilers, and water systems tanks. Our Electrical Products business manufactures and markets a comprehensive line of hermetic motors, fractional horsepower alternating current (AC) and direct current (DC) motors. In 2008, we had net sales of approximately \$2.3 billion, with 63 percent attributable to our Water Products business and 37 percent attributable to our Electrical Products business.

The following table summarizes our sales by reporting segment. This segment summary and all other information presented in this section should be read in conjunction with the Consolidated Financial Statements and Notes to Consolidated Financial Statements, which appear in Item 8 in this document.

	<b>Years Ended December 31 (dollars in millions)</b>				
	<b>2008</b>	<b>2007</b>	<b>2006</b>	<b>2005</b>	<b>2004</b>
<b>Water Products</b>	\$1,451.3	\$1,423.1	\$1,260.8	\$ 833.3	\$ 792.4
<b>Electrical Products</b>	858.1	894.0	905.9	861.0	860.7
<b>Inter-segment sales</b>	(4.5)	(5.0)	(5.4)	(5.1)	-
<b>Total Sales</b>	<u>\$2,304.9</u>	<u>\$2,312.1</u>	<u>\$2,161.3</u>	<u>\$1,689.2</u>	<u>\$1,653.1</u>

**WATER PRODUCTS**

In our Water Products business, sales increased 2 percent or \$28 million in 2008 over the prior year. A 27 percent increase in sales of water heaters in China and increased pricing that partially covered higher raw material costs helped offset significantly lower residential volumes.

We serve residential, commercial and industrial end markets with a broad range of products, including:

*Residential gas and electric water heaters.* Our residential water heaters come in sizes ranging from two-gallon (point-of-use) models to 120-gallon appliances with varying efficiency ranges. We offer electric, natural gas and liquid propane models as well as solar booster tanks and gas tankless units for today's energy efficient homes. North American residential water heater sales in 2008 were approximately \$945 million or 65 percent of segment revenues.

*Commercial (standard and specialty) water heaters.* Our gas, oil and electric water heaters come in capacities ranging from 6 gallons to 600 gallons and are used by customers who require a consistent, economical source of hot water. Typical applications include restaurants, hotels and motels, laundries, car washes and small businesses.

A significant portion of our Water Products business is derived from the replacement of existing product, and it is believed that the sale of product to the North American residential new housing construction market represents approximately 15 percent of the segment's total residential water heater sales. Our Water Products business also manufactures copper-tube boilers and expansion tanks and related products and parts.

We are the largest manufacturer and marketer of water heaters in North America, and we have a leading share in both the residential and commercial segments of the market. In the commercial market segment, we believe our comprehensive product line, as well as our high-efficiency products, give us a competitive advantage in this higher-margin segment of the water heating industry. As the leader in the residential water heating market segment, we offer an extensive line of high-efficiency gas and electric models.

Our Water Products wholesale distribution channel includes more than 1,100 independent wholesale plumbing distributors with more than 4,600 selling locations serving residential, commercial and industrial markets. We also sell our residential

## [Table of Contents](#)

water heaters through the retail channel. In this channel, our customers include five of the seven largest national hardware and home center chains, including long-standing private label relationships with both Lowes and Sears, Roebuck and Co.

We entered the Chinese water heater market through a joint venture in 1995, buying out our partner three years later. Since that time, we have been aggressively expanding our presence while building brand recognition in the Chinese residential and commercial markets. In 2008, the company generated sales of \$187 million in China, an increase of 27 percent, compared with 2007. We believe we are one of the top two suppliers of water heaters to the residential market in China.

In 2008, we entered the India market by importing units specifically designed for India from our Nanjing, China facility. We established a sales office and started the land acquisition process for a manufacturing plant near Bangalore, India. We expect to begin manufacturing water heaters in India in the second quarter of 2010.

We sell our water heating products in highly competitive markets. We compete in each of our targeted market segments based on product design, quality of products and services, performance and price. Our principal domestic water heating competitors include Rheem Manufacturing Company, Inc., Bradford-White Corporation and Lochinvar Corporation. Our primary competitor in China is Haier Appliances, a Chinese company, but we also compete with Ariston, Siemens and Midea in the electric water heater market and Rinnai and Noritz in the gas instantaneous water heater market. Additionally, we compete with numerous other Chinese private and state-owned water heater and boiler manufacturing companies.

### **ELECTRICAL PRODUCTS**

In our Electrical Products business, volume declines more than offset higher prices related to higher raw material costs. Sales in the segment declined four percent in 2008, or approximately \$36 million, to \$858 million compared with 2007. Unit volume sales were negatively impacted by the weak housing market and customer inventory reductions at the end of the year.

We are one of the four largest manufacturers of electric motors in North America. We offer a comprehensive line of hermetic motors, fractional horsepower AC and DC motors, and integral horsepower motors, ranging in size from sub-fractional C – frame ventilation motors up to 1,320 horsepower hermetic and 400 horsepower integral motors. We believe our extensive product offerings give us an advantage in our targeted markets, allowing us to serve a wide range of our customer's electric motor needs.

Our motors are used in a wide range of targeted residential and commercial applications, including: hermetic motors that are sold worldwide to manufacturers of air conditioning and commercial refrigeration compressors; fractional horsepower fan motors used in furnaces, air conditioners and blowers; fractional horsepower motors for pumps for home water systems, swimming pools, hot tubs and spas; fractional horsepower motors used in other consumer products (such as garage door openers); and integral horsepower AC and DC motors for industrial and commercial applications. Sales to the North American Original Equipment Manufacturers (OEM) heating, ventilating, air conditioning and refrigeration market account for approximately 33 percent of segment sales. Approximately 80 percent of our 2008 segment sales were to OEMs in a diverse mix of industries, with the remainder of sales sold through aftermarket or distribution channels. We believe that at least 25 percent of our total segment sales were attributable to products used outside of the United States. A significant portion of our Electrical Products business is derived from the replacement of existing product, and it is believed that the sale of product to the residential new housing construction market in North America represents approximately 25 percent of the segment's total sales.

To remain a leader in this highly competitive industry, we are committed to being a low-cost supplier of electric motors. Since 2001, we have undertaken initiatives to accelerate cost-reduction in our motor operations to enhance our competitive position. These initiatives included the closure of nine U.S. facilities as well as our operations in Budapest, Hungary; Bray, Ireland; and Taizhou, China, transferring the majority of related production to our lower cost operations in Mexico and China.

At the end of the third quarter of 2007, we announced that we would close our operations in Scottsville, KY, and Mebane, NC, and consolidate our hermetic motor assembly operations in Acuna, Mexico and Suzhou, China. We transferred the work at both hermetic motor facilities in the fourth quarter of 2008. In addition we also announced the closing of our motor manufacturing facility in Budapest, Hungary, and transfer of the remaining production to China. For all of 2007, the restructuring expense at Electrical Products totaled \$22.8 million before taxes or \$8.9 million after taxes, equivalent to \$.29 per share. Included in the 2007 after tax amount was a \$9.9 million tax benefit associated with the write-off of the investment in our Hungarian subsidiary. In 2008, we recorded an additional pretax restructuring charge of approximately \$8.7 million associated with the three plant closings mentioned above and repositioning at Juarez, Mexico equivalent to \$5.3 million after taxes, or approximately \$.18 per share.

## [Table of Contents](#)

In November of 2005, we completed our fourth motor acquisition in China with the purchase of Yueyang Zhongmin Special Electrical Machinery Co., Ltd. (Yueyang). Located in Hunan Province, Yueyang manufactures large hermetic motors used in commercial air conditioning applications.

We sell our electric motor products in highly competitive markets. We compete in each of our targeted market segments based on product design, quality of products and services, performance and price. Our principal competitors in the electric motor industry are Emerson Electric Co., Regal Beloit Corporation and Baldor Electric Company.

### **RAW MATERIAL**

Raw materials for our manufacturing operations, which consist primarily of steel, copper and aluminum, are generally available from several sources in adequate quantities. We typically hedge a portion of our annual copper and aluminum purchases to protect against price volatility. In addition a portion of Electrical Products customers are contractually obligated to accept price changes based on fluctuations in certain of our raw material prices. Global demand pressures have also resulted in significant volatility in steel, copper and aluminum costs.

### **RESEARCH AND DEVELOPMENT**

In order to improve competitiveness by generating new products and processes, we conduct research and development at our Corporate Technology Center in Milwaukee, Wisconsin and at our operating units. Total expenditures for research and development in 2008, 2007 and 2006 were \$48.5, \$47.8 and \$42.3 million, respectively.

### **PATENTS AND TRADEMARKS**

We own and use in our businesses various trademarks, trade names, patents, trade secrets and licenses. While a number of these are important to us, we do not believe that our business as a whole is materially dependent upon any such trademark, trade name, patent, trade secret or license.

### **EMPLOYEES**

Our company and its subsidiaries employed approximately 15,350 employees as of December 31, 2008.

### **BACKLOG**

Due to the short-cycle nature of our businesses, none of our operations sustain significant backlogs.

### **ENVIRONMENTAL LAWS**

Our operations are governed by a variety of federal, state and local laws intended to protect the environment. While environmental considerations are a part of all significant capital expenditures, compliance with the environmental laws has not had and is not expected to have a material effect upon the capital expenditures, earnings, or competitive position of our company. See Item 3.

### **AVAILABLE INFORMATION**

We maintain a website with the address [www.aosmith.com](http://www.aosmith.com). The information contained on our website is not included as a part of, or incorporated by reference into, this Annual Report on Form 10-K. Other than an investor's own internet access charges, we make available free of charge through our website our Annual Report on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K and amendments to these reports as soon as reasonably practical after we have electronically filed such material with, or furnished such material to, the Securities and Exchange Commission.

## [Table of Contents](#)

The company is committed to sound corporate governance and has documented its corporate governance practices by adopting the A. O. Smith Corporate Governance Guidelines. The Corporate Governance Guidelines, Criteria for Selection of Directors, Financial Code of Ethics, the A. O. Smith Guiding Principles, as well as the charters for the Audit, Personnel and Compensation, Nominating and Governance and the Investment Policy Committees and other corporate governance materials may be viewed on the company's website. Any waiver of or amendments to the Financial Code of Conduct or the A. O. Smith Guiding Principles also would be posted on this website; to date there have been none. Copies of these documents will be sent to stockholders free of charge upon written request of the corporate secretary at the address shown on the cover page of this Form 10-K.

### **ITEM 1A – RISK FACTORS**

You should carefully consider the risk factors set forth below and all other information contained in this Annual Report on Form 10-K, including the documents incorporated by reference, before making an investment decision regarding our common stock. If any of the events contemplated by the following risks actually occurs, then our business, financial condition, or results of operations could be materially adversely affected. As a result, the trading price of our common stock could decline, and you may lose all or part of your investment. The risks and uncertainties below are not the only risks facing our company.

- *The effects of the global economic downturn could have a material adverse effect on our business*

The U.S. economy is currently in a recession and it has now spread to other geographic areas in which we operate. The global credit and capital markets troubles threaten to extend the depth and duration of the recession. A continuation or deepening of the global economic downturn could adversely affect consumer confidence and spending patterns which could result in decreased demand for the products we sell, a delay in purchases, increased price competition, and slower adoption of energy efficient products which could negatively impact our profitability and/or cash flow. In addition, the current economic conditions, including the credit market conditions could negatively impact our vendors and customers, which could result in an increase in bad debt expense, customer and vendor bankruptcies, interruption or delay in supply of materials, and increased material prices, which could negatively impact our ability to distribute, market and sell our products and our financial condition, results of operations and cash flows.

- *A portion of our business could be adversely affected by a decline in new residential or commercial construction*

We sell a portion of our products for new residential and commercial construction. The strength of these markets depends on new housing starts and business investment, which are a function of many factors beyond our control, including interest rates, employment levels, availability of credit and consumer confidence. Further downturns in the new construction markets we serve could result in lower revenues and lower profitability. New housing starts declined in 2007 and 2008 and may continue at the lower levels or decline further. Commercial construction activity, which has been high in recent years, could continue the decline that began in the second half of 2008. We believe that approximately 15 percent of our Water Products and 25 percent of our Electrical Products businesses, respectively, are affected by changes in the residential housing construction markets. Furthermore, though we believe that the majority of the commercial business we serve is for replacement, we could also be affected by changes in the commercial construction market.

- *A portion of our business could be affected by a slowing Chinese economy*

We have experienced above average growth in sales in China for both our Water Products and Electrical Products segments. If the Chinese economy were to experience a significant slowdown it could adversely affect our financial condition, results of operations and cash flows.

- *A material loss, cancellation, reduction, or delay in purchases by one or more of our largest customers could harm our business*

Net sales to our four largest customers represented approximately 26 percent of 2008 net sales. We expect that customer concentration will continue for the foreseeable future in light of the global economic downturn. Our dependence on sales from a relatively small number of customers makes our relationship with each of these customers important to our business. We cannot assure that we will be able to retain our largest customers. Some of our customers may in the future shift their

## [Table of Contents](#)

purchases of products to our competitors or to other sources. The loss of one or more of our largest customers, any material reduction or delay in sales to these customers, our inability to successfully develop relationships with additional customers, or our inability to execute on pricing actions could have a material adverse effect on our financial position, results of operations and cash flows.

- *Because we participate in markets that are highly competitive, our revenues could decline as we respond to competition*

We sell all of our products in highly competitive markets. We compete in each of our targeted markets based on product design, quality of products and services, product performance, maintenance costs and price. We compete against manufacturers located in the United States and throughout the world. We also face potential competition from some OEMs to whom we sell our electrical products and from our customers and the end users of our products, who continually assess any costs that could be reduced by vertically integrating or using alternate sources for the products we manufacture. Some of our competitors may have greater financial, marketing, manufacturing, and distribution resources than we have. We cannot assure that our products and services will continue to compete successfully with those of our competitors or that we will be able to retain our customer base or improve or maintain our profit margins on sales to our customers, all of which could materially and adversely affect our financial condition, results of operations and cash flows.

- *We increasingly manufacture our products outside the United States, which may present additional risks to our business*

A significant portion of our 2008 net sales were attributable to products manufactured outside of the United States, principally in Mexico and China. Approximately 5,700 of our 15,350 total employees and 14 of our 35 manufacturing facilities are located in Mexico. Approximately 4,500 employees and five manufacturing facilities are located in China. International operations generally are subject to various risks, including political, religious, and economic instability, local labor market conditions, the imposition of foreign tariffs and other trade restrictions, the impact of foreign government regulations, and the effects of income and withholding tax, governmental expropriation, and differences in business practices. We may incur increased costs and experience delays or disruptions in product deliveries and payments in connection with international manufacturing and sales that could cause loss of revenue. Unfavorable changes in the political, regulatory, and business climate could have a material adverse effect on our financial condition, results of operations and cash flows.

- *In serving U.S. customers of our electric motors business, we manufacture a significant portion of our products in Mexico and China, which exposes us to the risk of increased labor costs due to both wage inflation in Mexico and stability or increases in the value of the Mexican peso and Chinese RMB relative to the U.S. dollar*

Almost all of our electric motor manufacturing productive labor hours are incurred in Mexico and China. The peso based costs we incur manufacturing these products are directly related to changes in labor costs in Mexico and fluctuations in exchange rates of the Mexican peso relative to the U.S. dollar. The labor costs we incur are measured in U.S. dollars and based on the cost of labor in Mexican pesos. Historically, Mexico has had higher wage inflation than the United States. That inflation does not adversely affect our costs when there is a corresponding decrease in the value of the Mexican peso relative to the U.S. dollar. However, during periods in which the value of the Mexican peso increases or remains stable relative to the U.S. dollar, higher wage inflation in Mexico results in an increase in our labor costs. Manufacturing and material costs we incur in China are principally incurred in Chinese RMB. If the RMB continues to strengthen against the U.S. dollar, our costs would increase.

- *Our operations could be adversely impacted by material price volatility and supplier concentration*

The market price for certain key materials we purchase (e.g., steel, copper, aluminum, diesel fuel and natural gas) have been very volatile in the recent past. While our company periodically enters into futures contracts to fix the cost of certain raw material purchases, principally copper and aluminum, significant increases in the cost of any of the key materials we purchase could increase our cost of doing business and ultimately could lead to lower operating earnings if we are not able to recover these cost increases through price increases to our customers. Historically, there has been a lag in any customer recovery of increased material costs which could negatively impact our profitability. As of December 31, 2008 the company had entered into commodity and foreign exchange contracts that totaled losses of \$71 million. Even though a portion of these losses can contractually be passed on to customers the remaining amount could lead to lower operating earnings if we are unable to recover these costs from customers or because of reduced sales we are unable to use the materials or foreign currency. In addition, in some cases we are dependent on a single or limited number of suppliers for some of the raw materials and

## [Table of Contents](#)

components required in the manufacture of our product. A significant disruption or termination of the supply from one of these suppliers could delay sales or increase cost which could result in a material adverse effect on our financial condition, results of operations and cash flows.

- *Our underfunded pension plans require future pension contributions which could limit our flexibility in managing our company*

Due to the negative investment returns in 2008, the projected benefit obligations of our defined benefit pension plans exceeded the fair value of the plan assets by \$264 million at December 31, 2008. Beginning in 2008, the minimum required contribution equals the target normal cost plus a seven year amortization of any funding shortfall, offset by any ERISA credit balance. As the company could utilize its credit balance, the required contribution in 2009 is approximately \$18 million, however the company is forecasting contributions of between \$18 to \$35 million and \$40 to \$50 million in 2009 and 2010, respectively. Among the key assumptions inherent in the actuarially calculated pension plan obligation and pension plan expense are the discount rate and the expected rate of return on plan assets. If interest rates and actual rates of return on invested plan assets were to decrease significantly, our pension plan obligations could increase materially. The size of future required pension contributions could result in us dedicating a substantial portion of our cash flow from operations to making the contributions which could negatively impact our flexibility in managing the company.

- *We have significant goodwill and an impairment of our goodwill could cause a decline in our net worth*

Our total assets include significant goodwill. The goodwill results from our acquisitions, representing the excess of the purchase price we paid over the fair value of the tangible and intangible assets we acquired. We assess whether there has been impairment in the value of our goodwill during the fourth quarter of each calendar year or sooner if triggering events warrant. If future operating performance at one or more of our businesses does not meet expectations, we may be required to reflect, under current applicable accounting rules, a non-cash charge to operating results for goodwill impairment. The recognition of an impairment of a significant portion of goodwill would negatively affect our results of operations and total capitalization, the effect of which could be material. A significant reduction in our stockholders' equity due to an impairment of goodwill may affect our ability to maintain the required debt-to-capital ratio existing under our debt arrangements. We have identified the valuation of goodwill and indefinite-lived intangible assets as a critical accounting policy. See "Management's Discussion and Analysis of Financial Condition and Results of Operations – Critical Accounting Policies—Goodwill and Indefinite-lived Intangible Assets" included in Item 7 of this Annual Report on Form 10-K.

- *A substantial contribution to our financial results has come through acquisitions, and we may not be able to identify or complete future acquisitions, which could adversely affect our future growth*

Acquisitions we have made since 1997 have had a significant impact on our results of operations. While we will continue to evaluate potential acquisitions, we may not be able to identify and successfully negotiate suitable acquisitions, obtain financing for future acquisitions on satisfactory terms, utilize cash flow from operations, obtain regulatory approval for certain acquisitions, or otherwise complete acquisitions in the future. If we complete any future acquisitions, then we may not be able to successfully integrate the acquired businesses or operate them profitably or accomplish our strategic objectives for those acquisitions. Our level of indebtedness may increase in the future if we finance acquisitions with debt, which would cause us to incur additional interest expense and could increase our vulnerability to general adverse economic and industry conditions and limit our ability to service our debt or obtain additional financing. We cannot assure you that future acquisitions will not have a material adverse affect on our financial condition, results of operations and cash flows.

- *Our results of operations may be negatively impacted by product liability lawsuits and claims*

Our water heater and electric motor products expose us to potential product liability risks that are inherent in the design, manufacture, and sale of our products. While we currently maintain what we believe to be suitable product liability insurance, we cannot assure you that we will be able to maintain this insurance on acceptable terms, that this insurance will provide adequate protection against potential liabilities or that our insurance providers will successfully weather the current economic downturn. In addition, we self-insure a portion of product liability claims. A series of successful claims against us could materially and adversely affect our reputation and our financial condition, results of operations and cash flows.

## Table of Contents

- *Our credit facility expires in February 2011 and the terms of its replacement will be based on prevailing lending conditions when it is replaced*

In addition to issuing commercial paper and utilizing short term credit lines, we rely on our \$425 million revolving credit facility to support our daily operations. The global credit markets tightened considerably in 2008. If these conditions remain unchanged or worsen, our replacement credit facility may have less favorable terms than the facility we have now. In particular, the new facility could have higher borrowing costs and more restrictive covenants. And, depending on banks willingness to lend, the facility could be smaller in size. A credit facility with less favorable terms could have a material adverse effect on our liquidity, financial condition, results of operations and cash flow.

- *Changes in regulations or standards could adversely affect our business*

Our products are subject to a wide variety of statutory, regulatory and industry standards and requirements. These include energy efficiency, climate emissions, labeling and safety-related requirements. While we believe our products are currently some of the most efficient, safest, and environment-friendly products available, a significant change to these regulatory requirements, whether federal, state or local, or otherwise to industry standards could substantially increase manufacturing costs, impact the size and timing of demand for our products, or put us at a competitive disadvantage, any of which could harm our business and have a material adverse effect on our financial condition, results of operations and cash flow.

- *Currently, one stockholder has voting control of the company*

We have two classes of common equity: our Common Stock and our Class A Common Stock. The holders of Common Stock currently are entitled, as a class, to elect only 25 percent of our board of directors. The holders of Class A Common Stock are entitled, as a class, to elect the remaining directors. As of December 31, 2008, Smith Investment Company (Smith Investment) effectively controlled the right to elect 70 percent of our board of directors (7 of 10) because it beneficially owned approximately 98 percent of our Class A Common Stock. As of December 31, 2008, Smith Investment beneficially owned approximately 32 percent of the total number of outstanding shares of our Common Stock and Class A Common Stock. Due to the differences in the voting rights between shares of our Common Stock and shares of our Class A Common Stock, Smith Investment is in a position to control to a large extent the outcome of matters requiring a stockholder vote, including the adoption of amendments to our certificate of incorporation or bylaws or approval of transactions involving a change of control. See "Management's Discussion and Analysis of Financial Condition and Results of Operations – Other Matters – Smith Investment Company Transaction" for a description of a proposed merger pursuant to which Smith Investment would become our subsidiary and a description of certain proposed amendments to our certificate of incorporation that stockholders will consider and that Smith Investment has committed to vote to approve. However, assuming such merger is completed, certain members of the founding family of our company and trusts for their benefit (Smith Family) are likely to have the ability to influence all matters requiring stockholder approval as described in more detail below. The differences in the voting rights between shares of our Common Stock and our Class A Common Stock could have the effect of delaying, deterring, or preventing a change of control.

- *Certain members of the founding family of our company and trusts for their benefit are likely to have the ability to influence all matters requiring stockholder approval*

The merger agreement pursuant to which Smith Investment would become our subsidiary contemplates that certain members of the founding family of our company and trusts for their benefit (Smith Family) may enter into a voting trust agreement following the completion of the merger with respect to shares of our Class A Common Stock and shares of our Common Stock they receive in the merger. After giving effect to the merger, these members of the Smith Family are expected to own approximately 41.4% of the total voting power of our outstanding shares of Class A Common Stock and Common Stock, taken together as a single class, and approximately 51.6% of the voting power of the outstanding shares of our Class A Common Stock, as a separate class. This ownership position may increase if other members of the Smith Family enter into the voting trust agreement, and the voting power relating to this ownership position may increase if shares of our Class A Common Stock held by stockholders who are not parties to the voting trust agreement are converted into shares of our Common Stock. Accordingly, after the merger, the Smith Family members who enter into the voting trust agreement would collectively have the ability to influence the election of our Class A directors and other matters requiring stockholder approval in the same manner that Smith Investment can currently influence such matters. The voting trust agreement provides that in the event one

---

[Table of Contents](#)

of the parties to the voting trust agreement wants to withdraw from the trust or transfer any of its shares of our Class A Common Stock, such shares of our Class A Common Stock are automatically exchanged for shares of our Common Stock held by the trust to the extent available in the trust. In addition, the trust will have the right to purchase the shares of our Class A Common Stock and our Common Stock proposed to be withdrawn or transferred from the trust. As a result, the Smith Family members that are parties to the voting trust agreement may have the ability to maintain their collective voting rights in our company even if certain members of the Smith Family decide to transfer their shares.

### **ITEM 1B - UNRESOLVED STAFF COMMENTS**

None.

### **ITEM 2 - PROPERTIES**

Properties utilized by the company at December 31, 2008 were as follows:

#### **Water Products**

This segment has 15 manufacturing plants located in 5 states and 5 non-USA countries, of which 11 are owned directly by the company or its subsidiaries and 4 are leased from outside parties. Lease terms generally provide for minimum terms of one to ten years and have one or more renewal options. The term of leases in effect at December 31, 2008 expire between 2009 and 2015.

#### **Electrical Products**

This segment has 20 manufacturing plants located in 1 state and 3 non-USA countries, of which 11 are owned directly by the company or its subsidiaries and 9 are leased from outside parties. Lease terms generally provide for minimum terms of one to twenty years and have one or more renewal options. The term of leases in effect at December 31, 2008, expire between 2009 and 2015.

#### **Corporate and General**

The company considers its plants and other physical properties to be suitable, adequate, and of sufficient productive capacity to meet the requirements of its business. The manufacturing plants operate at varying levels of utilization depending on the type of operation and market conditions. The executive offices of the company, which are leased, are located in Milwaukee, Wisconsin.

### **ITEM 3 - LEGAL PROCEEDINGS**

We are involved in various unresolved legal actions, administrative proceedings and claims in the ordinary course of our business involving product liability, property damage, insurance coverage, exposure to asbestos and other substances, patents and environmental matters, including the disposal of hazardous waste. Although it is not possible to predict with certainty the outcome of these unresolved legal actions or the range of possible loss or recovery, we believe, based on past experience, adequate reserves and insurance availability, that these unresolved legal actions will not have a material effect on our financial position or results of operations. A more detailed discussion of these matters appears in Note 13 of Notes to Consolidated Financial Statements.

### **ITEM 4 - SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS**

No matters were submitted to a vote of the security holders during the fourth quarter of 2008.

[Table of Contents](#)**EXECUTIVE OFFICERS OF THE COMPANY**

Pursuant to General Instruction of G(3) of Form 10-K, the following is a list of the executive officers which is included as an unnumbered Item in Part I of this report in lieu of being included in the company's Proxy Statement for its 2009 Annual Meeting of Stockholders.

<b>Name (Age)</b>	<b>Positions Held</b>	<b>Period Position Was Held</b>
Randall S. Bednar (56)	Senior Vice President - Chief Information Officer	2007 to Present
	Senior Vice President – Information Technology	2006
	Vice President – Information Technology	2001 to 2006
	Vice President and Chief Information Officer – Gates Corporation	1996 to 2000
Michael J. Cole (64)	President and General Manager - A. O. Smith (China) Investment Co., Ltd.	2008 to Present
	Senior Vice President – Asia	2006 to Present
	Vice President – Asia	1996 to 2006
	Vice President-Emerging Markets - Donnelly Corporation	1992 to 1996
Paul W. Jones (60)	Chairman and Chief Executive Officer	2006 to Present
	President	2004 to Present
	Chief Operating Officer	2004 to 2005
	Chairman and Chief Executive Officer - U.S. Can Company	1998 to 2002
	President and Chief Executive Officer – Greenfield Industries, Inc.	1993 to 1998
	President - Greenfield Industries, Inc.	1989 to 1992
John J. Kita (53)	Senior Vice President, Corporate Finance and Controller	2006 to Present
	Vice President, Treasurer and Controller	1996 to 2006
	Treasurer and Controller	1995 to 1996
	Assistant Treasurer	1988 to 1994
Christopher L. Mapes (47)	Executive Vice President	2006 to Present
	President – A. O. Smith Electrical Products Company	2004 to Present
	Senior Vice President	2004 to 2006
	President-Motor Sales and Marketing - Regal Beloit Corporation	2003 to 2004
	President, Global OEM Business Group - Superior Telecom, Inc.	1999 to 2002

Steve W. Rettler (54)	Senior Vice President – Corporate Development	2006 to Present
	Vice President – Business Development	1998 to 2006
James F. Stern (46)	Executive Vice President, General Counsel and Secretary	2007 to Present
	Partner - Foley & Lardner LLP	1992 to 2006

## PART II

**ITEM 5 - MARKET FOR REGISTRANT'S COMMON EQUITY, RELATED STOCKHOLDER MATTERS AND ISSUER PURCHASES OF EQUITY SECURITIES**

- (a) **Market Information.** Our Common Stock is listed on the New York Stock Exchange under the symbol AOS. The Class A Common Stock of A. O. Smith Corporation is not listed. Wells Fargo Shareowner Services, N.A., P.O. Box 64854, St. Paul, Minnesota, 55164-0854 serves as the registrar, stock transfer agent and the dividend reinvestment agent for the company's Common Stock and Class A Common Stock.

Quarterly Common Stock Price Range

2008	1st Qtr.	2nd Qtr.	3rd Qtr.	4th Qtr.
High	\$39.02	\$36.73	\$51.09	\$39.41
Low	29.25	30.05	30.70	23.08
2007	1st Qtr.	2nd Qtr.	3rd Qtr.	4th Qtr.
High	\$40.74	\$41.35	\$52.48	\$47.52
Low	35.50	37.53	40.03	32.09

- (b) **Holders.** As of January 31, 2009, the approximate number of shareholders of record of Common Stock and Class A Common Stock were 900 and 300, respectively.
- (c) **Dividends.** Dividends declared on the common stock are shown in Note 15 of Notes to Consolidated Financial Statements appearing elsewhere herein.
- (d) **Stock Repurchases.** On December 14, 2007, the company's board of directors approved a stock repurchase program authorizing the purchase of up to one million shares of the company's common stock. This stock repurchase authorization remains effective until terminated by the company's board of directors. As of December 31, 2008, no shares were repurchased.
- (e) **Performance Graph.** The following information in this Item 5 of this Annual Report on form 10-K is not deemed to be "soliciting material: or to be "filed" with the SEC or subject to Regulation 14A or 14C under the Securities Exchange Act of 1934 or to the liabilities of Section 18 of the Securities Exchange Act of 1934, and will not be deemed to be incorporated by reference into any filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent we specifically incorporate it by reference into such a filing.

(1) In April 2006, the company acquired GSW Inc., (GSW) a publicly traded Canadian based manufacturer of water heaters and building products. In December 2006, the company sold the building products segment of this business which was treated as a discontinued operation. See Note 2 of Notes to Consolidated Financial Statements included elsewhere herein.

(2) In November 2005, the company acquired Yueyang Zhongmin Special Electrical Machinery Co., Ltd.

(3) Excludes the current portion of long-term debt.

**ITEM 7 - MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

**LIQUIDITY AND CAPITAL RESOURCES**

We achieved net earnings of \$81.9 million or \$2.70 per share in 2008, compared with \$88.2 million or \$2.85 per share in 2007 and \$76.5 million or \$2.47 per share in 2006. Net earnings recorded in 2008 were lower than 2007 due to lower sales of U. S. residential product, higher raw material costs only partially offset by price increases, higher product warranty costs at our Water Products segment primarily as a result of higher steel costs and a higher tax rate. These factors were partially offset by lower restructuring costs in our Electrical Products segment, another strong year for our China water heater business, and lower product liability costs in our water heater business. Net earnings recorded in 2007 were higher than 2006 due to a full year of the GSW business acquired in April 2006, higher sales of commercial product, solid growth at our China water heater operation and a lower effective tax rate. These improvements were partially offset by higher SG&A expenses and restructuring charges in 2007 compared with 2006. Our individual segment performance will be discussed later in this section.

Our working capital was \$276.3 million at December 31, 2008 compared with \$295.0 million and \$322.7 million at December 31, 2007 and December 31, 2006, respectively. The \$18.7 million reduction in our working capital in 2008 compared with 2007 resulted from the recognition of a non-cash \$73.0 million liability for derivative contracts and lower accounts receivable balances at both businesses related to volume declines, which were partially offset by higher inventories and lower accounts payable balances at our Electrical Products segment and cash deposits of \$22.5 million associated with derivative contracts. The \$27.7 million reduction in our working capital in 2007 compared with 2006 was a result of lower inventories in our Electrical Products segment. Higher accounts payable balances in both businesses were offset by an increase in our Water Products segment's accounts receivable balances.

Cash provided by operating activities during 2008 was \$106.6 million compared with \$190.5 million during 2007 and \$128.8 million during 2006. Lower net earnings in 2008 compared with 2007 and the changes in cash-related working capital accounts described above explain the majority of the decline. Higher net earnings in 2007 compared with 2006 combined with higher depreciation and amortization and the working capital decrease described above explain the \$61.7 million year over year improvement in our cash flow. We expect cash provided by operating activities to be between \$140 and \$160 million in 2009.

Our capital expenditures were \$66.1 million in 2008, lower than the \$71.4 million spent in 2007. Our capital spending in 2006 was \$68.2 million. We are projecting 2009 capital expenditures of between \$75 and \$85 million and 2009 depreciation and amortization of approximately \$70 million. 2009 capital spending includes the construction of the water heater manufacturing plant near Bangalore, India and the completion of the expansion of our Nanjing, China water heater operations.

In February 2006, we completed a \$425 million multi-currency five year revolving credit facility with a group of eight banks. The facility has an accordion provision which allows it to be increased up to \$500 million if certain conditions (including lender approval) are satisfied. Borrowing rates under the facility are determined by our leverage ratio. The facility requires us to maintain two financial covenants, a leverage ratio test and an interest coverage test, and we were in compliance with the covenants during all of calendar year 2008.

The facility backs up commercial paper and credit line borrowings, and it expires on February 17, 2011. As a result of the long-term nature of this facility, the commercial paper and credit line borrowings, as well as drawings under the facility are classified as long-term debt. At December 31, 2008, we had available borrowing capacity of \$246.9 million under this facility. We believe that the combination of available borrowing capacity and operating cash flow will provide sufficient funds to finance our existing operations for the foreseeable future.

At this point in time, our liquidity has not been materially impacted by the current credit environment, and we do not expect that it will be materially impacted in the near future. There can be no assurance however, that the cost of future borrowings on our credit facilities will not be impacted by the ongoing capital market disruptions.

Our total debt was \$334.8 million at the end of December 2008 compared with \$395.2 million at the end of 2007. Our leverage, as measured by the ratio of total debt to total capitalization, was 34 percent at the end of 2008 the same as at the end of 2007.

## [Table of Contents](#)

### Aggregate Contractual Obligations

A summary of our contractual obligations as of December 31, 2008, is as follows:

(dollars in millions)	Total	Payments due by period			
		Less Than 1 year	1 - 3 Years	3 - 5 Years	More than 5 years
Contractual Obligations					
Long-term Debt	\$334.8	\$ 17.5	\$217.8	\$43.7	\$ 55.8
Fixed Rate Interest	36.3	8.3	13.0	8.4	6.6
Operating Leases	48.5	14.0	17.1	6.7	10.7
Purchase Obligations	87.7	87.7	-	-	-
Other Liabilities:					
Commodity futures contracts	52.1	48.9	3.2	-	-
Foreign currency forward contracts	19.1	18.8	0.3	-	-
Total	<u>\$578.5</u>	<u>\$ 195.2</u>	<u>\$251.4</u>	<u>\$58.8</u>	<u>\$ 73.1</u>

As of December 31, 2008, the liability for uncertain income tax positions was \$5.5 million. Due to the high degree of uncertainty regarding timing of potential future cash flows associated with these liabilities, we are unable to make a reasonably reliable estimate of the amount and period in which these liabilities might be paid.

We utilize blanket purchase orders to communicate expected annual requirements to many of our suppliers. Requirements under blanket purchase orders generally do not become committed until several weeks prior to the company's scheduled unit production. The purchase obligation amount presented above represents the value of commitments considered firm. The amounts in the table above for commodity and foreign currency contracts represent the costs to liquidate the contracts as of December 31, 2008.

GSW operated a captive insurance company to provide product liability and general liability insurance to its subsidiary, American Water Heater Company (American). We decided to cover American's liability exposures with our existing insurance programs and operate the captive in runoff effective July 1, 2006. The reinsurance company restricts the amount of capital which must be maintained by the captive. At December 31, 2008, the restricted amount was \$26.3 million compared with \$38.9 million at the end of 2007 and is included in other non-current assets. The restricted assets are invested in money market securities.

In February 2007, our board of directors approved a stock repurchase program in the amount of one million shares of our common stock. During 2007, we completed the repurchase of all one million shares at an average cost of \$36.62 per share. Our board approved an additional one million shares to be repurchased under this program at its December 2007 meeting. As of December 31, 2008, we have not repurchased any shares under the authorization approved in December 2007.

Our pension plan continues to meet all funding requirements under ERISA regulations. While we were not required to make a contribution to the plan in 2008, we elected to make a contribution of \$17.3 million. We are required to make a contribution of approximately \$18 million in 2009. The company is forecasting contributions to the pension plan to be between \$18 and \$35 million in 2009 and between \$40 and \$50 million in 2010. For further information on our pension plan, see Note 11 of the Notes to Consolidated Financial Statements.

We have paid dividends for 69 consecutive years with payments increasing each of the last 17 years. We paid total dividends of \$.74 per share in 2008 compared with \$.70 per share in 2007.

### RESULTS OF OPERATIONS

Our sales in 2008 were \$2.3 billion, about equal to sales in 2007 as a \$28.2 million increase in sales in our Water Products segment was more than offset by a \$35.9 million decline in sales in our Electrical Products segment. The higher Water Products sales were due mostly to increased sales in China and material related price increases which were partially offset by significantly lower residential volume. The decline at Electrical Products resulted primarily from lower unit volumes associated with the weak housing market. Sales in 2007 were \$2.31 billion, an increase of \$150.8 million or 7.0 percent from sales of \$2.16 billion in 2006. The sales increase occurred in our Water Products segment and was due to a full year of the GSW business acquired in April 2006, which added \$128 million of sales in the first quarter of 2007 as well as increased sales

## [Table of Contents](#)

of commercial water heaters and higher sales in China. Sales for Electrical Products declined \$11.9 million from \$905.9 million in 2006 to \$894.0 million in 2007 as improved pricing was more than offset by lower volume.

Our gross profit margin for 2008 was 21.6 percent compared to 22.2 percent in 2007 as increased margins at Electrical Products were more than offset by lower margins at Water Products. The higher margins at Electrical Products resulted from commercial contract improvements, including pricing, at targeted accounts and repositioning savings. The lower margins at Water Products were caused by higher raw material costs, primarily steel, and its related effect on warranty costs which were partially offset by improvements in pricing. Our gross profit margin for 2006 was 21.5 percent. The improved margins in 2007 were due mostly to sales of higher margin products in our Water Products segment.

Selling, general and administrative expense (SG&A) was \$5.6 million lower in 2008 than in 2007 as lower product liability expense primarily associated with an adverse verdict in 2007 at Water Products and lower bad debt provisions at both our product operations more than offset higher SG&A in support of increased sales at our China water heater operation. The increase in SG&A of \$39.0 million from 2006 to 2007 was due to higher selling and advertising costs to support increased sales at our water heater segment and included \$15.2 million of first quarter SG&A attributable to the GSW acquisition.

Pension expense in 2008 was \$4.0 million compared to \$12.2 million in 2007 and \$11.9 million in 2006. The decrease in pension expense from 2007 to 2008 was due to an increase in the discount rate, lower amortization of deferred asset losses, and the absence of curtailment and other charges of \$1.1 million. The increase in pension expense from 2006 to 2007 was due to curtailment and other charges as partially offset by lower amortization of deferred asset losses.

Pretax restructuring charges were \$9.2 million, \$24.7 million and \$9.6 million in 2008, 2007 and 2006, respectively. The majority of the charges incurred in 2008, consisting primarily of severance and asset impairment, were associated with the plant closures initiated by our Electrical Products segment in 2007 and completed in 2008. In 2007, \$22.8 million of restructuring expense was recognized by Electrical Products with \$12.0 million of the charge attributed to the closing of our operations in Scottsville, KY and Mebane, NC and the write down of other assets. The closing of these plants resulted in our hermetic motor assembly operations being consolidated in Acuna, Mexico and Suzhou, China. A pretax charge of \$9.2 million associated with the closing of our motor facility in Budapest, Hungary was also included in the 2007 charge. A pretax charge of \$1.6 million was also included in the 2007 Electrical Products charge for certain other domestic repositioning and asset write down expenses. In addition to the 2007 restructuring charges at Electrical Products we also recognized a \$1.9 million corporate charge related to a previously owned business. In 2006, \$8.9 million of the \$9.6 million restructuring charge was recognized by Electrical Products, most of which was related to the closure of our McMinnville, TN motor fabrication plant completed in the first quarter of 2007 and the closure of our motor operation in Taizhou, China in the fourth quarter of 2006. We do not have any current restructuring plans.

Interest expense decreased from \$26.7 million in 2007 to \$19.2 million in 2008 as a result of lower interest rates and debt. Interest expense increased from \$24.9 million in 2006 to \$26.7 million in 2007 due to GSW acquisition related financing costs incurred for a full year in 2007 versus only nine months in 2006.

In 2008 net other expense of \$1.6 million compared to net other income of \$0.9 million. The \$2.5 million differential is due to \$1.0 million lower interest income on restricted marketable securities due to liquidation of \$12.0 million of short-term securities in the second quarter of 2008 with the remainder due to exchange losses as foreign currencies strengthened against the U.S. dollar. In 2007 net other income of \$0.9 million compared to net other expense of \$0.6 million in 2006. The differential was due to \$0.5 million of interest income on restricted marketable securities in the first quarter of 2007 with the remainder due to exchange gains associated with U.S. dollar purchases made by our Canadian operations.

Our effective tax rate was 25.4 percent in 2008, 11.7 percent in 2007 and 27.3 percent in 2006. The 2007 effective rate included a \$3.7 million tax benefit upon completion of tax audits and lapse of statutes of limitations and a \$1.1 million China investment incentive tax benefit. Also included in the 2007 rate is a \$9.9 million tax benefit associated with the write-off of the investment in our Hungarian subsidiary.

Our 2008 net earnings were \$81.9 million or \$2.70 per share compared with \$88.2 million or \$2.85 per share in 2007 and \$76.5 million or \$2.47 per share in 2006.

### **Water Products**

Sales for our Water Products segment were \$1.45 billion in 2008, a modest increase over sales of \$1.42 billion in 2007. Sales at our China water heater operation increased by \$40.1 million in 2008. Despite price increases to compensate for higher material costs, sales for residential water heaters were significantly lower in 2008 and partially offset the growth in China. Sales in 2007 were \$162.3 million higher than sales of \$1.26 billion in 2006. The increase was due to a full year of the GSW business acquired in April 2006, which added \$128.0 million of sales in the first quarter of 2007, a \$30.1 million increase in sales at our China operation and increased sales of commercial water heaters.

Operating earnings for Water Products were \$134.7 million in 2008 or 10.2 percent lower than earnings of \$150.0 million in 2007. The impact of growth in China and lower SG&A was more than offset by lower residential volume and higher costs for raw materials and components which were not recovered with price increases. Operating earnings of \$150.0 million in 2007 were 22.5 percent higher than earnings of \$122.4 million in 2006. The increase in earnings was due to an additional three months of GSW earnings, higher earnings in China, and sales of higher margin products all of which offset lower residential water heater volume.

### **Electrical Products**

Sales in our Electrical Products segment in 2008 were \$858.1 million or 4.0 percent lower than 2007. Increased selling prices to offset higher costs for raw materials were more than offset by lower unit volume caused by the weak housing market as well as customer inventory reductions at the end of the year. Sales in 2007 of \$894.0 million were 1.3 percent lower than 2006. Similar to 2008, the favorable impact of materials related pricing actions was more than offset by the negative impact of a weak housing market. Additionally, lower volume in the residential hermetic and pump motor markets more than offset improved sales in the commercial hermetic and distribution market segments.

Operating earnings at our Electrical Products segment were \$39.1 million in 2008 compared with \$23.1 million in 2007. The majority of the increase in earnings was due to a decrease in restructuring charges from \$22.8 million in 2007 to \$8.7 million in 2008. Operating earnings in 2007 were \$25.0 million lower than earnings of \$48.1 million in 2006 due to an increase in restructuring charges of \$13.9 million and lower unit volumes. Please refer to the previous discussion on restructuring charges for additional details.

### **Critical Accounting Policies**

Our accounting policies are described in Note 1 of Notes to Consolidated Financial Statements. Also as disclosed in Note 1, the preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the use of estimates and assumptions about future events that affect the amounts reported in the financial statements and accompanying notes. Future events and their effects cannot be determined with absolute certainty. Therefore, the determination of estimates requires the exercise of judgment. Actual results inevitably will differ from those estimates, and such differences may be material to the financial statements.

The most significant accounting estimates inherent in the preparation of our financial statements include estimates associated with the evaluation of the impairment of goodwill and indefinite-lived intangible assets, as well as significant estimates used in the determination of liabilities related to warranty activity, product liability, and pensions. Various assumptions and other factors underlie the determination of these significant estimates. The process of determining significant estimates is fact-specific and takes into account factors such as historical experience and trends, and in some cases, actuarial techniques. We constantly reevaluate these significant factors and adjustments are made when facts and circumstances dictate. Historically, actual results have not significantly deviated from those determined using the estimates described above.

#### *Goodwill and Indefinite-lived Intangible Assets*

In conformity with U.S. generally accepted accounting principles, goodwill and indefinite-lived intangible assets are tested for impairment annually, or more frequently if events or changes in circumstances indicate that the assets might be impaired. We perform impairment reviews for our reporting units using a fair-value method based on management's judgments and assumptions. The fair value represents the estimated amount at which a reporting unit could be bought or sold in a current transaction between willing parties on an arms-length basis. The estimated fair value is then compared with the carrying amount of the reporting unit, including recorded goodwill. We are subject to financial statement risk to the extent that goodwill and indefinite-lived intangible assets become impaired. Any impairment review is, by its nature, highly judgmental as estimates of future sales, earnings and cash flows are utilized to determine fair values. However, we believe that we conduct annual thorough and competent valuations of goodwill and indefinite-lived intangible assets and that there has been no impairment.

## [Table of Contents](#)

### *Product warranty*

Our products carry warranties that generally range from one to ten years and are based on terms that are generally accepted in the market. We provide for the estimated cost of product warranty at the time of sale. The product warranty provision is estimated based upon warranty loss experience using actual historical failure rates and estimated costs of product replacement. The variables used in the calculation of the provision are reviewed on a periodic basis. At times, warranty issues may arise which are beyond the scope of our historical experience. While our warranty costs have historically been within its calculated estimates, it is possible that future warranty costs could differ significantly from those estimates. We provide for any such warranty issues as they become known and estimable. The allocation of the warranty liability between current and long-term is based on the expected warranty liability to be paid in the next year as determined by historical product failure rates.

### *Product liability*

Due to the nature of our products, we are subject to product liability claims in the normal course of business. A majority of these claims involve our Water Products business. We maintain insurance to reduce our risk. Most insurance coverage includes self-insured retentions that vary by year. As of December 31, 2008, we maintained a self-insured retention of \$5.0 million per occurrence with an aggregate insurance limit of \$125.0 million per occurrence.

GSW insurance coverage included self-insurance retentions that varied by business segment and by year. Effective April 3, 2006 GSW maintained a \$25.0 million aggregate loss retention through self-insurance and captive insurance company coverage. GSW claims occurring on or after July 1, 2006 are covered under the company's insurance program.

We establish product liability reserves for our self-insured retention portion of any known outstanding matters based on the likelihood of loss and our ability to reasonably estimate such loss. There is inherent uncertainty as to the eventual resolution of unsettled matters due to the unpredictable nature of litigation. We make estimates based on available information and our best judgment after consultation with appropriate advisors and experts. We periodically revise estimates based upon changes to facts or circumstances. We also use an actuary to calculate reserves required for estimated incurred but not reported claims as well as to estimate the effect of adverse development of claims over time.

### *Pensions*

We have significant pension benefit costs that are developed from actuarial valuations. The valuations reflect key assumptions regarding, among other things, discount rates, expected return on assets, retirement ages, and years of service. Consideration is given to current market conditions, including changes in interest rates in making these assumptions. Our assumptions for the expected rate of return on plan assets is 8.75 percent in 2008, unchanged from 2007. The discount rate used to determine net periodic pension costs increased from 5.90 percent in 2007 to 6.50 percent in 2008. In 2009, the rate of return on plan assets is 8.75 percent and the discount rate is 6.60 percent.

In developing our expected long-term rate of return assumption, we evaluate our pension plan's target asset allocation, the historical long-term rates of return of equity and bond indices and the actual historical returns of our pension plan. Our plan's target allocation to equity managers is between 60 to 70 percent, with the remainder allocated primarily to bond managers and a small allocation to private equity managers. Due to market fluctuations, our actual asset allocation as of December 31, 2008, was 55 percent to equity managers, 36 percent to bond managers, six percent to private equity managers and the remainder in money market instruments. We regularly review our actual asset allocation and periodically rebalance our investments to our targeted allocation when considered appropriate. Our pension plan's historical 10-year and 25-year compounded annualized returns are 4.0 percent and 10.2 percent, respectively. We believe that with our target allocation and the historical long-term returns of equity and bond indices as well as our actual historical returns, our 8.75 percent expected return on assets for 2009 is reasonable.

The discount rate assumptions used to determine future pension obligations at December 31, 2008, 2007 and 2006 were based on the Hewitt top quartile yield Curve (HTQ), which was designed by Hewitt Associates to provide a means for plan sponsors to value the liabilities of their postretirement benefit plans. The HTQ is a hypothetical double A yield curve represented by a series of annualized individual discount rates. Each bond issue underlying the HTQ is required to have a rating of Aa or better by Moody's Investor Service, Inc. or a rating of AA or better by Standard & Poor's. Because of the volatile bond market, we adjusted our discount rate as of December 31, 2008 to take into account the effect of bonds that were on credit watch on December 31, 2008 and were subsequently downgraded below a AA rating before January 15, 2009. The discount rates

## [Table of Contents](#)

determined on the basis described above were 6.60 percent, 6.50 percent and 5.90 percent at December 31, 2008, 2007 and 2006, respectively. We will continue to evaluate our actuarial assumptions at least annually, and we will adjust the assumptions as necessary.

We estimate that we will recognize approximately \$10.0 million of pension expense in 2009 compared to \$4.0 million in 2008. Lowering the expected long-term rate of return on assets by 25 basis points would increase our net pension expense for 2009 by approximately \$1.7 million. Lowering the discount rate by 25 basis points would increase our 2009 net pension expense by approximately \$1.3 million.

### **Recent Accounting Pronouncements**

In March 2008, the Financial Accounting Standards Board (“FASB”) issued Statement of Financial Accounting Standards (“SFAS”) No. 161, “Disclosures about Derivative Instruments and Hedging Activities, an Amendment of FASB No. 133,” (“SFAS 161”). SFAS 161 is intended to improve transparency in financial reporting by requiring enhanced disclosures of an entity’s derivative instruments and hedging activities and their effects on the entity’s financial position, financial performance, and cash flows. SFAS 161 applies to all derivative instruments within the scope of SFAS No. 133, “Accounting for Derivative Instruments and Hedging Activities,” (“SFAS 133”). SFAS 161 also applies to non-derivative hedging instruments and all hedged items designated and qualifying under SFAS 133. SFAS 161 is effective prospectively for financial statements issued for fiscal years and interim periods beginning after November 15, 2008, with early application encouraged. SFAS 161 encourages, but does not require, comparative disclosures for periods prior to its initial adoption. We will adopt SFAS 161 on January 1, 2009 and are currently evaluating the potential impact on our financial statements when implemented.

In December 2007, the FASB issued SFAS No. 160, “Noncontrolling Interests in Consolidated Financial Statements, an amendment of ARB No. 51,” (“SFAS 160”). SFAS 160 changes the accounting and reporting for minority interests, which will be recharacterized as noncontrolling interests and classified as a component of equity. This new consolidation method changes the accounting for transactions with minority interest holders. SFAS 160 is effective beginning in 2009. Adoption of this statement will impact our accounting for any future transactions which include a noncontrolling interest.

In December 2007, the FASB issued SFAS No. 141(R), “Business Combinations,” (“SFAS 141(R)”). SFAS 141(R) requires us to continue to follow the guidance in SFAS 141 for certain aspects of business combinations, with additional guidance provided defining the acquirer, recognizing and measuring the identifiable assets acquired, the liabilities assumed, and any noncontrolling interest in the acquiree, assets and liabilities arising from contingencies, defining a bargain purchase and recognizing and measuring goodwill or a gain from a bargain purchase. In addition, certain transaction costs previously capitalized as part of the purchase price will be expensed as incurred. Also, under SFAS 141(R) adjustments associated with changes in tax contingencies that occur after the one year measurement period are recorded as adjustments to income. This statement is effective for all business combinations for which the acquisition date is on or after the beginning of an entity’s first fiscal year that begins after December 15, 2008; however, the guidance in this standard regarding the treatment of income tax contingencies is retrospective to business combinations completed prior to January 1, 2009. We will adopt SFAS 141(R) for any business combinations occurring at or subsequent to January 1, 2009.

In February 2007, the FASB issued SFAS No. 159, The Fair Value Option for Financial Assets and Financial Liabilities including an amendment of FASB Statement No. 115 (“SFAS 159”), which permits entities to choose to measure many financial instruments and certain other items at fair value. The objective is to improve financial reporting by providing entities with the opportunity to mitigate volatility in reported earnings caused by measuring related assets and liabilities without having to apply complex hedge accounting provisions. We adopted SFAS 159 on January 1, 2008. Adoption of this statement did not have an affect on our consolidated financial condition, results of operations or cash flows.

In September 2006, the FASB issued SFAS No. 157, “Fair Value Measurements.” (“SFAS 157”). SFAS 157 defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. SFAS 157 also establishes a fair value hierarchy that prioritizes information used in developing assumptions when pricing an asset or liability. As discussed in footnote 1 we adopted SFAS 157 on January 1, 2008. Adoption of this statement did not have a material impact on our consolidated financial condition, results of operations or cash flows.

## **Outlook**

Given the deteriorating global economic environment that intensified during the fourth quarter we are forecasting significantly lower volumes for both our residential and commercial businesses in both operating companies. In addition we expect an increase of more than \$6 million in pension expense.

Also, there are a number of factors that we believe will contribute to earnings this year, including improvement in water heater pricing, continued growth—although at a slower rate—in China, and savings from the restructuring initiative at Electrical Products Company. At the same time, we continue to reduce cost throughout our operations. We announced in January, 2009 a company-wide workforce reduction program for our salaried workforce.

Notwithstanding these factors which could improve earnings, the weak economy will challenge us throughout the year and consequently, we expect 2009 earnings will be in a range between \$2.40 and \$2.60 per share.

## **OTHER MATTERS**

### **Environmental**

Our operations are governed by a number of federal, state, local and foreign environmental laws concerning the generation and management of hazardous materials, the discharge of pollutants into the environment and remediation of sites owned by the company or third parties. We have expended financial and managerial resources complying with such laws. Expenditures related to environmental matters were not material in 2008 and are not expected to be material in any single year. We have accrued amounts associated with environmental obligations at various facilities and we believe these reserves are sufficient to cover reasonably anticipated remediation costs. Although we believe that our operations are substantially in compliance with such laws and maintain procedures designed to maintain compliance, there are no assurances that substantial additional costs for compliance will not be incurred in the future. However, since the same laws govern our competitors, we should not be placed at a competitive disadvantage.

### **Market Risk**

We are exposed to various types of market risks, primarily currency and certain commodities. We monitor our risks in such areas on a continuous basis and generally enter into forward and futures contracts to minimize such exposures for periods of less than one year. We do not engage in speculation in our derivatives strategies. Further discussion regarding derivative instruments is contained in Note 1 of Notes to Consolidated Financial Statements.

Commodity risks include raw material price fluctuations. We use futures contracts to fix the cost of our expected needs for certain raw materials (i.e. copper and aluminum) with the objective of reducing price risk. Futures contracts are purchased over time periods and at volume levels which approximate expected usage. At December 31, 2008, we had commodity futures contracts amounting to \$53.9 million of commodity purchases. A hypothetical ten percent change in the underlying commodity price of such contracts would have a potential impact of \$5.4 million. It is important to note that gains and losses from our futures contract activities will be offset by gains and losses in the underlying commodity purchase transactions being hedged.

In addition, we enter into foreign currency forward contracts to minimize the effect of fluctuating foreign currencies. At December 31, 2008, we had net foreign currency contracts outstanding of \$196.4 million. Assuming a hypothetical ten percent movement in the respective currencies, the potential foreign exchange gain or loss associated with the change in rates would amount to \$19.6 million. It is important to note that gains and losses from our forward contract activities will be offset by gains and losses in the underlying transactions being hedged.

Our earnings exposure related to movements in interest rates is primarily derived from outstanding floating-rate debt instruments that are determined by short-term money market rates. At December 31, 2008, we had \$159.6 million in outstanding floating-rate debt with a weighted-average interest rate of 1.8 percent at year end. A hypothetical ten percent annual increase or decrease in the year-end average cost of our outstanding floating-rate debt would result in a change in annual pretax interest expense of approximately \$0.3 million.

### **Smith Investment Company Transaction**

On December 9, 2008, we entered into a merger agreement with our largest stockholder, Smith Investment Company, pursuant to which Smith Investment would become our wholly-owned subsidiary. Assuming the merger is completed, the stockholders of Smith Investment will own our shares directly, rather than through Smith Investment. Smith Investment owns approximately 97.9 percent of our outstanding Class A Common Stock and approximately 7.1 percent of our outstanding Common Stock.

We and our stockholders are expected to benefit from the merger because its terms provide for:

- An exchange ratio in the merger agreement reflecting a discount of 1.5 percent such that the merger will result in a reduction in the number of our outstanding shares by issuing to Smith Investment stockholders 98.5 percent of the total number of our shares that Smith Investment holds before the merger;
- An increase in the public float for our shares, as our shares currently held by Smith Investment will be distributed more broadly among the Smith Investment stockholders; and
- Enhancement of our corporate governance structure through proposed amendments to our certificate of incorporation that provide for the following:
  - An increase in the percentage of members of our board of directors that holders of our Common Stock, voting as a separate class, elect from 25 percent to 33.3 percent of the members of the board of directors;
  - Shares of our Class A Common Stock to convert automatically into shares of our Common Stock, subject to certain exceptions, upon transfer to unaffiliated third parties, and
  - All shares of our Class A Common Stock to convert automatically into shares of our Common Stock once the outstanding shares of our Class A Common Stock fall below 2,397,976 shares, which is approximately 8 percent of the total outstanding shares of our Class A Common Stock and our Common Stock as of the date of the merger agreement.

The proposed amendments to our certificate of incorporation also provide for an increase, solely for purposes of completing the merger, in the total number of authorized shares of our Class A Common Stock that we can issue from 14,000,000 shares to 22,667,252 shares.

Certain members of the Smith Family have agreed to vote their shares to approve the merger agreement at a meeting of Smith Investment stockholders. Similarly, Smith Investment has agreed to vote its shares to approve the merger agreement and the amendments to our certificate of incorporation at a meeting of our stockholders. These stockholders have enough votes to ensure approval of the transaction at the respective stockholders meetings of our company and Smith Investment.

In addition to receipt of approval of stockholders of our company and Smith Investment, the merger is subject to receipt of a favorable letter ruling from the Internal Revenue Service, the effectiveness of a registration statement covering our shares to be issued to the Smith Investment stockholders and other customary closing conditions. Under the terms of the agreement, Smith Investment will reimburse us for substantially all of its transaction-related expenses. In addition, a portion of our Common Stock to be issued to the Smith Investment stockholders having a market value of \$15 million as of the effective time of the merger will be placed in escrow to satisfy indemnification claims, if any, by us in connection with the transaction. We expect the merger to close by the end of the second quarter of 2009.

The pending transaction between A. O. Smith and SICO will be accounted for as a reverse acquisition with SICO as the accounting acquirer and A. O. Smith as the accounting acquiree (which is the surviving entity for legal purposes). As this is a common control transaction under SFAS 141(R) *Business Combinations*, the transaction will be accounted for as an equity transaction under SFAS 160 *Noncontrolling interests in Consolidated Financial Statements an amendment of ARB No. 51*. The acquisition of a noncontrolling interest will not require purchase accounting.

Furthermore, because SICO is treated as the continuing reporting entity for accounting purposes, the reports filed by A. O. Smith, as the surviving corporation in the transaction, after the date of the transaction will parallel the financial reporting required under United States generally accepted accounting principles and SEC reporting rules as if SICO were the legal successor to its reporting obligation as of the date of the transaction. Accordingly, prior period financial information presented in the A. O. Smith financial statements will reflect the historical activity of SICO.

### **Forward-Looking Statements**

This filing contains statements that the company believes are “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements generally can be identified by the use of words such as “may,” “will,” “expect,” “intend,” “estimate,” “anticipate,” “believe,” “forecast,” or words of similar meaning. These forward-looking statements are subject to risks and uncertainties that could cause actual results to differ materially from those anticipated as of the date of this filing. Factors that could cause such a variance include the following: significant volatility in raw material prices; competitive pressures on the company’s businesses; inability to implement pricing actions; negative impact of future pension contributions on the company’s ability to generate cash flow; instability in the company’s electric motor and water products markets; further weakening in housing construction; further weakening in commercial construction; a further slowdown in the Chinese economy; expected restructuring savings realized; further adverse changes in customer liquidity and general economic and capital market conditions; any failures to realize the anticipated benefits of the proposed Smith Investment transaction; the ability to obtain regulatory approvals for the Smith Investment transaction; or the risk of an unfavorable judgment or ruling in any Smith Investment transaction related litigation.

Forward-looking statements included in this filing are made only as of the date of this filing, and the company is under no obligation to update these statements to reflect subsequent events or circumstances. All subsequent written and oral forward-looking statements attributed to the company, or persons acting on its behalf, are qualified entirely by these cautionary statements.

### **ITEM 7A – QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

See “Market Risk” above.

**ITEM 8 – FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA**

**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Board of Directors and Stockholders  
A. O. Smith Corporation

We have audited the accompanying consolidated balance sheets of A. O. Smith Corporation as of December 31, 2008 and 2007, and the related consolidated statements of earnings, comprehensive earnings, stockholders' equity and cash flows for each of the three years in the period ended December 31, 2008. Our audits also included the financial statement schedule listed in the index at Item 15(a). These financial statements and schedule are the responsibility of the company's management. Our responsibility is to express an opinion on these financial statements and schedule based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of A. O. Smith Corporation at December 31, 2008 and 2007, and the consolidated results of its operations and its cash flows for each of the three years in the period ended December 31, 2008, in conformity with U.S. generally accepted accounting principles. Also, in our opinion, the related financial statement schedule, when considered in relation to the basic financial statements taken as a whole, presents fairly in all material respects the information set forth therein.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), A. O. Smith Corporation's internal control over financial reporting as of December 31, 2008, based on criteria established in Internal Control - Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission and our report dated January 30, 2009 expressed an unqualified opinion thereon.

See accompanying notes which are an integral part of these statements.

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

### 1. Organization and Significant Accounting Policies

**Organization.** A. O. Smith Corporation (the company) is a manufacturer serving customers worldwide. The company's major product lines include residential and commercial gas and electric water heating equipment, as well as fractional horsepower alternating current, direct current, and hermetic electric motors. The company's products are manufactured and marketed primarily in North America and China. Water heaters are sold through both wholesale and retail channels to plumbing wholesalers and retail outlets. Electric motors are sold principally to original equipment manufacturers and distributors.

**Consolidation.** The consolidated financial statements include the accounts of the company and its wholly owned subsidiaries after elimination of intercompany transactions.

**Use of estimates.** The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the accompanying financial statements and notes. Actual results could differ from those estimates.

**Fair value of financial instruments.** The carrying amounts of cash and cash equivalents, receivables, floating rate debt and trade payables approximated fair value as of December 31, 2008 and 2007, due to the short maturities or frequent rate resets of these instruments. The fair value of term notes with insurance companies was approximately \$140.7 million as of December 31, 2008 compared with the carrying amount of \$150.1 million for the same period. The carrying amount of term notes with insurance companies approximated fair value as of December 31, 2007. The fair value is estimated based on current rates offered for debt with similar maturities.

**Foreign currency translation.** For all subsidiaries outside the United States, with the exception of all Mexican operations and two of the China operations of the company's Electrical Products segment, the company uses the local currency as the functional currency. For those operations using a functional currency other than the U.S. dollar, assets and liabilities are translated into U.S. dollars at year-end exchange rates, and revenues and expenses are translated at weighted-average exchange rates. The resulting translation adjustments are recorded as a separate component of stockholders' equity. The Mexican operations and two of the Chinese operations of the company's Electrical Products segment use the U.S. dollar as the functional currency as such operations are a direct and integral component of the company's U.S. operations. Gains and losses from foreign currency transactions are included in net earnings.

**Cash and cash equivalents.** The company considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

**Inventory valuation.** Inventories are carried at lower of cost or market. Cost is determined on the last-in, first-out (LIFO) method for substantially all domestic inventories, which comprise 82 percent of the company's total inventory at December 31, 2008 and 2007. Inventories of foreign subsidiaries and supplies are determined using the first-in, first-out (FIFO) method.

**Property, plant and equipment.** Property, plant and equipment are stated at cost. Depreciation is computed primarily by the straight-line method. The estimated service lives used to compute depreciation are generally 25 to 50 years for buildings, 3 to 20 years for equipment and 3 to 7 years for software. Maintenance and repair costs are expensed as incurred.

**Goodwill and other intangibles.** Goodwill and indefinite-lived intangible assets are not amortized but are reviewed for impairment on an annual basis. Intangible assets of \$78.8 million including \$32.1 million with an indefinite life were recorded as part of the GSW Inc (GSW) acquisition (see Note 2). Indefinite-lived assets totaled \$34.6 million and \$38.0 million at December 31, 2008 and 2007, respectively. The decrease in 2008 was due to currency translation adjustment. Separable intangible assets primarily comprised of customer relationships that are not deemed to have an indefinite life are amortized on a straight-line basis over their estimated useful lives which range from 10 to 25 years. Amortization of \$4.3 million, \$4.5 million and \$2.9 million was recorded in 2008, 2007 and 2006, respectively. In the future, amortization should approximate \$4.1 million annually and the intangible assets will be amortized over a weighted average period of 16 years. Total accumulated amortization at December 31, 2008 and 2007 was \$12.5 million and \$9.3 million, respectively.

**Impairment of long-lived and amortizable intangible assets.** Property, plant and equipment and intangible assets subject to amortization are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. If the sum of the expected undiscounted cash flows is less than the carrying value of the related asset or

## 1. Organization and Significant Accounting Policies (continued)

group of assets, a loss is recognized for the difference between the fair value and carrying value of the asset or group of assets. Such analyses necessarily involve significant judgment.

**Derivative instruments.** Statement of Financial Accounting Standards (SFAS) No. 133, as amended, requires that all derivative instruments be recorded on the balance sheet at fair value and establishes criteria for designation and effectiveness of the hedging relationships. Any fair value changes are recorded in net earnings or other comprehensive earnings.

The company utilizes certain derivative instruments to enhance its ability to manage currency and interest rate exposures as well as raw materials price risks. Derivative instruments are entered into for periods consistent with the related underlying exposures and do not constitute positions independent of those exposures. The company does not enter into contracts for speculative purposes. The contracts are executed with major financial institutions with no credit loss anticipated for failure of the counterparties to perform.

### *Commodity Futures Contracts*

In addition to entering into supply arrangements in the normal course of business, the company also enters into futures contracts to fix the cost of certain raw material purchases, principally copper and aluminum, with the objective of minimizing changes in cost due to market price fluctuations.

The commodity futures contracts are designated and accounted for as cash flow hedges of a forecasted transaction. Derivative commodity liabilities of \$52.1 million and \$3.5 million are recorded in current liabilities as of December 31, 2008 and 2007 respectively. The value of the effective portion of the contracts of \$(31.0) million and \$(2.0) million as of December 31, 2008 and 2007, respectively, was recorded in accumulated other comprehensive loss, net of tax, and will be reclassified into cost of products sold in the period in which the underlying transaction is recorded in earnings. Ineffective portions of the commodity hedges are recorded in earnings in the period in which the ineffectiveness occurs. The impact of hedge ineffectiveness on earnings was not material in 2008, 2007 and 2006.

### *Foreign Currency Forward Contracts*

The company is exposed to foreign currency exchange risk as a result of transactions in currencies other than the functional currency of certain subsidiaries. The company utilizes foreign currency forward purchase and sale contracts to manage the volatility associated with foreign currency purchases, sales and certain intercompany transactions in the normal course of business. Contracts typically have maturities of one year or less. Principal currencies include the Mexican peso, Chinese renminbi, Canadian dollar and Euro.

Forward contracts are designated and accounted for as cash flow hedges of a forecasted transaction. Derivative currency liabilities of \$19.1 million and assets of \$2.9 million as of December 31, 2008 and 2007, respectively, were recorded in other current liabilities and assets. Gains and losses on these instruments are recorded in accumulated other comprehensive loss, net of tax, until the underlying transaction is recorded in earnings. When the hedged item is realized, gains or losses are reclassified from accumulated other comprehensive loss to the statement of earnings. The assessment of effectiveness for forward contracts is based on changes in the forward rates. These hedges have been determined to be perfectly effective.

The majority of the amounts in accumulated other comprehensive loss for cash flow hedges is expected to be reclassified into earnings within one year.

[Table of Contents](#)

**1. Organization and Significant Accounting Policies (continued)**

The following table summarizes, by currency, the contractual amounts of the company's foreign currency forward contracts.

December 31 (dollars in millions)	2008		2007	
	Buy	Sell	Buy	Sell
Euro	\$ 6.1	\$ 1.9	\$ 5.5	\$ 2.2
Canadian dollar	-	17.1	-	24.1
Hungarian forint	-	-	1.5	-
Chinese renminbi	64.8	-	32.5	-
Mexican peso	110.3	-	85.5	-
Total	<u>\$181.2</u>	<u>\$19.0</u>	<u>\$125.0</u>	<u>\$26.3</u>

The forward contracts in place at December 31, 2008 and 2007, amounted to approximately 69 percent and 60 percent, respectively, of the company's anticipated subsequent year exposure for those currencies hedged.

*Interest Rate Swap Agreement*

The company is exposed to interest rate risk as a result of its floating rate borrowings under its revolving credit facility. The company uses interest rate swaps to manage this risk. As of December 31, 2008, the company had one interest rate swap outstanding in the amount of \$25 million that expires in November 2010.

The interest rate swap is designated and accounted for as a cash flow hedge of floating rate debt. A derivative interest rate liability of \$1.8 million and \$0.7 million as of December 31, 2008 and 2007, respectively were recorded in accrued liabilities. Gains and losses on this instrument are recorded in accumulated other comprehensive loss, net of tax, until the underlying transaction is recorded in earnings. When the hedged item is realized, gains or losses are reclassified from accumulated other comprehensive loss to the statement of earnings. The assessment of effectiveness for the interest rate swap is based on changes in floating rate interest rates. This swap has been determined to be perfectly effective.

**Fair Value Measurements.** The company adopted SFAS No. 157, "Fair Value Measurements" ("SFAS 157") on January 1, 2008. SFAS 157, among other things, defines fair value, establishes a consistent framework for measuring fair value and expands disclosure for each major asset and liability category measured at fair value on either a recurring basis or nonrecurring basis. SFAS 157 clarifies that fair value is an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. As such fair value is a market-based measurement that should be determined based on assumptions that market participants would use in pricing an asset or liability. As a basis for considering such assumptions, SFAS 157 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows: (Level 1) observable inputs such as quoted prices in active markets; (Level 2) inputs, other than the quoted prices in active markets, that are observable either directly or indirectly; and (Level 3) unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions.

Assets and liabilities measured at fair value are based on the market approach which is prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities.

Liabilities measured at fair value on a recurring basis are as follows (dollars in millions):

Description	Total December 31, 2008	Fair Value Measurement Using	
		Quoted Prices In Active Markets for Identical Contracts (Level 1)	Significant Other Observable Inputs (Level 2)
Net derivative contracts	\$ (73.0)	\$ (52.1)	\$ (20.9)

## 1. Organization and Significant Accounting Policies (continued)

There were no changes in our valuation techniques used to measure fair values on a recurring basis as a result of adopting SFAS 157.

**Revenue recognition.** The company recognizes revenue upon transfer of title, which occurs upon shipment of the product to the customer except for certain export sales where transfer of title occurs when the product reaches the customer destination.

Contracts and customer purchase orders are used to determine the existence of a sales arrangement. Shipping documents are used to verify shipment. The company assesses whether the selling price is fixed or determinable based upon the payment terms associated with the transaction and whether the sales price is subject to refund or adjustment. The company assesses collectibility based on the creditworthiness of the customer as determined by credit checks and analysis, as well as the customer's payment history, and does not require collateral on sales. The allowance for doubtful accounts was \$6.3 million and \$7.2 million at December 31, 2008 and 2007, respectively.

Accruals for customer returns for defective product are based on historical experience with similar types of sales. Accruals for rebates and incentives are based on pricing agreements and are tied to sales volume. Changes in such accruals may be required if future returns differ from historical experience or if actual sales volume differs from estimated sales volume. Rebates and incentives are recognized as a reduction of sales.

Shipping and handling costs billed to customers are included in net sales and the related costs are included in cost of products sold.

**Advertising.** Advertising costs are charged to operations as incurred and amounted to \$40.3, \$38.0 and \$30.5 million during 2008, 2007 and 2006, respectively.

**Research and development.** Research and development costs are charged to operations as incurred and amounted to \$48.5, \$47.8 and \$42.3 million during 2008, 2007 and 2006, respectively.

**Product warranties.** The company's products carry warranties that generally range from one to ten years and are based on terms that are generally accepted in the market. The company records a liability for the expected cost of warranty-related claims at the time of sale. The allocation of our warranty liability between current and long-term is based on expected warranty claims to be paid in the next year as determined by historical product failure rates.

The following table presents the company's product warranty liability activity in 2008 and 2007:

Years ended December 31 (dollars in millions)	2008	2007
Balance at beginning of year	\$ 105.5	\$ 98.7
GSW acquisition	—	5.0
Expense	73.0	54.8
Claims settled	(66.7)	(53.0)
Balance at end of year	<u>\$ 111.8</u>	<u>\$ 105.5</u>

**Environmental costs.** The company accrues for losses associated with environmental obligations when such losses are probable and reasonably estimable. Costs of estimated future expenditures are not discounted to their present value. Recoveries of environmental costs from other parties are recorded as assets when their receipt is considered probable. The accruals are adjusted as facts and circumstances change.

**Stock-based compensation.** Effective January 1, 2006, the company adopted Statement of Financial Accounting Standards ("SFAS") No. 123(R), "Share-Based Payment" ("SFAS 123(R)"), using the modified-prospective transition method. Under that method compensation cost is recognized beginning with the effective date (a) based on the requirements of SFAS 123(R) for all share-based payments granted after the effective date and (b) based on the requirements of SFAS 123 for all awards granted to employees prior to the effective date of SFAS 123(R) that remain unvested on the effective date. SFAS 123(R) had no impact on the company's financial position, statement of operations or cash flows at the date of adoption. SFAS 123(R) requires measurement of the cost of employee services received in exchange for an award of equity instruments based on the fair value of the award at the date of grant. Compensation cost is recognized using the straight-line method over the vesting period of the award. SFAS 123(R) also requires the benefits of tax deductions in excess of recognized compensation

## 1. Organization and Significant Accounting Policies (continued)

cost to be reported as a financing cash flow, rather than as an operating cash flow as required under prior literature. Excess tax deductions of \$1.1 million, \$4.8 million and \$4.2 million were recognized as a financing cash flow in 2008, 2007 and 2006, respectively. This requirement reduced net operating cash flows and increased net financing cash flows in periods after adoption. The company cannot estimate what those amounts will be in the future because they depend on, among other things, when employees exercise stock options.

**Earnings per share of common stock.** The numerator for the calculation of basic and diluted earnings per share is net earnings. The following table sets forth the computation of basic and diluted weighted-average shares used in the earnings per share calculations:

	2008	2007	2006
Denominator for basic earnings per share - weighted-average shares outstanding	30,061,373	30,560,727	30,406,088
Effect of dilutive stock options, restricted stock and share units	228,598	412,353	597,785
Denominator for diluted earnings per share	<u>30,289,971</u>	<u>30,973,080</u>	<u>31,003,873</u>

**Restricted marketable securities.** As described in Note 2, the company acquired GSW in 2006. GSW operated a captive insurance company to provide product liability and general liability insurance to its subsidiary American Water Heater Co. (American). The company decided to cover American's prospective liability exposures with its existing insurance programs and all product liability claims for events which occurred prior to July 1, 2006 will be financed by the captive. The reinsurance company restricts the amount of capital which must be maintained by the captive and this restricted amount is \$26.3 million and \$38.9 million at December 31, 2008 and 2007, respectively. The \$26.3 million and \$38.9 million of restricted money market instruments are included in other assets on the company's balance sheet at December 31, 2008 and 2007, respectively. The cost of the money market instruments approximates fair value.

**Recent accounting pronouncements.** In March 2008, the Financial Accounting Standards Board ("FASB") issued SFAS No. 161, "Disclosures about Derivative Instruments and Hedging Activities, an Amendment of FASB No. 133," ("SFAS 161"). SFAS 161 is intended to improve transparency in financial reporting by requiring enhanced disclosures of an entity's derivative instruments and hedging activities and their effects on the entity's financial position, financial performance, and cash flows. SFAS 161 applies to all derivative instruments within the scope of SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities," ("SFAS 133"). SFAS 161 also applies to non-derivative hedging instruments and all hedged items designated and qualifying under SFAS 133. SFAS 161 is effective prospectively for financial statements issued for fiscal years and interim periods beginning after November 15, 2008, with early application encouraged. SFAS 161 encourages, but does not require, comparative disclosures for periods prior to its initial adoption. We will adopt SFAS 161 on January 1, 2009 and are currently evaluating the potential impact on our financial statements when implemented.

In December 2007, the FASB issued SFAS No. 160, "Noncontrolling Interests in Consolidated Financial Statements, an amendment of ARB No. 51," ("SFAS 160"). SFAS 160 changes the accounting and reporting for minority interests, which will be recharacterized as noncontrolling interests and classified as a component of equity. This new consolidation method changes the accounting for transactions with minority interest holders. SFAS 160 is effective beginning in 2009. Adoption of this statement will impact our accounting for any future transactions which include a noncontrolling interest.

In December 2007, the FASB issued SFAS No. 141(R), "Business Combinations," ("SFAS 141(R)"). SFAS 141(R) requires us to continue to follow the guidance in SFAS 141 for certain aspects of business combinations, with additional guidance provided defining the acquirer, recognizing and measuring the identifiable assets acquired, the liabilities assumed, and any noncontrolling interest in the acquiree, assets and liabilities arising from contingencies, defining a bargain purchase and recognizing and measuring goodwill or a gain from a bargain purchase. In addition, certain transaction costs previously capitalized as part of the purchase price will be expensed as incurred. Also, under SFAS 141(R) adjustments associated with changes in tax contingencies that occur after the one year measurement period are recorded as adjustments to income. This statement is effective for all business combinations for which the acquisition date is on or after the beginning of an entity's first fiscal year that begins after December 15, 2008; however, the guidance in this standard regarding the treatment of income tax

## [Table of Contents](#)

### 1. Organization and Significant Accounting Policies (continued)

contingencies is retrospective to business combinations completed prior to January 1, 2009. We will adopt SFAS 141(R) for any business combinations occurring at or subsequent to January 1, 2009.

In February 2007, the FASB issued SFAS No. 159, The Fair Value Option for Financial Assets and Financial Liabilities—including an amendment of FASB Statement No. 115 (“SFAS 159”), which permits entities to choose to measure many financial instruments and certain other items at fair value. The objective is to improve financial reporting by providing entities with the opportunity to mitigate volatility in reported earnings caused by measuring related assets and liabilities without having to apply complex hedge accounting provisions. We adopted SFAS 159 on January 1, 2008. Adoption of this statement did not have an effect on our consolidated financial condition, results of operations or cash flows.

In September 2006, the FASB issued SFAS No. 157, “Fair Value Measurements.” (“SFAS 157”). SFAS 157 defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. SFAS 157 also establishes a fair value hierarchy that prioritizes information used in developing assumptions when pricing an asset or liability. As discussed earlier in this footnote we adopted SFAS 157 on January 1, 2008. Adoption of this statement did not have a material impact on our consolidated financial condition, results of operations or cash flows.

### 2. Acquisitions

On April 3, 2006, the company acquired GSW, a publicly traded Canadian-based manufacturer which operated in two business segments: water heaters and building products. The water heating segment manufactures and markets water heaters sold in the U.S. and Canada through its American and GSW Water Heater subsidiaries. The addition of GSW to the company’s existing water heater operations expanded the company’s share of the growing retail channel of the U.S. residential water heater market segment as well as increased its presence in the Canadian residential water heater market segment. On December 19, 2006, the company sold the building products business for \$11.4 million and in 2007, recorded a reduction in sales proceeds of \$0.4 million associated with a working capital adjustment. For accounting purposes, the operations of the building products business are reported as a discontinued operation.

The aggregate purchase price, net of \$39.3 million of cash acquired, was \$307.7 million. This was comprised of \$339.3 million for the outstanding stock and \$7.7 million of acquisition costs principally incurred in 2005. In addition, \$36.9 million of payments were made for change in control provisions and tax liabilities assumed.

The following table summarizes the estimated fair value of the assets acquired and liabilities assumed at the date of acquisition as finalized in 2007. The non-deductible goodwill has been recorded within the Water Products segment. Of the \$78.8 million of acquired intangible assets, \$32.1 million was assigned to indefinite-lived trademarks that are not subject to amortization and \$46.7 million was assigned primarily to customer relationships which have amortization periods ranging from 10 to 25 years.

April 3, 2006 (dollars in millions)

Current assets, net of cash acquired	\$157.2
Current assets held for sale	16.6
Property, plant and equipment	60.8
Intangible assets	78.8
Goodwill	193.8
Other assets	36.8
Total assets acquired	544.0
Current liabilities	143.5
Current liabilities held for sale	4.4
Long-term liabilities	88.4
Total liabilities assumed	236.3
Net assets acquired	\$307.7

The acquisition was accounted for using the purchase method of accounting, and accordingly, the results of operations have been included in the company’s financial statements from the April 3, 2006 date of acquisition.

The pro forma unaudited results of operations for the year ended December 31, 2006 assuming consummation of the purchase as of January 1, 2006, would result in diluted earnings per share of \$2.59 compared to stated diluted earnings per share of \$2.47.

## [Table of Contents](#)

### 3. Restructuring and Other Charges

#### *Electrical Products Restructuring and Related Charges*

In 2006, \$7.3 million of expense was recognized for the continuation of domestic repositioning activities. The majority of the charge is related to the closure of the McMinnville, TN, motor fabrication plant which was completed in the first quarter of 2007. Additionally, a pretax charge of \$1.6 million was recognized for the closure of the Taizhou, China plant which was closed in the fourth quarter of 2006.

In 2007, \$13.6 million of expense was recognized for the continuation of domestic repositioning activities. Included in this full year amount is an asset impairment charge of \$10.6 million. The majority of the domestic repositioning charges relate to the closure of the Scottsville, KY and Mebane, NC production facilities resulting in the consolidation of the hermetic motor assembly operations in Acuna, Mexico and Suzhou, China. The closures were completed in the fourth quarter of 2008.

Additionally, in 2007, Electrical Products recognized \$9.2 million of expense (of which \$7.5 million is an asset impairment charge), and a \$9.9 million tax benefit related to the closure of its Budapest, Hungary facility. The closure of its Budapest Hungary facility resulted in the remaining operations being transferred to China. The plant closed in the second quarter of 2008.

In 2008, \$8.7 million of expense was recognized for severance and asset impairment and moving costs associated with the completion of Electrical Products restructuring programs. Included in this amount was a nontaxable \$2.9 million favorable translation adjustment recognized upon closure of the Budapest, Hungary facility.

The following table presents an analysis of the company's Electrical Products restructuring reserve as of and for the years ended December 31, 2008, 2007 and 2006 (dollars in millions):

	Severance Costs	Lease Cancellation Costs	Asset Impairment	Other	Total
Balance at December 31, 2005	\$ 1.2	1.5	\$ 0.5	\$ -	\$ 3.2
Expense recognized	3.6	(0.1)	5.4	-	8.9
Cash payments	(3.3)	(1.4)	-	-	(4.7)
Asset disposal	-	-	(0.4)	-	(0.4)
Balance at December 31, 2006	\$ 1.5	\$ -	\$ 5.5	\$ -	\$ 7.0
Expense recognized	3.7	-	18.1	1.0	22.8
Cash payments	(2.2)	-	-	(0.1)	(2.3)
Asset disposal/write-down	-	-	(23.6)	-	(23.6)
Balance at December 31, 2007	\$ 3.0	\$ -	\$ -	\$ 0.9	\$ 3.9

#### *Other Charges – Tower Automotive, Inc.*

The company was the primary lessee on a facility lease in Corydon, Indiana related to a business sold to Tower Automotive, Inc. (Tower) in 1997. The company entered into a sublease arrangement with Tower in 1997 with the same terms and conditions as the company lease. Tower filed for bankruptcy on February 2, 2005 and subsequently notified the company that it would reject the sublease arrangement effective October 1, 2005. In order to minimize costs, the company purchased the Corydon facility for \$4.5 million on October 11, 2005. The company recognized \$0.5 million, \$0.5 million and \$0.4 million expense in 2008, 2007 and 2006, respectively, related to facility maintenance and the company's estimate of its ultimate net loss upon disposition of this facility.

[Table of Contents](#)**3. Restructuring and Other Charges (continued)***Other Charges – Previously Owned Businesses*

In 2007, the company recognized \$1.4 million of expense associated with retained liabilities of previously owned businesses which were sold by the company between 1997 – 2001. The majority of the \$1.4 million expense is related to certain costs associated with previously owned real estate. The company recognized expense of \$0.3 million in 2006 related to the settlement of an environmental liability.

**4. Statement of Cash Flows**

Supplemental cash flow information is as follows:

Years ended December 31 (dollars in millions)	2008	2007	2006
Net change in current assets and liabilities, net of acquisitions:			
Receivables	\$ 51.6	\$(36.5)	\$(15.7)
Inventories	(20.2)	32.1	(28.6)
Other current assets	(24.3)	0.6	1.5
Trade payables	(30.9)	19.0	31.2
Accrued liabilities, including payroll and benefits	(12.5)	18.4	1.9
Income taxes	1.9	(7.2)	(11.4)
	<u>\$(34.4)</u>	<u>\$ 26.4</u>	<u>\$(21.1)</u>

**5. Inventories**

December 31 (dollars in millions)	2008	2007
Finished products	\$221.6	\$177.8
Work in process	55.7	50.0
Raw materials	<u>125.1</u>	<u>112.9</u>
Inventories, at FIFO cost	402.4	340.7
LIFO reserve	<u>120.4</u>	<u>78.9</u>
	<u>\$282.0</u>	<u>\$261.8</u>

The company recognized after-tax LIFO income of \$2.3, \$4.3 and \$0.6 million in 2008, 2007 and 2006, respectively.

**6. Property, Plant and Equipment**

December 31 (dollars in millions)	2008	2007
Land	\$ 11.6	\$ 12.5
Buildings	183.4	188.7
Equipment	741.5	711.5
Software	43.4	40.9
	<u>979.9</u>	<u>953.6</u>
Less accumulated depreciation and amortization	<u>561.0</u>	<u>532.5</u>
	<u>\$418.9</u>	<u>\$421.1</u>

[Table of Contents](#)

**7. Goodwill**

Changes in the carrying amount of goodwill during the years ended December 31, 2008 and 2007, consisted of the following:

(dollars in millions)	Water Products	Electrical Products	Total
Balance at December 31, 2006	253.9	245.8	499.7
Finalization of purchase price allocation related to 2006 acquisition of business (see note 2)	6.4	-	6.4
Adjustment to 2002 acquisition (see note 12)	(1.3)	-	(1.3)
Currency translation adjustment	8.1	-	8.1
Balance at December 31, 2007	267.1	245.8	512.9
Currency translation adjustment	(10.0)	2.2	(7.8)
Balance at December 31, 2008	<u>\$ 257.1</u>	<u>\$ 248.0</u>	<u>\$505.1</u>

The company concluded that no impairment existed at the time of the annual impairment tests which were performed in the fourth quarters of 2008, 2007 and 2006. The two reporting units used to test goodwill for impairment are listed above.

**8. Debt and Lease Commitments**

December 31 (dollars in millions)	2008	2007
Bank credit lines, average year-end interest rate of 1.0% for 2008	\$ 23.6	\$ -
Revolving credit agreement borrowings, average year-end interest rate of 1.6% for 2008 and 5.5% for 2007	90.0	40.0
Commercial paper, average year-end interest rate of 2.4% for 2008 and 5.1% for 2007	20.7	116.9
Term notes with insurance companies, expiring through 2018, average year-end interest rate of 6.0% for 2008 and 6.1% for 2007	125.4	135.1
Other notes, expiring through 2012, average year-end interest rate of 3.0% for 2008 and 3.6% for 2007	6.5	12.5
Canadian revolving credit agreement borrowings, average year-end interest rate of 2.0% for 2008 and 5.0% for 2007	43.9	60.5
Canadian term notes with insurance companies, expiring through 2018, average year-end interest rate of 5.3% for 2008 and 2007	24.7	30.2
	<u>334.8</u>	<u>395.2</u>
Less long-term debt due within one year	17.5	15.6
Long-term debt	<u>\$317.3</u>	<u>\$379.6</u>

The company has a \$425 million multi-year multi-currency revolving credit agreement with a group of eight banks, which expires on February 17, 2011. The facility has an accordion provision which allows it to be increased up to \$500 million if certain conditions (including lender approval) are satisfied. Borrowings under the company's bank credit lines and commercial paper borrowings are supported by the revolving credit agreement. As a result of the long-term nature of this facility, the commercial paper and credit line borrowings are classified as long-term debt at December 31, 2008 and 2007. At its option, the company maintains either cash balances or pays fees for bank credit and services.

Scheduled maturities of long-term debt within each of the five years subsequent to December 31, 2008, are as follows: 2009-\$17.5; 2010—\$21.1; 2011-\$196.7; 2012-\$25.1; 2013-\$18.6 million.

## 8. Debt and Lease Commitments (continued)

Future minimum payments under non-cancelable operating leases relating mostly to office, manufacturing and warehouse facilities total \$48.5 million and are due as follows: 2009–\$14.0; 2010 \$10.3; 2011 \$6.8; 2012 \$4.0; 2013–\$2.7, and thereafter – \$10.7 million. Rent expense, including payments under operating leases, was \$25.0, \$26.6 and \$25.6 million in 2008, 2007 and 2006, respectively.

Interest paid by the company was \$19.2, \$26.7 and \$24.9 million in 2008, 2007 and 2006, respectively.

## 9. Stockholders' Equity

The company's authorized capital consists of 3 million shares of Preferred Stock \$1 par value, 14 million shares of Class A Common Stock \$5 par value, and 60 million shares of Common Stock \$1 par value. The Common Stock has equal dividend rights with Class A Common Stock and is entitled, as a class, to elect 25 percent of the Board of Directors and has 1/10th vote per share on all other matters. Class A Common Stock is convertible to Common Stock on a one for one basis.

During 2008, 2007 and 2006, 11,079, 23,540 and 193,975 shares, respectively, of Class A Common Stock were converted into Common Stock. Regular dividends paid on the Class A Common Stock and Common Stock amounted to \$.74, \$.70 and \$.66 per share in 2008, 2007 and 2006, respectively.

In February 2007, the company's Board of Directors authorized the purchase of up to 1,000,000 shares of its outstanding Common Stock. As of December 31, 2007, the company has completed this program at a total cost of \$36.6 million. In December 2007, the company's Board of Directors authorized the purchase of an additional 1,000,000 shares of its outstanding Common Stock. No shares were purchased in 2008.

At December 31, 2008, 32,595 and 2,339,033 shares of Class A Common Stock and Common Stock, respectively, were held as treasury stock. At December 31, 2007, 32,595 and 2,463,745 shares of Class A Common Stock and Common Stock, respectively, were held as treasury stock.

Accumulated other comprehensive loss is as follows:

December 31 (dollars in millions)	2008	2007
Cumulative foreign currency translation adjustments	\$ 13.4	\$ 7.8
Unrealized net loss on cash flow derivative instruments	(43.8)	(0.7)
Pension liability	(251.4)	(106.4)
	<u>\$(281.8)</u>	<u>\$ (99.3)</u>

## 10. Stock Based Compensation

The company adopted the A. O. Smith Combined Incentive Compensation Plan (the "plan") effective January 1, 2007. The plan is a continuation of the A. O. Smith Combined Executive Incentive Compensation Plan which was originally approved by shareholders in 2002. The plan provides for the issuance of 1,250,000 stock options, restricted stock or share units. Stock options are issued at exercise prices equal to the fair value of Common Stock on the date of grant. Additionally, any shares that would have been available for stock options, restricted stock or share units under the predecessor plan, if that plan was in effect, will be available for granting of share based awards under the plan. The number of shares available for granting of options or share units at December 31, 2008, was 893,124. Upon stock option exercise, restricted stock grant, or share unit vesting, shares are issued from Treasury stock.

Total stock based compensation cost recognized in 2008, 2007 and 2006 was \$5.0, \$4.6 and \$2.8 million, respectively.

**10. Stock Based Compensation (continued)**

*Stock options*

The stock options granted in 2008, 2007 and 2006 have a three year pro rata vesting from the date of grant. For active employees, all options granted in 2008, 2007 and 2006 expire ten years after date of grant. Stock option compensation recognized in 2008, 2007 and 2006 was \$1.9, \$1.7 and \$0.7 million, respectively. Included in the stock option expense recognized in 2008 and 2007 is expense associated with the accelerated vesting of stock option awards for certain employees who either are retirement eligible or become retirement eligible during the vesting period.

Changes in option shares, all of which are Common Stock, were as follows:

	Weighted-Avg. Per Share Exercise Price	Years Ended December 31			(dollars in millions) Aggregate Intrinsic Value
		2008	2007	2006	
Outstanding at beginning of year	\$27.01	1,117,434	1,443,900	1,920,850	
Granted					
2008--\$32.01 to \$35.64 per share	34.94	212,500			
2007--\$38.76 to \$40.27 per share			164,800		
2006--\$36.03 per share				18,000	
Exercised					
2008--\$18.31 to \$29.20 per share	19.04	(40,067)			\$ 0.6
2007--\$13.56 to \$29.20 per share			(488,066)		12.4
2006--\$13.56 to \$29.83 per share				(494,950)	10.8
Terminated					
2008--\$35.64 per share		(800)			
2007--\$29.20 to \$38.76 per share			(3,200)		
Outstanding at end of year					
(2008--\$13.56 to \$40.27 per share)	28.40	<u>1,289,067</u>	<u>1,117,434</u>	<u>1,443,900</u>	
Exercisable at end of year	25.74	<u>963,034</u>	<u>845,601</u>	<u>1,274,567</u>	

The aggregate intrinsic value for the outstanding and exercisable options as of December 31, 2008 is \$4.5 million and \$4.5 million, respectively. The average remaining contractual life for outstanding and exercisable options is 6 years and 5 years, respectively.

[Table of Contents](#)

**10. Stock Based Compensation (continued)**

The following table summarizes weighted-average information by range of exercise prices for stock options outstanding and exercisable at December 31, 2008:

Range of Exercise Prices	Options Outstanding at December 31, 2008	Weighted-Average Exercise Price	Options Exercisable at December 31, 2008	Weighted-Average Exercise Price	Weighted-Average Remaining Contractual Life
\$13.56	76,300	\$ 13.56	76,300	\$ 13.56	2 years
\$15.14	128,300	15.14	128,300	15.14	3 years
\$23.98 to \$40.27	1,084,467	31.01	758,434	28.76	7 years
	<u>1,289,067</u>		<u>963,034</u>		

The weighted-average fair value per option at the date of grant during 2008, 2007 and 2006, using the Black-Scholes option-pricing model, was \$11.59, \$14.43 and \$12.94, respectively. Assumptions were as follows:

	2008	2007	2006
Expected life (years)	6.4	6.5	6.4
Risk-free interest rate	3.7%	4.7%	4.4%
Dividend yield	2.0%	1.8%	2.2%
Expected volatility	35.1%	36.0%	38.0%

The expected life is based on historical exercise behavior and the projected exercise of unexercised stock options. The risk free interest rate is based on the U.S. Treasury yield curve in effect on the date of grant for the respective expected life of the option. The expected dividend yield is based on the expected annual dividends divided by the grant date market value of our common stock. The expected volatility is based on the historical volatility of our common stock.

*Restricted stock and share units*

Participants may also be awarded shares of restricted stock or share units under the plan. The company granted 144,008, 68,600, and 21,000 share units under the plan in 2008, 2007 and 2006, respectively. Included in the 2008 grant are share units granted on April 30, 2008 which are subject to performance conditions and which will vest on December 31, 2010. The ultimate number of share units that will vest will range from zero to 96,000 based on the average of the company's annual return on equity for the eleven quarters ending December 31, 2010. Compensation expense will be recognized ratably over the vesting period as long as achievement of the performance conditions is considered probable.

The restricted stock and share units were valued at \$4.9, \$2.7 and \$0.8 million at the date of issuance in 2008, 2007 and 2006, respectively, and will be recognized as compensation expense ratably over the three-year vesting period. Compensation expense of \$3.1, \$2.9 and \$2.3 million was recognized in 2008, 2007 and 2006, respectively. Included in share based compensation expense recognized in 2008 and 2007 is expense associated with the accelerated vesting of share unit awards for certain employees who either are retirement eligible or become retirement eligible during the vesting period.

A summary of restricted stock and share unit activity under the plan is as follows:

	Number of Units	Weighted-Average Grant Date Value
Outstanding at January 1, 2008	212,500	\$32.91
Granted	144,008	33.69
Vested	(123,900)	28.54
Terminated	<u>(626)</u>	35.64
Outstanding at December 31, 2008	<u>231,982</u>	\$35.40

**10. Stock Based Compensation (continued)**

Total compensation expense for restricted stock and share units not yet recognized is \$3.5 million at December 31, 2008. The weighted average period over which the expense is expected to be recognized is one year.

**11. Pension and Other Post-retirement Benefits**

The company provides retirement benefits for all United States employees including benefits for employees of previously owned businesses which were earned up to the date of sale. The company also has several foreign pension plans, none of which are material to the company's financial position.

The company has a defined-contribution profit sharing and retirement plan covering the majority of its salaried nonunion employees which provides for annual company contributions of 35 percent to 140 percent of qualifying contributions made by participating employees. The amount of the company's contribution in excess of 35 percent is dependent upon the company's profitability. The company also has defined-contribution plans for certain hourly employees which provide for annual matching company contributions.

The company has unfunded defined-benefit post-retirement plans covering certain hourly and salaried employees that provide medical and life insurance benefits from retirement to age 65. Certain hourly employees retiring after January 1, 1996, are subject to a maximum annual benefit and salaried employees hired after December 31, 1993, are not eligible for post-retirement medical benefits.

On December 31, 2006, the company adopted SFAS No. 158, "Employer's Accounting for Defined Benefit Pension and Other Postretirement Plans - an amendment of FASB Statements No. 87, 88, 106 and 132(R)." SFAS 158 requires that the company recognize the overfunded or underfunded status of its defined benefit and retiree medical plans as an asset or liability in the balance sheet with changes in the funded status recognized through comprehensive income in the year in which they occur. The impact of adoption was a one time before tax charge to accumulated other comprehensive loss of \$28.3 million.

[Table of Contents](#)
**11. Pension and Other Post-retirement Benefits (continued)**
**Obligations and Funded Status**
**Pension and Post-Retirement Disclosure Information Under FASB Statements 132 and 158**

The following tables present the changes in benefit obligations, plan assets and funded status for domestic pension and post-retirement plans and the components of net periodic benefit costs.

Years ended December 31 (dollars in millions)	Pension Benefits		Post-retirement Benefits	
	2008	2007	2008	2007

<b>Total Recognized in Net Periodic Cost and Other Comprehensive Earnings</b>	<u>\$241.8</u>	<u>\$(42.6)</u>	N/A	<u>\$ 0.6</u>	<u>\$ 0.5</u>	N/A

The estimated net actuarial loss and prior service cost for the pension plans that will be amortized from accumulated other comprehensive loss into net periodic benefit cost during 2009 are \$11.9 million and \$0.3 million, respectively. The estimated net actuarial loss and prior year service cost for the post-retirement benefit plans that will be amortized from accumulated other comprehensive loss into net periodic benefit cost during 2009 are each less than \$0.1 million. As permitted under paragraph 26 of FASB Statement No. 87 and paragraph 53 of Statement No. 106, the amortization of any prior service cost is determined using a straight-line amortization of the cost over the average remaining service period of employees expected to receive benefits under the Plan.

The 2008 and 2007 after tax adjustments for additional minimum pension liability resulted in other comprehensive gain (loss) of \$(145.0) million and \$33.8 million, respectively.

**Assumptions**

Actuarial assumptions used to determine benefit obligations at December 31 are as follows:

	Pension Benefits		Post-retirement Benefits	
	2008	2007	2008	2007
Discount rate	6.6%	6.5%	6.6%	6.5%
Average salary increases	4.0%	4.0%	4.0%	4.0%

Actuarial assumptions used to determine net periodic benefit cost for the year ended December 31 are as follows:

Years ended December 31	Pension Benefits			Post-retirement Benefits		
	2008	2007	2006	2008	2007	2006
Discount rate	6.50%	5.90%	5.75%	6.50%	5.90%	5.75%
Expected long-term return on plan assets	8.75%	8.75%	8.75%	n/a	n/a	n/a
Rate of compensation increase	4.00%	4.00%	4.00%	4.00%	4.00%	4.00%

## 11. Pension and Other Post-retirement Benefits (continued)

In developing the expected long-term rate of return assumption, the company evaluated its pension plan's target and actual asset allocation and historical long-term rates of return of equity and bond indices. The company also considered its pension plan's historical 10-year and 25-year compounded annualized returns of 4.0 percent and 10.3 percent, respectively.

### Assumed health care cost trend rates

Assumed health care cost trend rates as of December 31 are as follows:

	2008	2007
Health care cost trend rate assumed for next year	10.00%	10.00%
Rate to which the cost trend rate is assumed to decline (the ultimate trend rate)	5.00%	5.00%
Year that the rate reaches the ultimate trend rate	2014	2013

A one-percentage-point change in the assumed health care cost trend rates would not result in a material impact on the company's consolidated financial statements.

### Plan Assets

The company's pension plan weighted asset allocations as of December 31 by asset category are as follows:

Asset Category	2008	2007
Equity securities	55%	71%
Debt securities	36	24
Private equity	6	4
Other	3	1
	<u>100%</u>	<u>100%</u>

The company's target allocation to equity managers is between 60 to 70 percent with the remainder allocated primarily to bond managers and a small allocation to private equity managers. The company regularly reviews its actual asset allocation and periodically rebalances its investments to the targeted allocation when considered appropriate.

There is no company stock included in plan assets at December 31, 2008 and 2007.

### Cash Flows

In 2008, the company made contributions of \$17.3 million and will be required to make a contribution of \$18 million in 2009. The company is anticipating making a contribution in 2009 in the range of \$18 to \$35 million.

**11. Pension and Other Post-retirement Benefits (continued)**

**Estimated Future Payments**

The following benefit payments, which reflect expected future service, as appropriate, are expected to be paid:

Years ending December 31 (dollars in millions)	Pension Benefits	Post-retirement Benefits
2009	\$ 59.3	\$ 1.5
2010	59.1	1.6
2011	58.8	1.6
2012	58.6	1.5
2013	58.8	1.5
Years 2014 – 2018	294.3	6.7

**12. Income Taxes**

The components of the provision for income taxes from continuing operations consisted of the following:

Years ended December 31 (dollars in millions)	2008	2007	2006
<b>Current:</b>			
Federal	\$ 2.0	\$ 6.3	\$18.0
State	2.9	4.2	3.4
International	14.4	3.9	3.8
<b>Deferred:</b>			
Federal	8.9	(2.7)	0.5
State	0.5	(2.2)	0.4
International	(0.8)	2.2	2.5
	<u>\$27.9</u>	<u>\$11.7</u>	<u>\$28.6</u>

The provision for income taxes differs from the U.S. federal statutory rate due to the following items:

Years ended December 31	2008	2007	2006
Provision at U.S. federal statutory rate	35.0%	35.0%	35.0%
U.S. tax benefit for closure of Budapest, Hungary facility	-	(9.9)	-
State income and franchise taxes, net of federal benefit	1.8	1.4	2.4
International income tax rate differential	(11.2)	(11.7)	(10.1)
Research tax credits	(0.7)	(0.7)	-
U.S. manufacturing deduction	(0.2)	(0.5)	(0.3)
Other	0.7	(1.9)	0.3
	<u>25.4%</u>	<u>11.7%</u>	<u>27.3%</u>

Components of earnings from continuing operations before income taxes were as follows:

Years ended December 31 (dollars in millions)	2008	2007	2006
United States	\$ 35.4	\$43.0	\$ 59.3
International	74.4	56.9	45.5
	<u>\$109.8</u>	<u>\$99.9</u>	<u>\$104.8</u>

Total taxes paid by the company amounted to \$15.7, \$14.1, and \$37.3 million in 2008, 2007 and 2006, respectively. Included in the 2007 and 2006 taxes paid are \$4.2 million and \$9.2 million of net tax payments for the companies acquired in 2006 relating to periods before the acquisition.

[Table of Contents](#)

**12. Income Taxes (continued)**

No provision for U.S. income taxes or foreign withholding taxes has been made on the undistributed earnings of foreign subsidiaries as such earnings are considered to be permanently invested. At December 31, 2008, the undistributed earnings amounted to \$248.1 million. Determination of the amount of unrecognized deferred tax liability on the undistributed earnings is not practicable. In addition, no provision or benefits for U.S. income taxes have been made on foreign currency translation gains or losses.

The tax effects of temporary differences of assets and liabilities between income tax and financial reporting are as follows:

December 31 (dollars in millions)

	2008		2007	
	Assets	Liabilities	Assets	Liabilities
Employee benefits	\$ 114.3	\$ -	\$ 28.7	\$ -
Product liability and warranties	62.7	-	64.7	-
Inventories	3.6	-	1.8	-
Property, plant and equipment	-	30.0	-	34.9
Intangibles	-	87.1	-	84.1
Restructuring	0.9	-	4.5	-
Environmental	3.5	-	4.6	-
Derivative instruments	28.5	-	0.5	-
Tax loss and credit carryovers	12.4	-	9.9	-
All other	8.1	-	7.7	-
Valuation allowance	(3.9)	-	(3.9)	-
	<u>\$230.1</u>	<u>\$ 117.1</u>	<u>\$118.5</u>	<u>\$ 119.0</u>
Net (liability) asset		<u>\$ 113.0</u>		<u>\$ (0.5)</u>

These deferred tax assets and liabilities are classified in the balance sheet as current or long-term based on the balance sheet classification of the related assets and liabilities as follows:

December 31 (dollars in millions)	2008	2007
Current deferred income tax assets	\$ 63.2	\$ 34.0
Long-term deferred income tax assets (liabilities)	<u>49.8</u>	<u>(34.5)</u>
Net (liability) asset	<u>\$113.0</u>	<u>\$ (0.5)</u>

The company has foreign net operating loss carryovers with tax benefits of \$3.9 million. Of the \$3.9 million of tax benefits, \$3.3 million have an unlimited carryover period and \$0.6 million expire in 2016. Based on future realizability, a valuation allowance of \$3.9 million has been established against the foreign net operating loss carryover tax benefits.

The company has a \$4.0 million charitable contribution carryover that expires in 2013. The company also has state and local net operating loss carryovers having a tax value of \$5.9 million and state and local tax credit carryovers of \$1.0 million. These carryovers expire between 2010 and 2028. Based on future realizability, no valuation allowance has been established against the charitable contribution or state and local carryover tax benefits.

There was no change in the valuation allowance for 2008. During 2007 the valuation allowance was decreased and goodwill decreased by \$1.3 million to reflect expected utilization of tax benefits previously acquired with the State Industries, Inc. acquisition in 2001. Also, in 2007 the valuation allowance was increased by \$0.7 million for the current year tax benefits of foreign loss carryovers that are not expected to be utilized and decreased by \$0.2 million to reflect expiration of foreign net operating losses.

In China, foreign investment enterprises engaged in manufacturing activities are granted favorable tax treatment during start-up periods. The enterprises are granted a two-year tax exemption and a three-year 50% tax rate reduction beginning with the enterprise's first profit making year. In 2008 two of the company's China subsidiaries benefited from the favorable tax treatment. The consolidated earnings would have been \$0.05 per share lower without the tax holiday.

## 12. Income Taxes (continued)

The Company adopted the provisions of FIN 48 on January 1, 2007. There was no cumulative effect of adoption recorded to retained earnings. A reconciliation of the beginning and ending amount of unrecognized benefits is as follows:

(Dollars in millions)	2008	2007
Balance at January 1	\$ 4.8	\$ 7.6
Additions based on tax positions related to the current year	0.8	0.5
Additions for tax positions of prior years	-	-
Reductions for tax positions of prior years	(0.1)	(3.3)
Balance at December 31	<u>\$ 5.5</u>	<u>\$ 4.8</u>

The amount of unrecognized tax benefits that, if recognized, would affect the effective tax rate is \$4.2 million. The company recognizes potential interest and penalties related to unrecognized tax benefits as a component of tax expense. At January 1, 2007 there was \$0.8 million of interest and penalties accrued. The amount was reduced to \$0.4 million at December 1, 2007 and was increased to \$0.5 million during 2008. It is not anticipated there will be a significant change in the total amount of unrecognized tax benefits in the next 12 months. The company's U.S. federal tax returns for 2005-2008 are subject to audit. The company is subject to state and local audits for tax years 2003-2008. The company is subject to non-U.S. income tax examinations for years 2001-2008.

## 13. Commitments and Contingencies

The company is a potentially responsible party in eight judicial and administrative proceedings initiated on behalf of various state and federal regulatory agencies seeking to clean up sites which have been environmentally impacted and to recover costs they have incurred or will incur as to the sites.

The company has established reserves for the sites and insurance proceeds and potential recovery from third parties are available to cover a portion of the company's potential liability. The company believes that any environmental claims for these sites in excess of reserves, insurance proceeds and indemnified amounts will not have a material effect on its financial position or results of operations.

The company or its subsidiaries have been named as a co-defendant in lawsuits alleging personal injury as a result of exposure to asbestos integrated into certain of the company's or its subsidiaries' products or premises. The company and its subsidiaries have never manufactured asbestos. As of December 31, 2008 the company and its subsidiaries are defendants in active lawsuits involving claims by approximately 6,990 plaintiffs. The company and its subsidiaries have made no payment in a substantial majority of the cases closed to date. The remainder of the resolved cases have settled for amounts that are not material to the company, and the vast majority of the costs of defense and settlements have been paid in part by insurance, and the company believes it has adequate insurance coverage to cover its exposure.

The company has been named as a co-defendant in lawsuits alleging manganese-induced illness involving claims by approximately 1,698 plaintiffs. The claimants in these lawsuits allege that exposure to manganese in welding consumables caused them to develop adverse neurological conditions, including a condition known as manganism, and are seeking compensatory and, in many instances, punitive damages, usually for unspecified sums. The company manufactured welding consumables from 1918 until it sold that business to another company in 1965. The company has not been found liable in any of the lawsuits and has not paid any settlements. The costs of defense have been paid by insurance, and the company believes it has adequate insurance coverage to cover its exposure.

### **13. Commitments and Contingencies (continued)**

The company is subject to various claims and pending lawsuits for product liability and other matters arising out of the conduct of the company's business. With respect to product liability claims, the company has self-insured a portion of its product liability loss exposure for many years. The company has established reserves which it believes are adequate to cover incurred claims. For the years ended December 31, 2008 and 2007, the company had \$125 million of product liability insurance for individual losses in excess of \$5 million. The company periodically reevaluates its exposure on claims and lawsuits and makes adjustments to its reserves as appropriate. The company believes, based on current knowledge, consultation with counsel, adequate reserves and insurance coverage, that the outcome of such claims and lawsuits will not have a material adverse effect on the company's financial position, results of operations or cash flows.

In Form 8-K filed with the Securities and Exchange Commission on October 19, 2007, the company disclosed an adverse verdict in a product liability lawsuit in Baldwin County, Alabama. On February 19, 2008, all plaintiffs executed a Release, Settlement and Confidentiality Agreement (the Settlement) resolving the lawsuit in its entirety. The Settlement was approved by the Baldwin County Court and the adverse verdict will be vacated. The terms of the Settlement are confidential. The company's expense related to the Settlement was included in the reserve recorded as of December 31, 2007.

### **14. Operations by Segment**

The company has two reportable segments: Water Products and Electrical Products. The Water Products segment manufactures residential and commercial gas and electric water heaters used in a wide range of applications including hotels, laundries, car washes, factories and large institutions. In addition, the Water Products segment manufactures copper tube boilers used in large-volume hot water and hydronic heating applications. The Electrical Products segment manufactures fractional horsepower alternating current (AC) and direct current (DC) motors used in fans and blowers in furnaces, air conditioners and ventilating systems; as well as in other consumer products such as home appliances and pumps for swimming pools, hot tubs and spas. In addition, the Electrical Products segment manufactures hermetic motors which are sold worldwide to manufacturers of compressors used in air conditioning and refrigeration systems.

The accounting policies of the reportable segments are the same as those described in the "Summary of Significant Accounting Policies" outlined in Note 1. Operating earnings, defined by the company as earnings before interest, taxes, general corporate and corporate research and development expenses, is used to measure the performance of the segments and allocate resources.

[Table of Contents](#)

**14. Operations by Segment (continued)**

Years ended December 31 (dollars in millions)	Net Earnings			Net Sales		
	2008	2007	2006	2008	2007	2006
Water Products	\$134.7	\$150.0	\$122.4	\$1,451.3	\$1,423.1	\$1,260.8
Electrical Products	39.1	23.1	48.1	858.1	894.0	905.9
Inter-segment	(0.1)	(0.2)	(0.1)	(4.5)	(5.0)	(5.4)
Total segments – operating earnings	173.7	172.9	170.4	<u>\$2,304.9</u>	<u>\$2,312.1</u>	<u>\$2,161.3</u>
General corporate and research and development expenses	(44.7)	(46.3)	(40.7)			
Interest expense	(19.2)	(26.7)	(24.9)			
Earnings before income taxes	109.8	99.9	104.8			
Provision for income taxes	(27.9)	(11.7)	(28.6)			
Earnings from continuing operations	<u>\$ 81.9</u>	<u>\$ 88.2</u>	<u>\$ 76.2</u>			

Sales to a major customer within the Water Products segment totaled \$254.1 and \$251.1 million in 2008 and 2007, respectively which is 11% of the company's net sales in both years. There were no sales to customers exceeding 10% of consolidated net sales in 2006. Water Products 2008 operating earnings includes an equity loss in joint venture of \$0.3 million.

**Assets, depreciation and capital expenditures by segment**

(dollars in millions)	Total Assets (December 31)			Depreciation and Amortization (Years Ended December 31)			Capital Expenditures (Years Ended December 31)		
	2008	2007	2006	2008	2007	2006	2008	2007	2006
Water Products	\$ 984.2	\$1,040.3	\$ 967.2	\$35.3	\$34.7	\$29.5	\$40.9	\$42.3	\$33.9
Electrical Products	718.1	704.0	768.2	30.5	32.3	30.9	24.9	28.6	33.4
Total segments	1,702.3	1,744.3	1,735.4	65.8	67.0	60.4	65.8	70.9	67.3
Corporate assets	181.6	110.1	104.5	0.5	0.5	0.5	0.3	0.5	0.9
Total	<u>\$1,883.9</u>	<u>\$1,854.4</u>	<u>\$1,839.9</u>	<u>\$66.3</u>	<u>\$67.5</u>	<u>\$60.9</u>	<u>\$66.1</u>	<u>\$71.4</u>	<u>\$68.2</u>

The majority of corporate assets consists of cash and cash equivalents and deferred income taxes.

**Net sales and long-lived assets by geographic location**

The following data by geographic area includes net sales based on product shipment destination and long-lived assets based on physical location. Long-lived assets include net property, plant and equipment and other long-term assets, other intangibles and long-lived assets of previously owned businesses.

(dollars in millions)	Long-lived Assets				Net Sales		
	2008	2007	2006		2008	2007	2006
United States	\$274.8	\$299.5	\$314.1	United States	\$1,711.3	\$1,757.0	\$1,720.9
Mexico	107.1	105.4	110.3	China	240.5	197.6	154.2
China	94.8	70.8	61.2	Canada	166.7	171.9	137.3
Canada	42.3	55.6	49.0	Other Foreign	186.4	185.6	148.9
Other Foreign	2.3	3.7	7.9	Total	<u>\$2,304.9</u>	<u>\$2,312.1</u>	<u>\$2,161.3</u>
Total	<u>\$521.3</u>	<u>\$535.0</u>	<u>\$542.5</u>				

[Table of Contents](#)**15. Quarterly Results of Operations (Unaudited)**

(dollars in millions, except per share amounts)

	1st Quarter		2nd Quarter		3rd Quarter		4th Quarter	
	2008	2007	2008	2007	2008	2007	2008	2007
Net sales	\$571.4	\$577.2	\$622.2	\$611.5	\$602.7	\$553.5	\$508.6	\$569.9
Gross profit	132.6	122.8	141.6	134.8	123.7	120.1	99.6	135.7
Net earnings	21.9	19.5	32.0	27.0	21.4	24.7	6.6	17.0
Net earnings per share								
Basic	.73	.64	1.06	.88	.71	.80	.22	.56
Diluted	.72	.63	1.06	.87	.70	.79	.22	.55
Common dividends declared	.18	.17	.18	.17	.19	.18	.19	.18

Net earnings per share are computed separately for each period and, therefore, the sum of such quarterly per share amounts may differ from the total for the year. 2008 and 2007 fourth quarter net earnings included a \$2.1 million and \$2.4 million LIFO benefit, net of tax, respectively. Electrical Products 2007 fourth quarter net earnings included bad debt expense of \$1.5 million, net of tax.

**ITEM 9 – CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE**

None.

**ITEM 9A – CONTROLS AND PROCEDURES****Disclosure Controls and Procedures**

The Company's management, with the participation of the Company's Chief Executive Officer and Chief Financial Officer, have evaluated the effectiveness of the Company's disclosure controls and procedures (as such term is defined in Rules 13a-15(e) under the Securities Exchange Act of 1934, as amended ("the Exchange Act")) as of the end of the period covered by this report. Based on such evaluations, the Company's Chief Executive Officer and Chief Financial Officer have concluded that, as of the end of such period, the Company's disclosure controls and procedures are effective in recording, processing, summarizing, and reporting, on a timely basis, information required to be disclosed by the Company in the reports that it files or submits under the Exchange Act, and that information is accumulated and communicated to the Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely discussions regarding required disclosure.

**Management Report on Internal Control Over Financial Reporting**

The Company's management is responsible for establishing and maintaining adequate internal control over financial reporting, as such term is defined in Exchange Act Rule 13a-15(f). The Company's management, with the participation of the Company's Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of the Company's internal control over financial reporting based on the framework in Internal Control-Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on this evaluation, the company's management has concluded that, as of December 31, 2008, the Company's internal control over financial reporting was effective.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Ernst and Young LLP, an independent registered public accounting firm, has audited the Company's consolidated financial statements and the effectiveness of internal controls over financial reporting as of December 31, 2008 as stated in their report which is included herein.

---

[Table of Contents](#)

**Changes in Internal Control Over Financial Reporting**

There has not been any change in the Company's internal control over financial reporting during the quarter ended December 31, 2008, that has materially affected, or is reasonable likely to materially affect, the Company's internal control over financial reporting.

**ITEM 9B - OTHER INFORMATION**

On February 25, 2009, we amended Mr. Rajendra's Offer Letter with respect to his pension supplement to resolve an open issue dating back to his date of hire related to pension forfeited at his former company. Upon completion of 10 years of service, Mr. Rajendra will be eligible for an \$85,000/year supplement paid as a straight life annuity commencing with his retirement from the Company. The amendment is attached as Exhibit 10(i).

**Report of Independent Registered Public Accounting Firm**

The Board of Directors and Stockholders  
A.O. Smith Corporation

We have audited A.O. Smith Corporation's internal control over financial reporting as of December 31, 2008, based on criteria established in Internal Control—Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (the COSO criteria). A.O. Smith Corporation's management is responsible for maintaining effective internal control over financial reporting, and for its assessment of the effectiveness of internal control over financial reporting included in the accompanying Management's Report on Internal Control over Financial Reporting. Our responsibility is to express an opinion on the company's internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, A.O. Smith Corporation maintained, in all material respects, effective internal control over financial reporting as of December 31, 2008, based on the COSO criteria.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheets of A.O. Smith Corporation as of December 31, 2008 and 2007, and the related consolidated statements of earnings, comprehensive earnings, stockholders' equity, and cash flows for each of the three years in the period ended December 31, 2008 and our report dated January 30, 2009 expressed an unqualified opinion thereon.

**A. O. SMITH CORPORATION**  
**EXECUTIVE LIFE INSURANCE PLAN**

**Effective June 9, 1992**

**As Amended and Restated Effective January 1, 2009**

1. Purpose

The purpose of the A. O. Smith Corporation Executive Life Insurance Plan ("Plan") is to induce key employees to remain in the employ of A. O. Smith Corporation ("Company") or Subsidiaries or Affiliates of the Company by providing the employees with active and post retirement life insurance competitive with that provided by other major corporations.

2. Definitions

- (a) **Affiliate:** Any corporation in which the Company has fifty (50) percent or less ownership.
- (b) **Committee:** The Personnel and Compensation Committee of the Board of Directors of the Company.
- (c) **Employee:** Any full time managerial, administrative or professional employee (including any officer or director who is such an employee) of the Company, or any of its Subsidiaries or Affiliates.
- (d) **Participant:** An Employee who is selected by the Committee to participate in the Plan.
- (e) **Subsidiary:** Any corporation in which the Company has more than fifty (50) percent of the ownership.

3. Administration

The Plan shall be administered by the Committee, which shall have sole and complete authority to adopt, amend and repeal administrative rules to govern the operation of the Plan. The Committee shall also have complete discretionary authority to determine eligibility for benefits and to interpret and construe the terms of the Plan.

4. Eligibility

Employees who, in the opinion of the Committee, are key employees and have demonstrated a capacity for contributing in a substantial measure to the successful performance of the Company shall be eligible to become Participants. The Committee shall have complete authority and discretion to determine those Employees who shall be Participants.

5. Amount of Life Insurance

The Company will purchase one or more life insurance policies for each Participant, from a high quality, reputable life insurer, in an amount determined by the Committee, but in no event less than three times the Participant's base salary at the time participation commences. Participants who retire from the Company shall be eligible for post-retirement life insurance coverage equal to one times his or her base salary.

With respect to policies issued prior to August 1, 2002, each life insurance policy shall be solely owned by the Participant and shall permit the Participant to name the beneficiary of his choice. The Participant shall enter into a Collateral Assignment Agreement with the Company whereby Participant assigns an amount of the cash hereunder value and/or life insurance equal to the premiums paid by the Company.

With respect to policies issued on and after August 1, 2002, each life insurance policy shall be solely owned by the Company. The Company shall enter into an Endorsement Split-Dollar Insurance Agreement with the Participant whereby the Participant shall have the right to the name the beneficiary of his choice with respect to such amount of death proceeds payable under the policy as determined by the Committee.

Participants in this Plan shall not be eligible for group term life insurance coverage under the A. O. Smith Group Life and Accidental Death and Dismemberment Insurance.

6. Termination of Employment

(a) Except as provided in (b), upon a Participant's termination of employment (voluntary or involuntary) or retirement, the payment of premiums by the Company will cease and the Collateral Assignment Agreement or an Endorsement Split-Dollar Insurance Agreement will be terminated. The Committee shall determine the date on which the final premium payment will be made.

(b) The Company shall have the discretion to continue payment of premiums and the Collateral Assignment Agreement or Endorsement Split-Dollar Insurance Agreement beyond termination of employment or retirement in such cases and for such periods of time as it deems advisable and to transfer its right in any insurance policy to any retired Participant.

7. Expenses

The expenses of administering the Plan shall be paid by the Company.

8. Amendment and Termination

The Committee shall have the right to modify, amend or terminate the Plan at any time.

9. Claims Procedure

The following provisions are part of this agreement and are intended to meet the requirements of the Employee Retirement Income Security Act of 1974:

(a) The Committee is hereby designated as the named fiduciary under the Plan. The named fiduciary shall have authority to control and manage the operation and administration of this Plan, and it shall be responsible for establishing and carrying out a funding policy and method consistent with the objectives of this Plan.

- (b) The Committee shall make all determinations concerning rights to benefits under the Plan. Any decision by the Committee denying a claim by the Participant or his beneficiary for benefits under the Plan shall be stated in writing and delivered or mailed to the Participant or such beneficiary. Such decision shall set forth the specific reasons for the denial, written to the best of the Committee's ability in a manner that may be understood without legal or actuarial counsel. In the event a claim is denied, the Participant shall have 60 days following the denial to file a written request for review of the denial. The Participant may submit pertinent documents for the Committee's consideration upon review. Within 60 days of receipt of a request for review, the Committee shall issue a written decision on the review request. The decision on review shall include the specific reasons for the decision with references to the pertinent Plan provisions upon which the decision is based.
- (c) The Committee shall have the discretionary authority and power to determine eligibility for benefits under the Plan and to construe and interpret its terms. The arbitrary and capricious standard apply in the review of any decision of Committee.

IN WITNESS WHEREOF, this Plan has been executed by the Company on this 18<sup>th</sup> day of December, 2008.

A. O. SMITH CORPORATION

**NOTE: Execution of this Adoption Agreement creates a legal liability of the Employer with significant tax consequences to the Employer and Participants. The Employer should obtain legal and tax advice from its professional advisors before adopting the Plan. Principal Life Insurance Company disclaims all liability for the legal and tax consequences which result from the elections made by the Employer in this Adoption Agreement.**

Principal Life Insurance Company, Raleigh, NC 27612  
A member of the Principal Financial Group®

**THE EXECUTIVE NONQUALIFIED "EXCESS" PLAN  
ADOPTION AGREEMENT**

THIS AGREEMENT is the adoption by **A. O. Smith Corporation** (the "Company") of the Executive Nonqualified Excess Plan ("Plan").

WITNESSETH:

WHEREAS, the Company desires to adopt the Plan as an unfunded, nonqualified deferred compensation plan; and

WHEREAS, the provisions of the Plan are intended to comply with the requirements of Section 409A of the Code and the regulations thereunder and shall apply to amounts subject to section 409A; and

WHEREAS, the Company has been advised by Principal Life Insurance Company to obtain legal and tax advice from its professional advisors before adopting the Plan,

NOW, THEREFORE, the Company hereby adopts the Plan in accordance with the terms and conditions set forth in this Adoption Agreement:

ARTICLE I

Terms used in this Adoption Agreement shall have the same meaning as in the Plan, unless some other meaning is expressly herein set forth. The Employer hereby represents and warrants that the Plan has been adopted by the Employer upon proper authorization and the Employer hereby elects to adopt the Plan for the benefit of its Participants as referred to in the Plan. By the execution of this Adoption Agreement, the Employer hereby agrees to be bound by the terms of the Plan.

ARTICLE II

The Employer hereby makes the following designations or elections for the purpose of the Plan:

**2.6 Committee:** The duties of the Committee set forth in the Plan shall be satisfied by:

- (a) Company
- (b) The administrative committee appointed by the Board to serve at the pleasure of the Board.
- (c) Board.
- (d) Other (specify): **Personnel and compensation committee of the Board of Directors.**

**2.8 Compensation:** The "Compensation" of a Participant shall mean all of a Participant's:

- (a) Base salary.
- (b) Service Bonus.
- (c) Performance-Based Compensation earned in a period of 12 months or more.
- (d) Commissions.
- (e) Compensation received as an Independent Contractor reportable on Form 1099.
- (f) Other: **Restricted stock units.**

**2.9 Crediting Date:** The Deferred Compensation Account of a Participant shall be credited with the amount of any Participant Deferral to such account at the time designated below:

- (a) The last business day of each Plan Year.
- (b) The last business day of each calendar quarter during the Plan Year.
- (c) The last business day of each month during the Plan Year.
- (d) The last business day of each payroll period during the Plan Year.
- (e) Each pay day as reported by the Employer.
- (f) Any business day on which Participant Deferrals are received by the administrative recordkeeper.
- (g) Other: \_\_\_\_\_.

**2.13 Effective Date:**

- (a) This is a newly-established Plan, and the Effective Date of the Plan is \_\_\_\_\_.
- (b) This is an amendment and restatement of plans named

**A. O. Smith Corporation Corporate Directors' Deferred Compensation Plan, A. O. Smith Corporation Executive Deferred Compensation Plan, A. O. Smith Corporation Supplemental Profit Sharing Plan**, and incorporates the bonus deferral provisions under the **A. O. Smith Corporation Combined Executive Incentive Compensation Plan**.

The Effective Date of this amended and restated Plan is **December 1, 2008**.

- (i) All amounts in Deferred Compensation Accounts shall be subject to the provisions of this amended and restated Plan.
- (ii) Any Grandfathered Amounts shall be subject to the Plan rules in effect on October 3, 2004.

**2.20 Normal Retirement Age:** The Normal Retirement Age of a Participant shall be:

- (a) Age **65**.
- (b) The later of age or the anniversary of the participation commencement date. The participation commencement date is the first day of the first Plan Year in which the Participant commenced participation in the Plan.
- (c) Other: \_\_\_\_\_

**2.23 Participating Employer(s):** As of the Effective Date, the following Participating Employer(s) are parties to the Plan:

<u>Name of Employer</u>	<u>Address</u>	<u>Telephone No.</u>	<u>ETN</u>
<u>A. O. Smith Corporation</u>	<u>11270 West Park Place</u> <u>Milwaukee, WI 53224</u>	<u>414-359-4237</u>	<u>39-0619790</u>

**2.26 Plan:** The name of the Plan is

**A. O. Smith Nonqualified Deferred Compensation Plan.**

**2.28 Plan Year:** The Plan Year shall end each year on the last day of the month of **December.**

**2.30 Seniority Date:** The date on which a Participant has:

- (a) Attained age .
- (b) Completed Years of Service from First Date of Service.
- (c) Attained age and completed Years of Service from First Date of Service.
- (d) Attained an age as elected by the Participant.
- (e) Not applicable – distribution elections for Separation from Service are not based on Seniority Date

**4.1 Participant Deferral Credits:** Subject to the limitations in Section 4.1 of the Plan, a Participant may elect to have his Compensation (as selected in Section 2.8 of this Adoption Agreement) deferred within the annual limits below by the following percentage or amount as designated in writing to the Committee:

- XX (a) Base salary:
  - minimum deferral:   3   %
  - maximum deferral: \$ \_\_\_\_\_ or  100  %
- XX (b) Service Bonus:
  - minimum deferral:   3   %
  - maximum deferral: \$ \_\_\_\_\_ or  100  %
- XX (c) Performance-Based Compensation
  - minimum deferral:   3   %
  - maximum deferral: \$ \_\_\_\_\_ or  100  %
- (d) Commissions:
  - minimum deferral: \_\_\_\_\_ %
  - maximum deferral: \$ \_\_\_\_\_ or \_\_\_\_\_ %
- XX (e) Form 1099 Compensation:
  - minimum deferral:  25  %
  - maximum deferral: \$ \_\_\_\_\_ or  100  %
- XX (f) Other: **Restricted Stock Units:**
  - minimum deferral:  25  %
  - maximum deferral: \$ \_\_\_\_\_ or  100  %
- (g) Participant deferrals not allowed.

**4.2 Employer Credits:** Employer Credits will be made in the following manner:

(a) **Employer Discretionary Credits:** The Employer may make discretionary credits to the Deferred Compensation Account of each Active Participant in an amount determined as follows:

(i) An amount determined each Plan Year by the Employer.

(ii) Other: \_\_\_\_\_.

(b) **Other Employer Credits:** The Employer may make other credits to the Deferred Compensation Account of each Active Participant in an amount determined as follows:

(i) An amount determined each Plan Year by the Employer.

(ii) Other: \_\_\_\_\_.

(c) Employer Credits not allowed.

**5.2 Disability of a Participant:**

(a) A Participant's becoming Disabled shall be a Qualifying Distribution Event and the Deferred Compensation Account shall be paid by the Employer as provided in Section 7.1.

(b) A Participant becoming Disabled shall not be a Qualifying Distribution Event.

**5.3 Death of a Participant:** If the Participant dies while in Service, the Employer shall pay a benefit to the Beneficiary in an amount equal to the vested balance in the Deferred Compensation Account of the Participant determined as of the date payments to the Beneficiary commence, plus:

(a) An amount to be determined by the Committee.

(b) Other: \_\_\_\_\_.

(c) No additional benefits.

**5.4 In-Service or Education Distributions:** In-Service and Education Accounts are permitted under the Plan:

(a) In-Service Accounts are allowed with respect to:

- Participant Deferral Credits only.
- Employer Credits only.
- Participant Deferral and Employer Credits.

In-service distributions may be made in the following manner:

- Single lump sum payment.
- Annual installments over a term certain not to exceed 5 years.

Education Accounts are allowed with respect to:

- Participant Deferral Credits only.
- Employer Credits only.
- Participant Deferral and Employer Credits.

Education Accounts distributions may be made in the following manner:

- Single lump sum payment.
- Annual installments over a term certain not to exceed    years.

If applicable, amounts not vested at the time payments due under this Section cease will be:

- Forfeited
- Distributed at Separation from Service if vested at that time

(b) No In-Service or Education Distributions permitted.

**5.5 Change in Control Event:**

(a) Participants may elect upon initial enrollment to have accounts distributed upon a Change in Control Event.

(b) A Change in Control shall not be a Qualifying Distribution Event.

**5.6 Unforeseeable Emergency Event:**

(a) Participants may apply to have accounts distributed upon an Unforeseeable Emergency event.

(b) An Unforeseeable Emergency shall not be a Qualifying Distribution Event

**6. Vesting:** An Active Participant shall be fully vested in the Employer Credits made to the Deferred Compensation Account upon the first to occur of the following events:

- (a) Normal Retirement Age.
- (b) Death.
- (c) Disability.
- (d) Change in Control Event
- (e) Other: **Job Abolition.**
- (f) Satisfaction of the vesting requirement as specified below:

**XX Employer Discretionary Credits:**

- (i) Immediate 100% vesting.
- (ii) 100% vesting after    Years of Service.
- (iii) 100% vesting at age    .

<input checked="" type="checkbox"/> (iv)	Number of Years of Service	Vested Percentage
	Less than	1
		<u>0</u> %
		1
		<u>0</u> %
		2
		<u>0</u> %

For this purpose, Years of Service of a Participant shall be calculated from the date designated below:

- (1) First Day of Service.
- (2) Effective Date of Plan Participation.
- (3) Each Crediting Date. Under this option (3), each Employer Credit shall vest based on the Years of Service of a Participant from the Crediting Date on which each Employer Discretionary Credit is made to his or her Deferred Compensation Account.

**XX Other Employer Credits:**

- XX** (i) Immediate 100% vesting.
- \_\_\_ (ii) 100% vesting after \_\_\_ Years of Service.
- \_\_\_ (iii) 100% vesting at age \_\_\_ .
- \_\_\_ (iv) Number of Years of Service                      Vested Percentage
- |           |            |      |
|-----------|------------|------|
| Less than | 1          | ___% |
|           | 1          | ___% |
|           | 2          | ___% |
|           | 3          | ___% |
|           | 4          | ___% |
|           | 5          | ___% |
|           | 6          | ___% |
|           | 7          | ___% |
|           | 8          | ___% |
|           | 9          | ___% |
|           | 10 or more | ___% |

For this purpose, Years of Service of a Participant shall be calculated from the date designated below:

- \_\_\_ (1) First Day of Service.
- \_\_\_ (2) Effective Date of Plan Participation.
- \_\_\_ (3) Each Crediting Date. Under this option (3), each Employer Credit shall vest based on the Years of Service of a Participant from the Crediting Date on which each Employer Discretionary Credit is made to his or her Deferred Compensation Account.

**7.1 Payment Options:** Any benefit payable under the Plan upon a permitted Qualifying Distribution Event may be made to the Participant or his Beneficiary (as applicable) in any of the following payment forms, as selected by the Participant in the Participation Agreement:

(a) Separation from Service prior to Seniority Date, or Separation from Service if Seniority Date is Not Applicable

- (i) A lump sum.
- (ii) Annual installments over a term certain as elected by the Participant not to exceed 10 years.
- (iii) Other: \_\_\_\_\_.

(b) Separation from Service on or After Seniority Date. If Applicable

- (i) A lump sum.
- (ii) Annual installments over a term certain as elected by the Participant not to exceed \_\_\_\_\_ years.
- (iii) Other: **Not applicable.**

(c) Separation from Service Upon a Change in Control Event

- (i) A lump sum.
- (ii) Annual installments over a term certain as elected by the Participant not to exceed \_\_\_\_\_ years.
- (iii) Other: **Not applicable.**

(d) Death

- (i) A lump sum.
- (ii) Annual installments over a term certain as elected by the Participant not to exceed 10 years.
- (iii) Other: \_\_\_\_\_.

(e) Disability

- (i) A lump sum.
- (ii) Annual installments over a term certain as elected by the Participant not to exceed 10 years.
- (iii) Other: \_\_\_\_\_.
- (iv) Not applicable.

If applicable, amounts not vested at the time payments due under this Section cease will be:

- Forfeited
- Distributed at Separation from Service if vested at that time

(f) Change in Control Event

- (i) A lump sum.
- (ii) Annual installments over a term certain as elected by the Participant not to exceed    years.
- (iii) Other: \_\_\_\_\_.
- (iv) Not applicable.

If applicable amounts not vested at the time payments due under this Section cease will be:

- Forfeited
- Distributed at Separation from Service if vested at that time

**7.4 De Minimis Amounts.**

- (a) Notwithstanding any payment election made by the Participant, the vested balance in the Deferred Compensation Account of the Participant will be distributed in a single lump sum payment at the time designated under the Plan if at the time of a permitted Qualifying Distribution Event that is either a Separation from Service, death, Disability (if applicable) or Change in Control Event (if applicable) the vested balance does not exceed \$ **30,000**. In addition, the Employer may distribute a Participant's vested balance at any time if the balance does not exceed the limit in Section 402(g)(1)(B) of the Code and results in the termination of the Participant's entire interest in the Plan
- (b) There shall be no pre-determined de minimis amount under the Plan; however, the Employer may distribute a Participant's vested balance at any time if the balance does not exceed the limit in Section 402(g)(1)(B) of the Code and results in the termination of the Participant's entire interest in the Plan.

**10.1 Contractual Liability:** Liability for payments under the Plan shall be the responsibility of the:

- (a) Company.
- (b) Employer or Participating Employer who employed the Participant when amounts were deferred.

**14. Amendment and Termination of Plan:** Notwithstanding any provision in this Adoption Agreement or the Plan to the contrary, **Sections 8.2, 8.3.3, & 11** of the Plan shall be amended to read as provided in attached **Exhibit A**.

**17.9 Construction:** The provisions of the Plan shall be construed and enforced according to the laws of the State of **Wisconsin**, except to the extent that such laws are superseded by ERISA and the applicable provisions of the Code.

IN WITNESS WHEREOF, this Agreement has been executed as of the day and year stated below.

**A. O. Smith Corporation**

Name of Employer

By:  /s/ Mark A. Petrarca

Authorized Person

Date:  11/7/08

**Section 8.2 shall be replaced by the following:**

**Deemed Investments.** The Deferred Compensation Account of a Participant shall be credited with an investment return determined as if the account were invested in one or more investment funds made available by the Committee. The Participant shall elect the investment funds in which his Deferred Compensation Account shall be deemed to be invested. Such election shall be made in the manner prescribed by the Committee and shall take effect upon the entry of the Participant into the Plan. The investment election of the Participant shall remain in effect until a new election is made by the Participant. In the event the Participant fails for any reason to make an effective election of the investment return to be credited to his account, the investment return shall be determined by the Committee. Notwithstanding the foregoing, a Participant shall not be permitted to select a deemed investment fund with regard to deferrals of restricted stock units, which deferrals shall be deemed invested in the Company common stock fund.

**Section 8.3.3 shall be replaced by the following:**

The Deferred Compensation Account shall be credited or debited on each day securities are traded on a national stock exchange with the amount of deemed investment gain or loss resulting from the performance of the investment funds elected by the Participant in accordance with Section 8.2. The amount of such deemed investment gain or loss shall be determined by the Committee and such determination shall be final and conclusive upon all concerned.

If any dividends or other distributions are paid on shares of the Company's common stock while a Participant has a deemed investment in the Company common stock fund, such Participant shall be credited with an additional amount (in the form of additional common stock units) equal to the amount of the cash dividend paid or the fair market value of other property distributed on one share of Company common stock, multiplied by the number of common stock units credited to the Participant's Deferred Compensation Account on the date the dividend is declared. The additional amount shall be converted into additional common stock units using the fair market value of a share of Company common stock on the date the dividend is paid or distributed. Any other provision of this Plan to the contrary notwithstanding, if a dividend is paid on shares of Company common stock in the form of a right or rights to purchase shares of capital stock of the Company or any entity acquiring the Company, no additional common stock units shall be credited to the Participant's Deferred Compensation Account with respect to such dividend, but each common stock Unit credited to a Participant's Deferred Compensation Account at the time such dividend is paid, and each common stock unit thereafter credited to the Participant's Deferred Compensation Account at a time when such rights are attached to shares of the Company's common stock, shall thereafter be valued as of any point in time on the basis of the aggregate of the then fair market value of one share of common stock plus the then fair market value of such right or rights then attached to one share. For purposes hereof, the term "fair market value" shall be determined consistent with the Company's equity incentive plan as in effect from time to time.

In the event of any merger, share exchange, reorganization, consolidation, recapitalization, stock dividend, stock split or other change in corporate structure of the Company affecting its shares of common stock, the Committee may make appropriate equitable adjustments with respect to the common stock units credited to the Deferred Compensation Account of each Participant as the Committee determines is necessary or desirable to prevent the dilution or enlargement of the benefits intended to be provided under the Plan.

Participants shall have no rights as a stockholder pertaining to common stock units credited to their Deferred Compensation Accounts. No Participant or Beneficiary shall have any right to receive a distribution of Company stock under this Plan. All distributions from the Participant's Deferred Compensation Account are made in cash.

**Section 11 shall be replaced by the following:**

**Allocation of Responsibilities:**

The persons responsible for the Plan and the duties and responsibilities allocated to each are as follows:

**11.1 Board.**

- (i) To appoint and remove members of the Committee.

**11.2 Committee.**

- (i) To amend the Plan;
- (ii) To terminate the Plan as permitted in Section 14;
- (iii) To designate Participants;
- (iv) To interpret the provisions of the Plan and to determine the rights of the Participants under the Plan, except to the extent otherwise provided in Section 16 relating to claims procedure;
- (v) To administer the Plan in accordance with its terms, except to the extent powers to administer the Plan are specifically delegated to another person or persons as provided in the Plan;
- (vi) To account for the amount credited to the Deferred Compensation Account of a Participant;
- (vii) To direct the Employer in the payment of benefits;
- (viii) To file such reports as may be required with the United States Department of Labor, the Internal Revenue Service and any other government agency to which reports may be required to be submitted from time to time; and
- (ix) To administer the claims procedure to the extent provided in Section 16.

## THE EXECUTIVE NONQUALIFIED EXCESS PLAN

### **Section 1. Purpose:**

By execution of the Adoption Agreement, the Employer has adopted the Plan set forth herein, and in the Adoption Agreement, to provide a means by which certain management Employees or Independent Contractors of the Employer may elect to defer receipt of current Compensation from the Employer in order to provide retirement and other benefits on behalf of such Employees or Independent Contractors of the Employer, as selected in the Adoption Agreement. The Plan is intended to be a nonqualified deferred compensation plan that complies with the provisions of Section 409A of the Internal Revenue Code (the "Code"). The Plan is also intended to be an unfunded plan maintained primarily for the purpose of providing deferred compensation benefits for a select group of management or highly compensated employees under Sections 201(2), 301(a)(3) and 401(a)(I) of the Employee Retirement Income Security Act of 1974 ("ERISA") and independent contractors. Notwithstanding any other provision of this Plan, this Plan shall be interpreted, operated and administered in a manner consistent with these intentions.

### **Section 2. Definitions:**

As used in the Plan, including this Section 2, references to one gender shall include the other, unless otherwise indicated by the context:

**2.1 "Active Participant"** means, with respect to any day or date, a Participant who is in Service on such day or date, provided, that a Participant shall cease to be an Active Participant (i) immediately upon a determination by the Committee that the Participant has ceased to be an Employee or Independent Contractor, or (ii) at the end of the Plan Year that the Committee determines the Participant no longer meets the eligibility requirements of the Plan.

**2.2 “Adoption Agreement”** means the written agreement pursuant to which the Employer adopts the Plan. The Adoption Agreement is a part of the Plan as applied to the Employer.

**2.3 “Beneficiary”** means the person, persons, entity or entities designated or determined pursuant to the provisions of Section 13 of the Plan.

**2.4 “Board”** means the Board of Directors of the Company, if the Company is a corporation. If the Company is not a corporation, “Board” shall mean the Company.

**2.5 “Change in Control Event”** means an event described in Section 409A(a)(2)(A)(v) of the Code (or any successor provision thereto) and the regulations thereunder.

**2.6 “Committee”** means the persons or entity designated in the Adoption Agreement to administer the Plan. If the Committee designated in the Adoption Agreement is unable to serve the Employer shall satisfy the duties of the Committee provided for in Section 9.

**2.7 “Company”** means the company designated in the Adoption Agreement as such.

**2.8 “Compensation”** shall have the meaning designated in the Adoption Agreement.

**2.9 “Crediting Date”** means the date designated in the Adoption Agreement for crediting the amount of any Participant Deferral Credits to the Deferred Compensation Account of a Participant. Employer Credits may be credited to the Deferred Compensation Account of a Participant on any day that securities are traded on a national securities exchange.

**2.10 “Deferred Compensation Account”** means the account maintained with respect to each Participant under the Plan. The Deferred Compensation Account shall be credited with Participant Deferral Credits and Employer Credits, credited or debited for deemed investment gains or losses, and adjusted for payments in accordance with the rules and elections in effect under Section 8. The Deferred Compensation Account of a Participant shall include any In-Service or Education Account of the Participant, if applicable.

**2.11 “Disabled”** means Disabled within the meaning of Section 409A of the Code and the regulations thereunder. Generally, this means that the Participant is unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or can be expected to last for a continuous period of not less than 12 months, or is, by reason of any medically determinable physical or mental impairment which can be expected to result in death or can be expected to last for a continuous period of not less than 12 months, receiving income replacement benefits for a period of not less than three months under an accident and health plan covering Employees of the Employer.

**2.12 “Education Account”** is an In-Service Account which will be used by the Participant for educational purposes.

**2.13 “Effective Date”** shall be the date designated in the Adoption Agreement.

**2.14 “Employee”** means an individual in the Service of the Employer if the relationship between the individual and the Employer is the legal relationship of employer and employee. An individual shall cease to be an Employee upon the Employee’s separation from Service.

**2.15 “Employer”** means the Company, as identified in the Adoption Agreement, and any Participating Employer which adopts this Plan. An Employer may be a corporation, a limited liability company, a partnership or sole proprietorship.

**2.16 “Employer Credits”** means the amounts credited to the Participant’s Deferred Compensation Account by the Employer pursuant to the provisions of Section 4.2.

**2.17 “Grandfathered Amounts”** means, if applicable, the amounts that were deferred under the Plan and were earned and vested within the meaning of Section 409A of the Code and regulations thereunder as of December 31, 2004. Grandfathered Amounts shall be subject to the terms designated in the Adoption Agreement.

**2.18 “Independent Contractor”** means an individual in the Service of the Employer if the relationship between the individual and the Employer is not the legal relationship of employer and employee. An individual shall cease to be an Independent Contractor upon the termination of the Independent Contractor’s Service. An Independent Contractor shall include a director of the Employer who is not an Employee.

**2.19 “In-Service Account”** means a separate account to be kept for each Participant that has elected to take in-service distributions as described in Section 5.4. The In-Service Account shall be adjusted in the same manner and at the same time as the Deferred Compensation Account under Section 8 and in accordance with the rules and elections in effect under Section 8.

**2.20 “Normal Retirement Age”** of a Participant means the age designated in the Adoption Agreement.

**2.21 “Participant”** means with respect to any Plan Year an Employee or Independent Contractor who has been designated by the Committee as a Participant and who has entered the Plan or who has a Deferred Compensation Account under the Plan; provided that if the Participant is an Employee, the individual must be a highly compensated or management employee of the Employer within the meaning of Sections 201(2), 301(a)(3) and 401(a)(I) of ERISA.

**2.22 “Participant Deferral Credits”** means the amounts credited to the Participant’s Deferred Compensation Account by the Employer pursuant to the provisions of Section 4.1.

**2.23 “Participating Employer”** means any trade or business (whether or not incorporated) which adopts this Plan with the consent of the Company identified in the Adoption Agreement.

**2.24 “Participation Agreement”** means a written agreement entered into between a Participant and the Employer pursuant to the provisions of Section 4.1.

**2.25 “Performance-Based Compensation”** means compensation where the amount of, or entitlement to, the compensation is contingent on the satisfaction of preestablished organizational or individual performance criteria relating to a performance period of at least twelve months. Organizational or individual performance criteria are considered preestablished if established in writing within 90 days after the commencement of the period of service to which the criteria relates, provided that the outcome is substantially uncertain at the time the criteria are established. Performance-based compensation may include payments based upon subjective performance criteria as provided in regulations and administrative guidance promulgated under Section 409A of the Code.

**2.26 “Plan”** means The Executive Nonqualified Excess Plan, as herein set out and as set out in the Adoption Agreement, or as duly amended. The name of the Plan as applied to the Employer shall be designated in the Adoption Agreement.

**2.27 “Plan-Approved Domestic Relations Order”** shall mean a judgment, decree, or order (including the approval of a settlement agreement) which is:

2.27.1 Issued pursuant to a State’s domestic relations law;

2.27.2 Relates to the provision of child support, alimony payments or marital property rights to a Spouse, former Spouse, child or other dependent of the Participant;

2.27.3 Creates or recognizes the right of a Spouse, former Spouse, child or other dependent of the Participant to receive all or a portion of the Participant’s benefits under the Plan;

2.27.4 Requires payment to such person of their interest in the Participant’s benefits in an immediate lump payment; and

2.27.5 Meets such other requirements established by the Committee.

**2.28 “Plan Year”** means the twelve-month period ending on the last day of the month designated in the Adoption Agreement; provided that the initial Plan Year may have fewer than twelve months.

**2.29 “Qualifying Distribution Event”** means (i) the Separation from Service of the Participant, (ii) the date the Participant becomes Disabled, (iii) the death of the Participant, (iv) the time specified by the Participant for an In-Service or Education Distribution, (v) a Change in Control Event, or (vi) an Unforeseeable Emergency, each to the extent provided in Section 5.

**2.30 “Seniority Date”** shall have the meaning designated in the Adoption Agreement.

**2.31 “Separation from Service”** or **“Separates from Service”** means a “separation from service” within the meaning of Section 409A of the Code.

**2.32 “Service”** means employment by the Employer as an Employee. For purposes of the Plan, the employment relationship is treated as continuing intact while the Employee is on military leave, sick leave, or other bona fide leave of absence if the period of such leave does not exceed six months, or if longer, so long as the Employee’s right to reemployment is provided either by statute or contract. If the Participant is an Independent Contractor, “Service” shall mean the period during which the contractual relationship exists between the Employer and the Participant. The contractual relationship is not terminated if the Participant anticipates a renewal of the contract or becomes an Employee.

**2.33 “Service Bonus”** means any bonus paid to a Participant by the Employer which is not Performance-Based Compensation.

**2.34 “Specified Employee”** means an employee who meets the requirements for key employee treatment under Section 416(i)(1)(A)(i), (ii) or (iii) of the Code (applied in accordance with the regulations thereunder and without regard to Section 416(i)(5) of the Code) at any time during the twelve month period ending on December 31 of each year (the “identification date”). Unless binding corporate action is taken to establish different rules for determining Specified Employees for all plans of the Company and its controlled group members that are subject to Section 409A of the Code, the foregoing rules and the other default rules under the regulations of Section 409A of the Code shall apply. If the person is a key employee as of any identification date, the person is treated as a Specified Employee for the twelve-month period beginning on the first day of the fourth month following the identification date.

2.35 “Spouse” or “Surviving Spouse” means, except as otherwise provided in the Plan, a person who is the legally married spouse or surviving spouse of a Participant.

2.36 “Unforeseeable Emergency” means an “unforeseeable emergency” within the meaning of Section 409A of the Code.

2.37 “Years of Service” means each Plan Year of Service completed by the Participant. For vesting purposes. Years of Service shall be calculated from the date designated in the Adoption Agreement and Service shall be based on service with the Company and all Participating Employers.

**Section 3. Participation:**

The Committee in its discretion shall designate each Employee or Independent Contractor who is eligible to participate in the Plan. A Participant who separates from Service with the Employer and who later returns to Service will not be an Active Participant under the Plan except upon satisfaction of such terms and conditions as the Committee shall establish upon the Participant’s return to Service, whether or not the Participant shall have a balance remaining in the Deferred Compensation Account under the Plan on the date of the return to Service.

**Section 4. Credits to Deferred Compensation Account:**

**4.1 Participant Deferral Credits.** To the extent provided in the Adoption Agreement, each Active Participant may elect, by entering into a Participation Agreement with the Employer, to defer the receipt of Compensation from the Employer by a dollar

amount or percentage specified in the Participation Agreement. The amount of Compensation the Participant elects to defer, the Participant Deferral Credit, shall be credited by the Employer to the Deferred Compensation Account maintained for the Participant pursuant to Section 8. The following special provisions shall apply with respect to the Participant Deferral Credits of a Participant:

4.1.1 The Employer shall credit to the Participant's Deferred Compensation Account on each Crediting Date an amount equal to the total Participant Deferral Credit for the period ending on such Crediting Date.

4.1.2 An election pursuant to this Section 4.1 shall be made by the Participant by executing and delivering a Participation Agreement to the Committee. Except as otherwise provided in this Section 4.1, the Participation Agreement shall become effective with respect to such Participant as of the first day of January following the date such Participation Agreement is received by the Committee. A Participant's election may be changed at any time prior to the last permissible date for making the election as permitted in this Section 4.1, and shall thereafter be irrevocable. The election of a Participant shall continue in effect for subsequent years until modified by the Participant as permitted in this Section 4.1.

4.1.3 A Participant may execute and deliver a Participation Agreement to the Committee within 30 days after the date the Participant first becomes eligible to participate in the Plan to be effective as of the first payroll period next following the date the Participation Agreement is fully executed. Whether a Participant is treated as newly eligible for participation under this Section shall be determined in accordance with Section 409A of the Code and the regulations thereunder, including (i) rules that treat all elective deferral account balance plans as one plan, and (ii) rules that treat a previously eligible employee as newly eligible if his benefits had been previously distributed or if he has been ineligible for 24 months. For Compensation that is earned based upon a specified performance period (for example, an annual bonus), where a deferral election is made under this Section but after the beginning of the performance period, the election will only apply to the portion of the Compensation equal to the total amount of the Compensation for the service period multiplied by the ratio of the number of days remaining in the performance period after the election over the total number of days in the performance period.

4.1.4 A Participant may unilaterally modify a Participation Agreement (either to terminate, increase or decrease the portion of his future Compensation which is subject to deferral within the percentage limits set forth in Section 4.1 of the Adoption Agreement) by providing a written modification of the Participation Agreement to the Committee. The modification shall become effective as of the first day of January following the date such written modification is received by the Committee.

4.1.5 If the Participant performed services continuously from the later of the beginning of the performance period or the date upon which the performance criteria are established through the date upon which the Participant makes an initial deferral election, a Participation Agreement relating to the deferral of Performance-Based Compensation may be executed and delivered to the Committee no later than the date which is 6 months prior to the end of the performance period, provided that in no event may an election to defer Performance-Based Compensation be made after such Compensation has become readily ascertainable.

4.1.6 If the Employer has a fiscal year other than the calendar year, Compensation relating to Service in the fiscal year of the Employer (such as a bonus based on the fiscal year of the Employer), of which no amount is paid or payable during the fiscal year, may be deferred at the Participant's election if the election to defer is made not later than the close of the Employer's fiscal year next preceding the first fiscal year in which the Participant performs any services for which such Compensation is payable.

4.1.7 Compensation payable after the last day of the Participant's taxable year solely for services provided during the final payroll period containing the last day of the Participant's taxable year (i.e., December 31) is treated for purposes of this Section 4.1 as Compensation for services performed in the subsequent taxable year.

4.1.8 The Committee may from time to time establish policies or rules consistent with the requirements of Section 409A of the Code to govern the manner in which Participant Deferral Credits may be made

4.1.9 If a Participant becomes Disabled or applies for and is eligible for a distribution on account of an Unforeseeable Emergency during a Plan Year, his deferral election for such Plan Year shall be cancelled.

**4.2 Employer Credits.** If designated by the Employer in the Adoption Agreement, the Employer shall cause the Committee to credit to the Deferred Compensation Account of each Active Participant an Employer Credit as determined in accordance with the Adoption Agreement. A Participant must make distribution elections with respect to any Employer Credits credited to his Deferred Compensation Account by the deadline that would apply under Section 4.1 for distribution elections with respect to Participant Deferral Credits credited at the same time, on a Participation Agreement that is timely executed and delivered to the Committee pursuant to Section 4.1.

**4.3 Deferred Compensation Account.** All Participant Deferral Credits and Employer Credits shall be credited to the Deferred Compensation Account of the Participant as provided in Section 8.

**Section 5. Qualifying Distribution Events:**

**5.1 Separation from Service.** If the Participant Separates from Service with the Employer, the vested balance in the Deferred Compensation Account shall be paid to the Participant by the Employer as provided in Section 7. Notwithstanding the foregoing, no distribution shall be made earlier than six months after the date of Separation from Service (or, if earlier, the date of death) with respect to a Participant who as of the date of Separation from Service is a Specified Employee of a corporation the stock in which is traded on an established securities market or otherwise. Any payments to which such Specified Employee would be entitled during the first six months following the date of Separation from Service shall be accumulated and paid on the first day of the seventh month following the date of Separation from Service.

**5.2 Disability.** If the Employer designates in the Adoption Agreement that distributions are permitted under the Plan when a Participant becomes Disabled, and the Participant becomes Disabled while in Service, the vested balance in the Deferred Compensation Account shall be paid to the Participant by the Employer as provided in Section 7.

**5.3 Death.** If the Participant dies while in Service, the Employer shall pay a benefit to the Participant's Beneficiary in the amount designated in the Adoption Agreement. Payment of such benefit shall be made by the Employer as provided in Section 7.

**5.4 In-Service or Education Distributions.** If the Employer designates in the Adoption Agreement that in-service or education distributions are permitted under the Plan, a Participant may designate in the Participation Agreement to have a specified amount credited to the Participant's In-Service or Education Account for in-service or education distributions at the date specified by the Participant. In no event may an in-service or education distribution of an amount be made before the date that is two years after the first day of the year in which such amount was credited to the In-Service or Education Account. Notwithstanding the foregoing, if a Participant incurs a Qualifying Distribution Event prior to the date on which the entire balance in the In-Service or Education Account has been distributed, then the balance in the In-Service or Education Account on the date of the Qualifying Distribution Event shall be paid as provided under Section 7.1 for payments on such Qualifying Distribution Event.

**5.5 Change in Control Event.** If the Employer designates in the Adoption Agreement that distributions are permitted under the Plan upon the occurrence of a Change in Control Event, the Participant may designate in the Participation Agreement to have the vested balance in the Deferred Compensation Account paid to the Participant upon a Change in Control Event by the Employer as provided in Section 7.

**5.6 Unforeseeable Emergency.** If the Employer designates in the Adoption Agreement that distributions are permitted under the Plan upon the occurrence of an Unforeseeable Emergency event, a distribution from the Deferred Compensation Account may be made to a Participant in the event of an Unforeseeable Emergency, subject to the following provisions:

5.6.1 A Participant may, at any time prior to his Separation from Service for any reason, make application to the Committee to receive a distribution in a lump sum of all or a portion of the vested balance in the Deferred Compensation Account (determined as of the date the distribution, if any, is made under this Section 5.6) because of an Unforeseeable Emergency. A distribution because of an Unforeseeable Emergency shall not exceed the amount required to satisfy the Unforeseeable Emergency plus amounts necessary to pay taxes reasonably anticipated as a result of such distribution, after taking into account the extent to which the Unforeseeable Emergency may be relieved through reimbursement or compensation by insurance or otherwise or by liquidation of the Participant's assets (to the extent the liquidation of such assets would not itself cause severe financial hardship) or by stopping current deferrals under the Plan pursuant to Section 4. 1.9.

5.6.2 The Participants request for a distribution on account of Unforeseeable Emergency must be made in writing to the Committee. The request must specify the nature of the financial hardship, the total amount requested to be distributed from the Deferred Compensation Account, and the total amount of the actual expense incurred or to be incurred on account of the Unforeseeable Emergency.

5.6.3 If a distribution under this Section 5.6 is approved by the Committee, such distribution will be made as soon as practicable following the date it is approved. The processing of the request shall be completed as soon as practicable from the date on which the Committee receives the properly completed written request for a distribution on account of an Unforeseeable Emergency. If a Participant's Separation from Service occurs after a request is approved in accordance with this Section 5.6.3, but prior to distribution of the full amount approved, the approval of the request shall be automatically null and void and the benefits which the Participant is entitled to receive under the Plan shall be distributed in accordance with the applicable distribution provisions of the Plan.

5.6.4 The Committee may from time to time adopt additional policies or rules consistent with the requirements of Section 409A of the Code to govern the manner in which such distributions may be made so that the Plan may be conveniently administered.

---

**Section 6. Vesting:**

A Participant shall be fully vested in the portion of his Deferred Compensation Account attributable to Participant Deferral Credits, and all income, gains and losses attributable thereto. A Participant shall become fully vested in the portion of his Deferred Compensation Account attributable to Employer Credits, and income, gains and losses attributable thereto, in accordance with the vesting schedule and provisions designated by the Employer in the Adoption Agreement. If a Participant's Deferred Compensation Account is not fully vested upon Separation from Service, the portion of the Deferred Compensation Account that is not fully vested shall thereupon be forfeited.

**Section 7. Distribution Rules:**

**7.1 Payment Options.** The Employer shall designate in the Adoption Agreement the payment options which may be elected by the Participant (lump sum, annual installments, or a combination of both). Different payment options may be made available for each Qualifying Distribution Event, and different payment options may be available for different types of Separations from Service, all as designated in the Adoption Agreement. The Participant shall elect in the Participation Agreement the method under which the vested balance in the Deferred Compensation Account will be distributed from among the designated payment options. The Participant may at such time elect a different method of payment for each Qualifying Distribution Event as specified in the Adoption Agreement. If the Participant is permitted by the Employer in the Adoption Agreement to elect different payment options and does not make a valid election, the vested balance in the Deferred Compensation Account will be distributed as a lump sum.

Notwithstanding the foregoing, if certain Qualifying Distribution Events occur prior to the date on which the vested balance of a Participant's Deferred Compensation Account is completely paid pursuant to this Section 7.1 following the occurrence of certain initial Qualifying Distribution Events, the following rules apply:

7.1.1 If the initial Qualifying Distribution Event is a Separation from Service or Disability, and the Participant subsequently dies, the remaining unpaid vested balance of a Participant's Deferred Compensation Account shall be paid as a lump sum.

7.1.2 If the initial Qualifying Distribution Event is a Change in Control Event, and any subsequent Qualifying Distribution Event occurs (except an In-Service or Education Distribution described in Section 2.29(iv)), the remaining unpaid vested balance of a Participant's Deferred Compensation Account shall be paid as provided under Section 7.1 for payments on such subsequent Qualifying Distribution Event.

**7.2 Timing of Payments.** Payment shall be made in the manner elected by the Participant and shall commence as soon as practicable after (but no later than 60 days after) the distribution date elected for the Qualifying Distribution Event. In the event the Participant fails to make a valid election of the payment method, the distribution will be made in a single lump sum payment as soon as practicable after (but no later than 60 days after) the Qualifying Distribution Event. A payment may be further delayed to the extent permitted in accordance with regulations and guidance under Section 409A of the Code.

**7.3 Installment Payments.** If the Participant elects to receive installment payments upon a Qualifying Distribution Event, the payment of each annual installment shall be made on the anniversary of the date of the first installment payment, and the amount of the annual installment shall be adjusted on such anniversary for credits or debits to the Participant's account pursuant to Section 8 of the Plan. Such adjustment shall be made by dividing the balance in the Deferred Compensation Account on such date by the number of annual installments remaining to be paid hereunder; provided that the last annual installment due under the Plan shall be the entire amount credited to the Participant's account on the date of payment.

**7.4 De Minimis Amounts.** Notwithstanding any payment election made by the Participant, if the Employer designates a pre-determined de minimis amount in the Adoption Agreement, the vested balance in the Deferred Compensation Account of the Participant will be distributed in a single lump sum payment if at the time of a permitted Qualifying Distribution Event the vested balance does not exceed such pre-determined de minimis amount; provided, however, that such distribution will be made only where the Qualifying Distribution Event is a Separation from Service, death, Disability (if applicable) or Change in Control Event (if applicable). Such payment shall be made on or before the later of (i) December 31 of the calendar year in which the Qualifying Distribution Event occurs, or (ii) the date that is 2- 1/2 months after the Qualifying Distribution Event occurs. In addition, the Employer may distribute a Participant's vested balance at any time if the balance does not exceed the limit in Section 402(g)(1)(B) of the Code and results in the termination of the Participant's entire interest in the Plan as provided under Section 409A of the Code.

**7.5 Subsequent Elections.** With the consent of the Committee, a Participant may delay or change the method of payment of the Deferred Compensation Account subject to the following requirements:

7.5.1 The new election may not take effect until at least 12 months after the date on which the new election is made.

7.5.2 If the new election relates to a payment for a Qualifying Distribution Event other than the death of the Participant, the Participant becoming Disabled, or an Unforeseeable Emergency, the new election must provide for the deferral of the payment for a period of at least five years from the date such payment would otherwise have been made.

7.5.3 If the new election relates to a payment from the In-Service or Education Account, the new election must be made at least 12 months prior to the date of the first scheduled payment from such account.

For purposes of this Section 7.5 and Section 7.6, a payment is each separately identified amount to which the Participant is entitled under the Plan; provided, that entitlement to a series of installment payments is treated as the entitlement to a single payment.

**7.6 Acceleration Prohibited.** The acceleration of the time or schedule of any payment due under the Plan is prohibited except as expressly provided in regulations and administrative guidance promulgated under Section 409A of the Code (such as accelerations for domestic relations orders and employment taxes). It is not an acceleration of the time or schedule of payment if the Employer waives or accelerates the vesting requirements applicable to a benefit under the Plan.

**Section 8. Accounts; Deemed Investment; Adjustments to Account:**

**8.1 Accounts.** The Committee shall establish a book reserve account, entitled the "Deferred Compensation Account," on behalf of each Participant. The Committee shall also establish an In-Service or Education Account as a part of the Deferred Compensation Account of each Participant, if applicable. The amount credited to the Deferred Compensation Account shall be adjusted pursuant to the provisions of Section 8.3.

**8.2 Deemed Investments.** The Deferred Compensation Account of a Participant shall be credited with an investment return determined as if the account were invested in one or more investment funds made available by the Committee. The Participant shall elect the investment funds in which his Deferred Compensation Account shall be deemed to be invested. Such election shall be made in the manner prescribed by the Committee and shall take effect upon the entry of the Participant into the Plan. The investment

election of the Participant shall remain in effect until a new election is made by the Participant. In the event the Participant fails for any reason to make an effective election of the investment return to be credited to his account, the investment return shall be determined by the Committee.

**8.3 Adjustments to Deferred Compensation Account.** With respect to each Participant who has a Deferred Compensation Account under the Plan, the amount credited to such account shall be adjusted by the following debits and credits, at the times and in the order stated:

8.3.1 The Deferred Compensation Account shall be debited each business day with the total amount of any payments made from such account since the last preceding business day to him or for his benefit.

8.3.2 The Deferred Compensation Account shall be credited on each Crediting Date with the total amount of any Participant Deferral Credits and Employer Credits to such account since the last preceding Crediting Date.

8.3.3 The Deferred Compensation Account shall be credited or debited on each day securities are traded on a national stock exchange with the amount of deemed investment gain or loss resulting from the performance of the investment funds elected by the Participant in accordance with Section 8.2. The amount of such deemed investment gain or loss shall be determined by the Committee and such determination shall be final and conclusive upon all concerned.

**Section 9. Administration by Committee:**

**9.1 Membership of Committee.** If the Committee consists of individuals appointed by the Board, they will serve at the pleasure of the Board. Any member of the Committee may resign, and his successor, if any, shall be appointed by the Board.

**9.2 General Administration.** The Committee shall be responsible for the operation and administration of the Plan and for carrying out its provisions. The Committee shall have the full authority and discretion to make, amend, interpret, and enforce all

appropriate rules and regulations for the administration of this Plan and decide or resolve any and all questions, including interpretations of this Plan, as may arise in connection with this Plan. Any such action taken by the Committee shall be final and conclusive on any party. To the extent the Committee has been granted discretionary authority under the Plan, the Committee's prior exercise of such authority shall not obligate it to exercise its authority in a like fashion thereafter. The Committee shall be entitled to rely conclusively upon all tables, valuations, certificates, opinions and reports furnished by any actuary, accountant, controller, counsel or other person employed or engaged by the Employer with respect to the Plan. The Committee may, from time to time, employ agents and delegate to such agents, including employees of the Employer, such administrative or other duties as it sees fit.

**9.3 Indemnification.** To the extent not covered by insurance, the Employer shall indemnify the Committee, each employee, officer, director, and agent of the Employer, and all persons formerly serving in such capacities, against any and all liabilities or expenses, including all legal fees relating thereto, arising in connection with the exercise of their duties and responsibilities with respect to the Plan, provided however that the Employer shall not indemnify any person for liabilities or expenses due to that person's own gross negligence or willful misconduct

**Section 10. Contractual Liability:**

**10.1 Contractual Liability.** Unless otherwise elected in the Adoption Agreement, the Company shall be obligated to make all payments hereunder. This obligation shall constitute a contractual liability of the Company to the Participants, and such payments shall be made from the general funds of the Company. The Company shall not be required to establish or maintain any special or

separate fund, or otherwise to segregate assets to assure that such payments shall be made, and the Participants shall not have any interest in any particular assets of the Company by reason of its obligations hereunder. To the extent that any person acquires a right to receive payment from the Company, such right shall be no greater than the right of an unsecured creditor of the Company.

**10.2 Trust.** The Employer may establish a trust to assist it in meeting its obligations under the Plan. Any such trust shall conform to the requirements of a grantor trust under Revenue Procedures 92-64 and 92-65 and at all times during the continuance of the trust the principal and income of the trust shall be subject to claims of general creditors of the Employer under federal and state law. The establishment of such a trust would not be intended to cause Participants to realize current income on amounts contributed thereto, and the trust would be so interpreted and administered.

**Section 11. Allocation of Responsibilities:**

The persons responsible for the Plan and the duties and responsibilities allocated to each are as follows:

**11.1 Board.**

- (i) To amend the Plan;
- (ii) To appoint and remove members of the Committee; and
- (iii) To terminate the Plan as permitted in Section 14.

**11.2 Committee.**

- (i) To designate Participants;
- (ii) To interpret the provisions of the Plan and to determine the rights of the Participants under the Plan, except to the extent otherwise provided in Section 16 relating to claims procedure;
- (iii) To administer the Plan in accordance with its terms, except to the extent powers to administer the Plan are specifically delegated to another person or persons as provided in the Plan;

- (iv) To account for the amount credited to the Deferred Compensation Account of a Participant;
- (v) To direct the Employer in the payment of benefits;
- (vi) To file such reports as may be required with the United States Department of Labor, the Internal Revenue Service and any other government agency to which reports may be required to be submitted from time to time; and
- (vii) To administer the claims procedure to the extent provided in Section 16.

**Section 12. Benefits Not Assignable; Facility of Payments:**

**12.1 Benefits Not Assignable.** No portion of any benefit credited or paid under the Plan with respect to any Participant shall be subject in any manner to anticipation, alienation, sale, transfer, assignment, pledge, encumbrance or charge, and any attempt so to anticipate, alienate, sell, transfer, assign, pledge, encumber or charge the same shall be void, nor shall any portion of such benefit be in any manner payable to any assignee, receiver or any one trustee, or be liable for his debts, contracts, liabilities, engagements or torts. Notwithstanding the foregoing, in the event that all or any portion of the benefit of a Participant is transferred to the former Spouse of the Participant incident to a divorce, the Committee shall maintain such amount for the benefit of the former Spouse until distributed in the manner required by an order of any court having jurisdiction over the divorce, and the former Spouse shall be entitled to the same rights as the Participant with respect to such benefit.

**12.2 Plan-Approved Domestic Relations Orders.** The Committee shall establish procedures for determining whether an order directed to the Plan is a Plan-Approved Domestic Relations Order. If the Committee determines that an order is a Plan-Approved

Domestic Relations Order, the Committee shall cause the payment of amounts pursuant to or segregate a separate account as provided by (and to prevent any payment or act which might be inconsistent with) the Plan-Approved Domestic Relations Order.

**12.3 Payments to Minors and Others.** If any individual entitled to receive a payment under the Plan shall be physically, mentally or legally incapable of receiving or acknowledging receipt of such payment, the Committee, upon the receipt of satisfactory evidence of his incapacity and satisfactory evidence that another person or institution is maintaining him and that no guardian or committee has been appointed for him, may cause any payment otherwise payable to him to be made to such person or institution so maintaining him. Payment to such person or institution shall be in full satisfaction of all claims by or through the Participant to the extent of the amount thereof.

**Section 13. Beneficiary:**

The Participant's beneficiary shall be the person, persons, entity or entities designated by the Participant on the beneficiary designation form provided by and filed with the Committee or its designee. If the Participant does not designate a beneficiary, the beneficiary shall be his Surviving Spouse. If the Participant does not designate a beneficiary and has no Surviving Spouse, the beneficiary shall be the Participant's estate. The designation of a beneficiary may be changed or revoked only by filing a new beneficiary designation form with the Committee or its designee. If a beneficiary (the "primary beneficiary") is receiving or is entitled to receive payments under the Plan and dies before receiving all of the payments due him, the balance to which he is entitled shall be paid to the contingent beneficiary, if any, named in the Participant's current beneficiary designation form. If there is no contingent

beneficiary, the balance shall be paid to the estate of the primary beneficiary. Any beneficiary may disclaim all or any part of any benefit to which such beneficiary shall be entitled hereunder by filing a written disclaimer with the Committee before payment of such benefit is to be made. Such a disclaimer shall be made in a form satisfactory to the Committee and shall be irrevocable when filed. Any benefit disclaimed shall be payable from the Plan in the same manner as if the beneficiary who filed the disclaimer had predeceased the Participant.

**Section 14. Amendment and Termination of Plan:**

The Company may amend any provision of the Plan or terminate the Plan at any time; provided, that in no event shall such amendment or termination reduce the balance in any Participant's Deferred Compensation Account as of the date of such amendment or termination, nor shall any such amendment affect the terms of the Plan relating to the payment of such Deferred Compensation Account. Notwithstanding the foregoing, the following special provisions shall apply:

**14.1 Termination in the Discretion of the Employer.** Except as otherwise provided in Sections 14.2, the Company in its discretion may terminate the Plan and distribute benefits to Participants subject to the following requirements and any others specified under Section 409A of the Code:

14.1.1 All arrangements sponsored by the Employer that would be aggregated with the Plan under Section 1.409A-1(c) of the Treasury Regulations are terminated.

14.1.2 No payments other than payments that would be payable under the terms of the Plan if the termination had not occurred are made within 12 months of the termination date.

14.1.3 All benefits under the Plan are paid within 24 months of the termination date.

14.1.4 The Employer does not adopt a new arrangement that would be aggregated with the Plan under Section 1.409A-1(c) of the Treasury Regulations providing for the deferral of compensation at any time within 3 years following the date of termination of the Plan.

14.1.5 The termination does not occur proximate to a downturn in the financial health of the Employer.

**14.2 Termination Upon Change in Control Event.** If the Company terminates the Plan within thirty days preceding or twelve months following a Change in Control Event, the Deferred Compensation Account of each Participant shall become fully vested and payable to the Participant in a lump sum within twelve months following the date of termination, subject to the requirements of Section 409A of the Code.

**Section 15. Communication to Participants:**

The Employer shall make a copy of the Plan available for inspection by Participants and their beneficiaries during reasonable hours at the principal office of the Employer.

**Section 16. Claims Procedure:**

The following claims procedure shall apply with respect to the Plan:

**16.1 Filing of a Claim for Benefits.** If a Participant or Beneficiary (the "claimant") believes that he is entitled to benefits under the Plan which are not being paid to him or which are not being accrued for his benefit, he shall file a written claim therefore with the Committee.

**16.2 Notification to Claimant of Decision.** Within 90 days after receipt of a claim by the Committee (or within 180 days if special circumstances require an extension of time), the Committee shall notify the claimant of the decision with regard to the claim. In the event of such special circumstances requiring an extension of time, there shall be furnished to the claimant prior to expiration

of the initial 90-day period written notice of the extension, which notice shall set forth the special circumstances and the date by which the decision shall be furnished. If such claim shall be wholly or partially denied, notice thereof shall be in writing and worded in a manner calculated to be understood by the claimant, and shall set forth: (i) the specific reason or reasons for the denial; (ii) specific reference to pertinent provisions of the Plan on which the denial is based; (iii) a description of any additional material or information necessary for the claimant to perfect the claim and an explanation of why such material or information is necessary; and (iv) an explanation of the procedure for review of the denial and the time limits applicable to such procedures, including a statement of the claimant's right to bring a civil action under ERISA following an adverse benefit determination on review. Notwithstanding the foregoing, if the claim relates to a disability determination, the Committee shall notify the claimant of the decision within 45 days (which may be extended for an additional 30 days if required by special circumstances).

**16.3 Procedure for Review.** Within 60 days following receipt by the claimant of notice denying his claim, in whole or in part, or, if such notice shall not be given, within 60 days following the latest date on which such notice could have been timely given, the claimant may appeal denial of the claim by filing a written application for review with the Committee. Following such request for review, the Committee shall fully and fairly review the decision denying the claim. Prior to the decision of the Committee, the claimant shall be given an opportunity to review pertinent documents and to submit issues and comments in writing.

**16.4 Decision on Review.** The decision on review of a claim denied in whole or in part by the Committee shall be made in the following manner:

16.4.1 Within 60 days following receipt by the Committee of the request for review (or within 120 days if special circumstances require an extension of time), the Committee shall notify the claimant in writing of its decision with regard to the claim. In the event of such special circumstances requiring an extension of time, written notice of the extension shall be furnished to the claimant prior to the commencement of the extension. Notwithstanding the foregoing, if the claim relates to a disability determination, the Committee shall notify the claimant of the decision within 45 days (which may be extended for an additional 45 days if required by special circumstances).

16.4.2 With respect to a claim that is denied in whole or in part, the decision on review shall set forth specific reasons for the decision, shall be written in a manner calculated to be understood by the claimant, and shall set forth:

- (i) the specific reason or reasons for the adverse determination;
- (ii) specific reference to pertinent Plan provisions on which the adverse determination is based;
- (iii) a statement that the claimant is entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the claimant's claim for benefits; and
- (iv) a statement describing any voluntary appeal procedures offered by the Plan and the claimant's right to obtain the information about such procedures, as well as a statement of the claimant's right to bring an action under ERISA section 502(a).

16.4.3 The decision of the Committee shall be final and conclusive.

**16.5 Action by Authorized Representative of Claimant.** All actions set forth in this Section 16 to be taken by the claimant may likewise be taken by a representative of the claimant duly authorized by him to act in his behalf on such matters. The Committee may require such evidence as either may reasonably deem necessary or advisable of the authority to act of any such representative.

**Section 17. Miscellaneous Provisions:**

**17.1 Set off.** Notwithstanding any other provision of this Plan, the Employer may reduce the amount of any payment otherwise payable to or on behalf of a Participant hereunder (net of any required withholdings) at the time payment is due by the amount of any loan, cash advance, extension of credit or other obligation of the Participant to the Employer that is then due and payable, and the Participant shall be deemed to have consented to such reduction. In addition, the Employer may at any time offset a Participant's Deferral Compensation Account by an amount up to \$5,000 to collect any such amount in accordance with the requirements of Section 409A of the Code.

**17.2 Notices.** Each Participant who is not in Service and each Beneficiary shall be responsible for furnishing the Committee or its designee with his current address for the mailing of notices and benefit payments. Any notice required or permitted to be given to such Participant or Beneficiary shall be deemed given if directed to such address and mailed by regular United States mail, first class, postage prepaid. If any check mailed to such address is returned as undeliverable to the addressee, mailing of checks will be suspended until the Participant or Beneficiary furnishes the proper address. This provision shall not be construed as requiring the mailing of any notice or notification otherwise permitted to be given by posting or by other publication.

**17.3 Lost Distributees.** A benefit shall be deemed forfeited if the Committee is unable to locate the Participant or Beneficiary to whom payment is due on or before the fifth anniversary of the date payment is to be made or commence; provided, that the deemed investment rate of return pursuant to Section 8.2 shall cease to be applied to the Participant's account following the first anniversary of such date; provided further, however, that such benefit shall be reinstated if a valid claim is made by or on behalf of the Participant or Beneficiary for all or part of the forfeited benefit.

**17.4 Reliance on Data.** The Employer and the Committee shall have the right to rely on any data provided by the Participant or by any Beneficiary. Representations of such data shall be binding upon any party seeking to claim a benefit through a Participant, and the Employer and the Committee shall have no obligation to inquire into the accuracy of any representation made at any time by a Participant or Beneficiary.

**17.5 Receipt and Release for Payments.** Subject to the provisions of Section 17.1, any payment made from the Plan to or with respect to any Participant or Beneficiary, or pursuant to a disclaimer by a Beneficiary, shall, to the extent thereof, be in full satisfaction of all claims hereunder against the Plan and the Employer with respect to the Plan. The recipient of any payment from the Plan may be required by the Committee, as a condition precedent to such payment, to execute a receipt and release with respect thereto in such form as shall be acceptable to the Committee.

**17.6 Headings.** The headings and subheadings of the Plan have been inserted for convenience of reference and are to be ignored in any construction of the provisions hereof.

**17.7 Continuation of Employment.** The establishment of the Plan shall not be construed as conferring any legal or other rights upon any Employee or any persons for continuation of employment, nor shall it interfere with the right of the Employer to discharge any Employee or to deal with him without regard to the effect thereof under the Plan.

**17.8 Merger or Consolidation: Assumption of Plan.** No Employer shall consolidate or merge into or with another corporation or entity, or transfer all or substantially all of its assets to another corporation, partnership, trust or other entity (a "Successor Entity") unless such Successor Entity shall assume the rights, obligations and liabilities of the Employer under the Plan and upon such assumption, the Successor Entity shall become obligated to perform the terms and conditions of the Plan. Nothing herein shall prohibit the assumption of the obligations and liabilities of the Employer under the Plan by any Successor Entity.

**17.9 Construction.** The Employer shall designate in the Adoption Agreement the state according to whose laws the provisions of the Plan shall be construed and enforced, except to the extent that such laws are superseded by ERISA and the applicable requirements of the Code.

**17.10 Taxes.** The Employer or other payor may withhold a benefit payment under the Plan or a Participant's wages, or the Employer may reduce a Participant's Account balance, in order to meet any federal, state, or local or employment tax withholding obligations with respect to Plan benefits, as permitted under Section 409A of the Code. The Employer or other payor shall report Plan payments and other Plan-related information to the appropriate governmental agencies as required under applicable laws.

**Section 18. Transition Rules:**

This Section 18 does not apply to plans newly established on or after January 1, 2009.

**18.1 2005 Election Termination.** Notwithstanding Section 4.1.4, at any time during 2005, a Participant may terminate a Participation Agreement, or modify a Participation Agreement to reduce the amount of Compensation subject to the deferral election, so long as the Compensation subject to the terminated or modified Participation Agreement is includible in the income of the Participant in 2005 or, if later, in the taxable year in which the amounts are earned and vested.

**18.2 2005 Deferral Election.** The requirements of Section 4.1.2 relating to the timing of the Participation Agreement shall not apply to any deferral elections made on or before March 15, 2005, provided that (a) the amounts to which the deferral election relate have not been paid or become payable at the time of the election, (b) the Plan was in existence on or before December 31, 2004, (c) the election to defer compensation is made in accordance with the terms of the Plan as in effect on December 31, 2005 (other than a requirement to make a deferral election after March 15, 2005), and (d) the Plan is otherwise operated in accordance with the requirements of Section 409A of the Code.

**18.3 2005 Termination of Participation; Distribution.** Notwithstanding anything in this Plan to the contrary, at any time during 2005, a Participant may terminate his or her participation in the Plan and receive a distribution of his Deferred Compensation Account balance on account of that termination, so long as the full amount of such distribution is includible in the Participant's income in 2005 or, if later, in the taxable year of the Participant in which the amount is earned and vested.

**18.4 Payment Elections.** Notwithstanding the provisions of Sections 7.1 or 7.5 of the Plan, a Participant may elect on or before December 31, 2008, the time or form of payment of amounts subject to Section 409A of the Code provided that such election applies only to amounts that would not otherwise be payable in the year of the election and does not cause an amount to be paid in the year of the election that would not otherwise be payable in such year.

**A. O. SMITH CORPORATION  
EXECUTIVE SUPPLEMENTAL PENSION PLAN**

**AS AMENDED AND RESTATED  
EFFECTIVE JANUARY 1, 2009**

**Section 1. Purpose**

The purpose of this Plan is to provide a pension plan supplement for certain key executives of the Company. This Plan, which was originally effective January 1, 2001, applies only to Executives who are in active employment with the Company or an Affiliate on or after such date.

This Plan is amended and restated effective January 1, 2009, to comply with the final regulations promulgated under Section 409A of the Internal Revenue Code.

**Section 2. Definitions**

(a) “**Affiliate**” means each entity that, along with the Company, constitutes a controlled group of corporation or groups of businesses under common control within the meaning of Code Sections 414(b) and (c).

(b) “**Annuity Factor**” means the factor provided by an insurance company that would be applied to determine the single sum amount needed to purchase a commercial annuity that will provide an amount equal to the Monthly Benefit Amount.

(c) “**Applicable Interest Rate**” means the rate determined by multiplying (i) the Lehman Total Corporate Index rate for the close of business immediately prior to the date of payment as reported in *The Wall Street Journal* by (ii) one minus the aggregate of the highest marginal federal, state and local income tax rates applicable to the Participant, based on the Participant’s primary residence at the time the benefit is being determined.

(d) “**Average Monthly Earnings**” means the monthly average of the Executive’s Earnings for any of the five (5) Plan Years (of the most recent (10) Plan Years prior to Separation from Service) in which the greatest Earnings were received.

(e) “**Beneficiary**” means the beneficiary(ies) named by the Executive to receive death benefits under the split-dollar life insurance policy maintained on the Executive’s life and either owned by the Company or in which the Company has an interest.

(f) “**Code**” means the Internal Revenue Code of 1986, as amended from time to time.

(g) “**Company**” means A. O. Smith Corporation.

(h) “**Committee**” means the Personnel and Compensation Committee of the Board of Directors of the Company.

(i) “**Early Retirement Age**” means earlier of: (i) the Executive’s attainment of age 57 and ten (10) Years of Service: or (ii) the date the Executive attains thirty (30) Years of Service.

(j) “**Earnings**” shall mean the total of all wages, salaries, commissions and bonuses paid to the Executive by the Company or a Participating Affiliate, including any deferred compensation or salary reduction amounts pursuant to Section 125 and 401(k) of the Internal Revenue Code or any non-qualified deferred compensation arrangement, but excluding payments made under any long-term performance bonus plan and with respect to any restricted stock units.

(k) “**Executive**” means an Executive of the Company or a Participating Affiliate with a position which is assigned Grade 23 or above and who is entitled to a deferred vested or retirement benefit in the Pension Plan.

(l) “**Normal Retirement Age**” means:

- (1) age 65 for a Participant born before January 1, 1938;
- (2) age 66 for a Participant born on or after January 1, 1938 and prior to December 31, 1954; and
- (3) age 67 for a Participant born on or after January 1, 1955.

(m) “**Participating Affiliate**” means an Affiliate which has been designated as being eligible to participate in the Plan by the Committee.

(n) “**Pension Plan**” means the A. O. Smith Retirement Plan for Salaried Employees.

(o) “**Plan Year**” means the calendar year.

(p) “**Separation from Service**” means a “separation from service” within the meaning of Section 409A of the Code.

(q) “**Special Early Retirement Age**” means:

- (1) age 62 for a Participant born before January 1, 1938;
- (2) age 63 for a Participant born on or after January 1, 1938 and prior to December 31, 1954; and
- (3) age 64 for a Participant born on or after January 1, 1955.

(r) “**Years of Service**” has the same meaning as years of “Vesting Service” under the Pension Plan.

### **Section 3. Pension Plan Supplement**

(a) **Entitlement.** An Executive shall be entitled to receive a lump sum payment (the “Single Sum Pension Plan Supplement”) from the Company under this Plan if he terminates employment with the Company and its Affiliates on or after completion of five (5) Years of Service.

(b) **Normal Retirement or Special Early Retirement Benefit.** If an Executive described in subsection (a) terminates employment from the Company and its Affiliates on or after his Normal Retirement Age, or on or after his Special Early Retirement Age and completion of ten (10) Years of Service, then the amount of the Executive’s Single Sum Pension Plan Supplement shall be determined as follows:

- (1) First, calculate a monthly amount payable in a single life annuity form (assuming benefits commence immediately on the date of the Executive’s termination of employment) equal to:
  - (A) 1.65% of the Executive’s Average Monthly Earnings multiplied by the number of years of Credited Service (as defined in the Pension Plan), but not more than forty (40) years;
  - (B) minus the total monthly retirement benefit actually payable to the Executive from the Pension Plan as of the Executive’s date of termination of employment (the result, the “Monthly Benefit Amount”);
  - (C) minus the federal, state and local income and employment taxes that would be owed by the Executive on the Monthly Benefit Amount, calculated assuming the Executive pays taxes at the highest marginal tax rates for federal, state and local income tax purposes, based on the location of the Executive’s primary residence at the time of his termination of employment (the result, the “After-Tax Monthly Benefit Amount”);
- (2) Second, multiply the After-Tax Monthly Benefit Amount by the Annuity Factor for an immediately commencing annuity (the result, the “Single Sum Amount”);
- (3) Third, determine an additional amount such that the net amount retained by the Executive, after payment of any federal, state or local income tax or employment tax with respect to the Single Sum Amount, and any federal, state and local income tax or employment tax upon the payment provided for by this clause, is equal to the Single Sum Amount (the “Gross-Up Amount”). For purposes of determining the Gross-Up Amount, the Company shall use the

highest marginal rate of federal income and employment taxation in the calendar year in which the Executive's termination of employment occurs and state and local income taxes at the highest marginal rate of taxation in the state and locality of the Executive's primary residence on the date of Executive's termination of employment, net of the maximum reduction in federal income taxes that may be obtained from the deduction of such state and local taxes in such year;

- (4) Fourth, add the Single Sum Amount and the Gross-Up Amount to determine the Single Sum Pension Plan Supplement; and
- (5) Fifth, the Single Sum Pension Plan Supplement payable to the Executive shall be reduced by the cash surrender value (determined as of the date immediately prior to payment under Subsection (e)) of any pre-retirement, collateral assignment, split-dollar life insurance policies issued to the Executive under the A. O. Smith Corporation Executive Life Insurance Plan prior to August 1, 2002.

(c) Early Retirement Benefit. If an Executive described in subsection (a) terminates employment on or after his Early Retirement Age, at a time when he is not eligible for the benefit described in subsection (b), then the amount of the Single Sum Pension Plan Supplement shall be determined as follows:

- (1) First, calculate a monthly amount payable in a single life annuity form (assuming benefits commence at the Executive's Special Early Retirement Age) equal to:
  - (A) 1.65% of the Executive's Average Monthly Earnings multiplied by the number of years of Credited Service (as defined in the Pension Plan), but not more than forty (40) years;
  - (B) minus the total monthly retirement benefit actually payable to the Executive from the Pension Plan as of the Executive's Special Early Retirement Age (the result, the "Monthly Benefit Amount");
  - (C) minus the federal, state and local income and employment taxes that would be owed by the Executive on the Monthly Benefit Amount, calculated assuming the Executive pays taxes at the highest marginal tax rates for federal, state and local income tax purposes, based on the location of the Executive's primary residence at the time of his termination of employment (the result, the "After-Tax Monthly Benefit Amount");

- (2) Second, multiply the After-Tax Monthly Benefit Amount by the Annuity Factor for an annuity that commences benefit payments at the Executive's Special Early Retirement Age (the result, the "Single Sum Amount");
- (3) Third, determine the present value of the Single Sum Amount (assuming the Single Sum Amount is payable at the Executive's Special Early Retirement Age) using the Applicable Interest Rate, as of the Executive's date of termination of employment;
- (4) Fourth, determine an additional amount such that the net amount retained by the Executive, after payment of any federal, state or local income tax or employment tax with respect to the Single Sum Amount, and any federal, state and local income tax or employment tax upon the payment provided for by this clause, is equal to the Single Sum Amount (the "Gross-Up Amount"). For purposes of determining the Gross-Up Amount, the Company shall use the highest marginal rate of federal income and employment taxation in the calendar year in which the Executive's termination of employment occurs and state and local income taxes at the highest marginal rate of taxation in the state and locality of the Executive's primary residence on the date of Executive's termination of employment, net of the maximum reduction in federal income taxes that may be obtained from the deduction of such state and local taxes in such year;
- (5) Fifth, add the Single Sum Amount and the Gross-Up Amount to determine the Single Sum Pension Plan Supplement; and
- (6) Sixth, the Single Sum Pension Plan Supplement payable to the Executive shall be reduced by the cash surrender value (determined as of the date immediately prior to payment under Subsection (e)) of any pre-retirement, collateral assignment, split-dollar life insurance policies issued to the Executive under the A. O. Smith Corporation Executive Life Insurance Plan prior to August 1, 2002.

(d) Other Termination Benefit. If an Executive described in subsection (a) terminates employment from the Company and its Affiliates prior to his Early Retirement Age, then the amount of the Single Sum Pension Plan Supplement shall be determined as follows:

- (1) First, calculate a monthly amount payable in a single life annuity form (assuming benefits commence at the Executive's Normal Retirement Age) equal to:
  - (A) 1.65% of the Executive's Average Monthly Earnings multiplied by the number of years of Credited Service (as defined in the Pension Plan), but not more than forty (40) years;

- (B) minus the total monthly retirement benefit actually payable to the Executive from the Pension Plan as of the Executive's Normal Retirement Age (the result, the "Monthly Benefit Amount");
  - (C) minus the federal, state and local income and employment taxes that would be owed by the Executive on the Monthly Benefit Amount, calculated assuming the Executive pays taxes at the highest marginal tax rates for federal, state and local income tax purposes, based on the location of the Executive's primary residence at the time of his termination of employment (the result, the "After-Tax Monthly Benefit Amount");
- (2) Second, multiply the After-Tax Monthly Benefit Amount by the Annuity Factor for an annuity that commences benefit payments at the Executive's Normal Retirement Age (the result, the "Single Sum Amount");
  - (3) Third, determine the present value of the Single Sum Amount (assuming the Single Sum Amount is payable at the Executive's Normal Retirement Age) using the Applicable Interest Rate, as of the date of the Executive's termination of employment;
  - (4) Fourth, determine an additional amount such that the net amount retained by the Executive, after payment of any federal, state or local income tax or employment tax with respect to the Single Sum Amount, and any federal, state and local income tax or employment tax upon the payment provided for by this clause, is equal to the Single Sum Amount (the "Gross-Up Amount"). For purposes of determining the Gross-Up Amount, the Company shall use the highest marginal rate of federal income and employment taxation in the calendar year in which the Executive's termination of employment occurs and state and local income taxes at the highest marginal rate of taxation in the state and locality of the Executive's primary residence on the date of Executive's termination of employment, net of the maximum reduction in federal income taxes that may be obtained from the deduction of such state and local taxes in such year;

- (5) Fifth, add the Single Sum Amount and the Gross-Up Amount to determine the Single Sum Pension Plan Supplement; and
- (6) Sixth, the Single Sum Pension Plan Supplement payable to the Executive shall be reduced by the cash surrender value (determined as of the date immediately prior to payment under Subsection (e)) of any pre-retirement, collateral assignment, split-dollar life insurance policies issued to the Executive under the A. O. Smith Corporation Executive Life Insurance Plan prior to August 1, 2002.

(e) Timing and Form of Payment. The Single Sum Pension Plan Supplement shall be paid to the Executive on the first day of the seventh month following the month in which the Executive's Separation from Service occurs. Payment shall be made in: (i) cash; (ii) by the transfer of any endorsement split-dollar life insurance policies on the Executive's life (which shall be deemed to have a value equal to the cash surrender value that Executive is entitled to receive under such policy on the date of transfer); (iii) the release of the Company's premium interest in any collateral assignment, split-dollar life insurance policies issued to the Executive under the A. O. Smith Corporation Executive Life Insurance Plan prior to August 1, 2002; or (iv) any combination of (i), (ii) or (iii) as the Company determines in its sole discretion.

(f) Death Benefit. In no event shall a benefit be paid under this Plan if an Executive dies while in the employment of the Company. If the Executive dies after Separation from Service and prior to the date the Single Sum Pension Payment is paid, the Company shall pay to the Executive's Beneficiary, as soon as practicable but no later than ninety (90) days following the Executive's death, a single sum amount equal to the Single Sum Pension Supplement reduced by the death benefits, if any, payable to Executive's Beneficiary under a split-dollar life insurance policy on Executive's life. In the event of the death of the Beneficiary prior to receipt of the death benefit described hereinabove, such death benefit shall be paid to the Beneficiary's estate.

#### **Section 4. Unfunded Plan**

The rights of the Executive or Beneficiary under the Plan shall be solely those of an unsecured creditor of the Company. The Company shall not be required to set aside any assets with respect to the Plan and any assets actually held by the Company with reference to the Plan shall be the sole property of the Company. Neither the Executive nor an Executive's beneficiaries, heirs, legal representatives, or assigns shall have ownership rights of any nature with respect to any assets set aside for the Plan, unless and until such time as such assets are paid over and transferred to the Executive or the Beneficiary under the terms of the Plan.

#### **Section 5. Non-Alienation of Benefits**

Neither an Executive nor his Beneficiary shall have the power to transfer, assign, anticipate or otherwise encumber in advance the payments provided in this Plan; nor shall any of said payments, nor any assets or funds of the Company or any Affiliate be subject to seizure for the payment of any of the Executive's or his Beneficiary's judgments, alimony or separate maintenance or be reached or transferred by operation of law in the event of the bankruptcy or insolvency of the Executive or any Beneficiary.

## **Section 6. Administration**

The Committee shall have all such powers that may be necessary to carry out the provisions of the Plan, including without limitation, the discretionary power and authority to delegate administrative matters to other persons, to construe and interpret the Plan, to adopt and revise rules, regulations and forms relating to and consistent with the Plan's terms, to select the actuarial factors to be used, to make all other benefit determinations, and to make any other determination which it deems necessary or advisable for the implementation and administration of the Plan. Subject to the foregoing, all decisions and determinations by the Committee shall be final, binding and conclusive as to all parties, including without limitation any Executive, any Beneficiary and all other employees and persons, unless arbitrary and capricious.

## **Section 7. Appeals Procedures**

(a) If an Executive or Beneficiary believes he is entitled to a benefit hereunder that was not provided, the Executive or Beneficiary (hereinafter referred to as the "claimant") shall file a written claim for such benefit with the Committee no later than one year after the claimed benefit would have initially been due and payable. If for any reason a claim for benefits under this Plan is denied by the Committee, the Committee shall deliver to the claimant a written explanation setting forth the specific reasons for the denial, pertinent references to the section of the Plan on which the denial is based, a description of such other data as may be pertinent to the claim review, and information on the procedures to be followed by the claimant in obtaining a review of his claim and his right to file a civil suit pursuant to ERISA section 502, all written in a manner calculated to be understood by the claimant. For this purpose, the claimant's claim shall be deemed filed when presented in writing to the Committee, and the Committee's explanation shall be in writing delivered to the claimant within ninety (90) days of the date the claim is filed.

(b) The claimant shall have sixty (60) days following his receipt of the denial of the claim to file with the Committee a written request for review of the denial. For such review, the claimant or his representative may review pertinent documents and submit written issues and comments. The Committee shall decide the issue on review and furnish the claimant with a copy of its decision within sixty (60) days of receipt of the claimant's request for review of his claim. The decision on review shall be final and binding and in writing and shall include specific reasons for the decision, written in a manner calculated to be understood by the claimant, as well as specific references to the pertinent provisions of the Plan on which the decision is based, a statement that the claimant is entitled to receive copies of, or access to, pertinent documents, and a statement that the claimant is entitled to bring an action under ERISA section 502. If a copy of the decision is not so furnished to the claimant within such sixty (60) days, the claim shall be deemed denied on review.

## **Section 8. Limitation of Rights Against the Company**

Participation in this Plan, or any modifications thereof, or the payments of any benefits hereunder, shall not be construed as giving to any Executive any right to be retained in the service of the Company or any Affiliate, limiting in any way the right of the

Company or any Affiliate to terminate such Executive's employment at any time, evidencing any agreement or understanding, express or implied, that the Company or any Affiliate will employ such Executive in any particular position or at any particular rate of compensation and/or guaranteeing such Executive any right to receive any other form or amount of remuneration from the Company or any Affiliate.

#### **Section 9. Construction**

The Plan shall be construed, administered and governed in all respects under and by the laws of the State of Wisconsin, without reference to conflict of law principles thereof. Wherever any words are used herein in the masculine, they shall be construed as though they were used in the feminine for all cases where they would so apply; and wherever any words are used herein in the singular or the plural, they shall be construed as though they were used in the plural or the singular, as the case may be, in all cases where they would so apply. The words "hereof", "herein" and "hereunder" and other similar compounds of the word "here" shall mean and refer to this entire document and not to any particular paragraph.

#### **Section 10. Amendment or Termination of the Plan**

The Committee shall have the right to amend, modify, terminate or discontinue the Plan at any time; and such action shall be final, binding and conclusive as to all parties, including any Executive, any Beneficiary thereof and all other executives and persons. Notwithstanding the foregoing, any such Committee action to terminate or discontinue the Plan or to change the payment amounts or the time and manner of payment thereof as then provided in the Plan shall not be effective and operative with respect to benefits accrued as of such date, unless and until written consent thereto is obtained from each Executive affected by such action or, if any such Executive is not then living, from the Beneficiary thereof; provided that no consent is needed of any Executive or Beneficiary for any amendment to the Plan (including amendments that affect the time and manner of payment) that the Committee deems necessary or desirable for the Plan to comply with Section 409A of the Internal Revenue Code.

(a) Upon termination of the Plan, the Committee may authorize the distribution of the Single Sum Pension Plan Supplement in a lump sum (calculated in the same manner as described in Section 3 as if the Participant's termination of employment occurred on the date of the Plan's termination), only in the circumstances permitted by Code Section 409A and the regulations promulgated thereunder.

#### **Section 11. Withholding**

The Company shall have the right to deduct from any payment made hereunder, or from any other amount due an Executive, the amount necessary to satisfy the Company's or Affiliate's foreign, federal, state or local income tax withholding obligations with respect to the accrual or vesting of any amount, or the payment of any benefit, hereunder. In addition, if prior to the date of payment of any amount hereunder, the Federal Insurance Contributions Act (FICA) tax imposed under Code Sections 3101, 3121(a) and 3121(v)(2), where applicable, becomes due, the Participant's Single Sum Pension Plan Supplement shall be reduced by the amount needed to pay the Participant's portion of such tax, plus an amount equal to the withholding taxes due under federal, state or local law

resulting from the payment of such FICA tax, and an additional amount to pay the additional income tax at source on wages attributable to the pyramiding of the Code Section 3401 wages and taxes, but no greater than the aggregate of the FICA tax amount and the income tax withholding related to such FICA tax amount.

**Section 12. Relationship to Employment Agreements**

Except as otherwise expressly provided herein, the Plan does not affect the rights of the Executive under any employment or other compensation agreement with the Company or an Affiliate covering an Executive.

**Section 13. Successors and Assigns**

The terms and conditions of the Plan, as amended and in effect from time to time, shall be binding upon the successors and assigns of the Company, including without limitation any entity into which the Company may be merged or with which the Company may be consolidated.

**IN WITNESS WHEREOF**, this Plan has been executed by the Company on this 18<sup>th</sup> day of December, 2008.

**A. O. Smith Corporation**

By: /s/ Mark A. Petrarca

Mark A. Petrarca  
Senior Vice President of Human Resources and Public  
Affairs

ADDENDUM  
SPECIAL RULES FOR CERTAIN PARTICIPANTS

1. From January 1, 2005 the Plan was operated in good faith compliance with Code Section 409A. Notwithstanding the provisions of the Plan during such time period the following individuals received a combination of a lump sum and an annuity form of payment:
  - Robert J. O'Toole
  - Albert E. Medice
  - Charles J. Bishop
  - W. David Romoser
  - Ronald E. Massa
  
2. Notwithstanding the provisions of the Plan in effect on January 1, 2009. Michael J. Cole will receive his benefit in the following manner:
  - A. The portion of his accrued benefit based on 50% of his annual incentive compensation in the calculation of Earnings shall be paid in the form of a life annuity commencing as of his retirement date except that the portion of the monthly annuity payment accrued on or after January 1, 2005 shall be subtracted from the first six monthly payments and paid to him in a lump sum (without interest) with his seventh month payment. Thereafter, the full monthly annuity payment shall be made to him for his lifetime.
  - B. The balance of Mr. Cole's accrued benefit under the Plan shall be paid in a Single Sum Pension Supplement calculated pursuant to Section 3(b) of the Plan and paid to him as provided in Section 3(e).

February 25, 2009

Mr. Ajita G. Rajendra  
President  
A. O. Smith Water Products Company,  
a division of A. O. Smith Corporation  
500 Tennessee Waltz Pkwy  
Ashland City, TN 37015-1299

Re: Amendment to Offer Letter

Dear Ajita:

This letter confirms our agreement to amend your offer letter dated September 20, 2004 ("Offer Letter") with respect to your pension supplement. To resolve an open issue dating back to your date of hire related to pension forfeited at your former company, the following replaces item 4, Pension Supplement, in your Offer Letter:

4. Pension Supplement. With completion of 10 years of service with A. O. Smith, you will be eligible for an \$85,000/year supplement paid as a straight life annuity commencing with your retirement from A. O. Smith.

If you have any questions about this, please feel free to contact me.

Best Regards,

/s/ Mark A. Petrarca

**A. O. SMITH CORPORATION  
INCENTIVE COMPENSATION AWARD AGREEMENT  
FOR 2008**

**THIS AGREEMENT**, made and entered into this 5<sup>th</sup> day of November, 2008 by and between A. O. Smith Corporation (hereinafter called the "Company") and **Paul W. Jones** (hereinafter called "Executive");

**W I T N E S S E T H :**

**WHEREAS**, the Board of Directors of the Company has adopted the A. O. Smith Corporation Combined Incentive Compensation Plan, as amended January 1, 2007, (hereinafter called the "Plan") which is administered by the Personnel and Compensation Committee of the Board of Directors (hereinafter called the "Committee");

**WHEREAS**, the Executive, upon the terms and conditions herein set forth, will be a participant for the fiscal year of the Company commencing January 1, 2008, (hereinafter called the "Plan Year") under the Plan, the terms and conditions of which Plan are incorporated herein by reference;

**WHEREAS**, this Agreement constitutes a separate contract such as is provided for in the Plan;

**NOW, THEREFORE**, in consideration of the payments herein provided, and of the covenants and agreements herein set forth, the parties hereby mutually covenant and agree as follows:

- I. Employment. Executive agrees to remain in the employ of the Company for the entire Plan Year, but it is understood that the Executive's employment may be terminated at any time by the Company.

II. Award. The Company, subject to the limitations of the Plan, shall provide the Executive the following additional Stock Option Award for 2008 subject to the conditions set forth in the Plan.

A. Stock Option

- (i) The Company grants the Executive a Non-Qualified Stock Option to purchase from the Company an aggregate amount of 41,100 Shares of the common stock of the Company, authorized and unissued or, at the discretion of the Company, treasury stock if available.
- (ii) The price to be paid for the Shares upon exercise of this option shall be \$32.01 per Share which is equal to the average of the high and low sales price of the Shares on the New York Stock Exchange on the grant date of November 5, 2008.
- (iii) This option is exercisable as follows:
  - a) 13,700 Shares become exercisable on November 5, 2009.
  - b) 13,700 Shares become exercisable on November 5, 2010.
  - c) 13,700 Shares become exercisable on November 5, 2011.
- (iv) The right to exercise the option expires on November 5, 2018.
- (v) Except as provided below, this option may only be exercised by the Executive while in the employ of the Company.
- (vi) This option may be exercised only by written notice served by the Executive upon the Secretary of the Company at its office at Milwaukee, Wisconsin, specifying the number of Shares in respect to which this option is being exercised, accompanied by payment for such Shares in such form as the Company may deem acceptable. Such Shares upon payment of the purchase price shall be fully paid and non-assessable.
- (vii) This option shall not be transferable by the Executive otherwise than by will or the laws of descent and distribution, and may be exercised, during the life of the Executive, only by the Executive.
- (viii) This option shall be subject to the following events and shall be disposed of, or acted upon, in the manner set forth below:
  - a) If the Executive ceases to be an employee of the Company for any reason other than disability, retirement, death, or involuntary termination due to the sale of an operating unit, then this option shall terminate;

- b) If the Executive ceases to be an employee of the Company by reason of disability or retirement, then this option shall terminate at the earlier of five (5) years from the date of termination of employment or November 5, 2018;
  - c) If the Executive ceases to be an employee of the Company by reason of death or involuntary termination due to the sale of an operating unit, then this option shall terminate at the earlier of one (1) year from the date of death or involuntary separation or November 5, 2018.
- (ix) Executive agrees on behalf of Executive, and the heirs, legatees, and legal representatives of Executive, with respect to all Shares (or any Shares of the Company's Common Stock issued pursuant to a stock dividend or stock split thereon or any securities issued in lieu thereof or in substitution or exchange therefor), that Executive, and the heirs, legatees, and legal representatives of Executive, will comply with such restrictions as may be necessary to satisfy the requirements of the Securities Act of 1933.
  - (x) Executive shall not be deemed for any purposes to be a stockholder of the Company with respect to any of the Shares except to the extent that this option shall have been exercised with respect thereto and a stock certificate issued therefor.
  - (xi) The existence of this option shall not affect in any way the right or power of the Company or its stockholders to make or authorize any or all adjustments, recapitalizations, reorganizations or other changes in the Company's capital structure or its business, or any merger or consolidation of the Company, or any issue of bonds, debentures, preferred or prior preference stock of, or affecting the common stock of, the Company or the rights thereof, or dissolution or liquidation of the Company, or any sale or transfer of all or part of its assets or business, or any other Corporate act or proceeding, whether of a similar character or otherwise.

III. Beneficiary. In accordance with the Plan, the Executive, by completing and signing a "Designation of Beneficiary" shall have the right to designate a beneficiary to receive any payment of any Award (deferred or otherwise) remaining unpaid at Executive's death, all in the manner and to the extent set forth in this Agreement. The designation may be changed at any time by written notice delivered to the Committee or its representative. If no Designation of Beneficiary is made, any Award remaining unpaid, in whole or in part, at the time of death of the Executive, shall be paid to his legal representative.

- IV. Withholding. As to any payment of Shares or cash credited or paid pursuant to this agreement, the Committee may require that the Executive or his personal representative, as the case may be, agree to any procedure necessary to enable the Company to make adequate income tax withholdings.
- V. Nonassignability. Neither Executive nor any of his beneficiaries shall have any right or power to alienate, anticipate, commute, pledge, encumber or assign any right to receive any amount which hereafter may become or at any time be due hereunder, and no attempt to effect any such alienation, anticipation, commutation, pledge, encumbrance or assignment will be recognized, honored or accepted by the Company.
- VI. Forfeiture. So long as any portion of any Award (including amounts deferred), remain unpaid or undistributed, the Executive's right to receive such amount shall be forfeited if the Executive at any time during or after his employment with the Company shall do any act, or engage directly or indirectly (whether as owner, partner, officer, employee or otherwise) in the operation or management of any business which, in the judgment of the Company, is detrimental to or in competition with the Company or any of its subsidiaries or affiliates.
- VII. Defined Terms. The terms used in this Agreement shall have the same meaning as the terms defined in the Plan.

**IN WITNESS WHEREOF**, the Company has caused this instrument to be executed by its duly authorized officer, and the Executive has hereunto affixed his hand and seal, the day and year first above written.

**CERTIFICATION OF CHIEF EXECUTIVE OFFICER**

I, Paul W. Jones, certify that:

1. I have reviewed this annual report on Form 10-K of A. O. Smith Corporation;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - d) Disclosed in this report any changes in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent function):
  - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
